Make Up Your Mind NOW

THAT YOU ARE GOING TO BUY A

GILSON

"GOES - LIKE - SIXTY"

ENGINE

For the certainty of having a correct engine; for the assurance of quality, when cheap engines are the rule; for serviceability, convenience; FOR REAL ECONOMY.

If your dealer offers you something else, there's probably more in it for him than for you. No one will offer you a better engine than ours. The Gilson Engine is worth every dollar we ask—and more. That is the reason the Gilson Engine is better value than any other. You will find cheaper engines and dearer engines but none really equal in value.

Send for Catalogue showing all styles and sizes and valuable pamphlet by Prof. Ocock, University of Wisconsin, "How to choose a Gas Engine."
