

SHORT'S

STEEL BARB WIRE

is adopted by railroads, stock raisers and farmers on account of its SUPERIOR STYLE OF BARR, which passes between two wires, then wound around both, and afterwards galvanized by a PATENT PROCESS, which prevents the bars from rusting, and consequently when an animal is punctured it will heal quickly and not fester as is the case with rusty and ragged bars.

SHORT'S STEEL BARB WIRE.

Manufactured by THE ONTARIO METALLIC SPINNING CO. WOODSTOCK, ONT.

Ayer's Hair Vigor, FOR RESTORING GRAY HAIR To its Natural Vigor and Colour.

Advancing years, as Aches, care, disappointment, and hereditary predisposition all turn the hair gray and either of them induce it to shed prematurely. Ayer's Hair Vigor, by long and extensive use, has proven that it stops the falling of the hair immediately, often renews the growth, and always surely restores its color. It stimulates the nutritive organs to health, and preserves both the hair and its beauty. The graying, weak or thin hair becomes glossy, and strengthened. Lost hair regrows with freely excreting falling hair checked and established. Thin hair thickens, and faded or gray hair resumes its original color. Its operation is sure and harmless. It cures dandruff, heals all humors, and keeps the scalp cool, clean and soft—under which conditions, diseases of the scalp are impossible. As a dressing for ladies' hair, the Vigor is prized for its grateful and agreeable perfume, and valued for the soft lustre and richness of tone it imparts. Prepared by DR. J. C. AYER & CO., Lowell, Mass., Practical and Analytical Chemists. Sold by all Druggists and Dealers in Medicine.

Restorative is put up in bottles at \$1 per bottle, for use for \$5. For further information, address CHARLES MANTLAND WINTERCORB, 144 King Street West, Toronto.

\$66 a week. Terms and \$5. Hallett & Co., Port and, Maine.

CINQUESE HAIR RENEWER

WITHOUT DOUBT THE BEST PREPARATION FOR THE HAIR. This has been the opinion of the public, for restoring it to its natural color, and making it soft and glossy. It stops the falling of the hair, removes dandruff, it cools the scalp, it restores gray hair to its original color and beauty. It is continued use, by those with bald heads, will produce a beautiful new head of hair. Every one recommends it. For sale by all druggists. Price 50cts.

SUBSTITUTES!

The public are cautioned against a custom which is growing quite common of late among a certain class of medicine dealers, and which is this: When asked for a bottle of Pain-Killer, they suddenly discover that they are "sold out," "but have another article just as good, if not better," which they will supply at the same price. The object of this deception is transparent. These substitutes are made up to sell on the great reputation of the Pain-Killer; and being compounded of the vilest and cheapest drugs, are bought by the dealer at about half what he pays for the genuine Pain-Killer, which enables him therefore to realize a few cents more profit per bottle upon the imitation article than he can on the genuine.

FOR CHOLERA MORBUS, CRAMP AND ALL SUMMER OR BOWEL COMPLAINTS PERRY DAVIS' PAIN-KILLER IS UNEQUALLED. IT CURES ALMOST INSTANTLY. The PAIN-KILLER is put up in 2 or 5 or 10 bottles retailing at 25 and 50 cents respectively.—Large bottles are therefore cheapest. SOLD BY ALL MEDICINE DEALERS.

Grand Medal at the Philadelphia Exposition. REGISTERED. VASELINE. Under the name of VASELINE, PETROLEUM IS GIVEN TO MEDICINE AND PHARMACY IN AN ABSOLUTELY PURE, HIGHLY CONCENTRATED AND UNOBJECTIONABLE SHAPE. ALL ACID, OILS, TASTE, COLOR AND OTHER IMPURITIES, WHICH HAVE HITHERTO PREVENTED THE USE OF PETROLEUM IN MEDICINE, ARE ENTIRELY ELIMINATED. VASELINE IS AS PAINLESS AND DELICIOUS TO USE AS GELATINE. For Burns, Scalds, Bruises, Chafes, Cuts, Wounds, Hemorrhoids, Piles, and all Irritations and Eruptions of the Skin. FITS

LEADING LONDON Physician Establishes an Office in New York for the Cure of Epilepsy. Dr. Ab. Meese (of London), who makes a specialty of Epilepsy, without doubt treated and cured more cases than any other living physician. His success has been astonishing: we have heard of cases of over 20 years standing, successfully cured by him. He has published a valuable work on this disease, which he sends with a large bottle of his wonderful cure free to any sufferer who may send their name and address. We advise any one wishing a cure to address Dr. AB. MESE KOLE, No. 65 John Street, New York.

ASK YOU TO TEST for a trial bottle of Burdock Blood Purifier, which only cost you 20 cents, and a few days will prove its efficiency as a health restorative, tonic-regulator of the bowels, liver, and kidneys. It is a specific for all diseases arising from impure blood and disordered secretions.

SEEDS

My Illustrated Catalogue of 1887 will be mailed gratis to all who send for application... Wm. B. Ferry & Co., Toronto, Canada.

Wm. B. Ferry & Co. Will be mailed gratis to all who send for application... D. M. Ferry & Co., Detroit, Mich.

If you suffer from any chronic disease arising from impure blood, sluggish liver, disordered kidneys, or inactivity of the bowels; if your nervous system is debilitated from whatever cause arising, do not despair, but procure a trial bottle of Burdock Blood Purifier; it will only cost 20 cents. Large bottles, \$1.00. For sale by all medicine dealers.

Scientific and Useful.

HEADACHE.—When the first symptoms of a headache appear, take a teaspoonful of lemon juice clear fifteen minutes before a meal, and the same dose at bedtime. Follow this up until all symptoms are past, using no other remedies, and you will soon be able to go free from your unwelcome nuisance. Many will object to this because it is too simple, but I have made many cures in this way.—Dr. Haire.

MILK TOAST.—Cut your bread thick, about three-quarters of an inch, allowing a slice for each person; toast it quick before a bright fire to a rich brown; dip lightly in boiling water; butter each slice and pile it in the bowl it is to be served in for five persons take a quart of milk, with a teaspoonful of salt, and when the full boil, add a heaping tablespoonful of butter, creamed with a light one flour; stir the milk until it is as thick as cream; pour over the toast and serve immediately.

BAKED TOMATOES.—Six medium-size tomatoes sliced, one onion sliced, two slices of bread cut into small pieces; cover the bottom of the pan with pieces of the bread above this put a layer of the tomatoes and a few slices of onion, then again bread, tomatoes, and onion, until all the material is used; over all spread two tablespoonfuls of butter, and dredge salt and pepper just before setting in oven add a half-cupful of boiling water; bake in a brisk oven one hour. This is a capital dish, much liked but not widely known.

BAKED HAM.—As a ham for baking should be well soaked, let it remain in water for about twelve hours; wipe it dry, and away any rusty places underneath, and cover it with a common crust, taking care that this is of sufficient thickness all over to keep the gravy in; place in a moderately heated oven and bake for nearly four hours; take off the crust and skin, and cover with raspings, the same as for boiled ham, and garnish the knuckle with a paper frill. This method of cooking a ham is by many persons considered far superior to boiling it, as it cuts fuller a gravy, and has a finer flavour, besides keeping a much longer time good.

IRONING LACES, MUSLINS, AND SILKS.—Fine soft articles, such as need no polishing as lace and muslins, should be ironed on a soft ironing-blanket. All such articles, after a careful sprinkling, must be rolled up smoothly, and unrolled, one at a time. Laces, of course, are to be carefully brought into shape, and all the edge or pulling pulled out new. In ironing silks, cover them over with paper or fine cotton, and use only a moderately heated iron, taking great care that the iron does not touch the silk at all, or it will make the silk look glossy and show that it has been ironed. Any white article if scorched slightly, can be part restored, so far as looks go; but any scorching injures the fabric.

BOILING WATER IN PAPER.—"Nature" is publishing a series of attractive articles on "Physics without Apparatus." In the latest number are given experiments for boiling water and melting lead on a piece of paper. Take a piece of paper and fold it up, as schoolboys do, into a square box without a lid. Hang this up to a walking-stick by four threads, and support the stick upon hooks or other convenient props. Then a lamp or taper must be placed under the dainty cauldron. In a few minutes the water will boil. The only fear is lest the threads should catch fire, and let the water spill into the lamp and over the table. The flame must therefore not be too large. The paper does not burn, because it is wet; and even if it resisted the wet, it still would not burn through, because the heat imparted to it on one side by the flame would be very rapidly conducted away by the water on the other. Another experiment of a similar nature, but perhaps even more striking, is as follows: Twist up the edges of a common playing-card, or other bit of cardboard, so as to fashion it into a light tray. On this tray place a layer of small shot or bits of lead, and heat it over the flame of a lamp. The lead will melt, but the card will not burn. It may be charred a little around the edges, but immediately below the lead it will not be burned: for here again the lead conducts of the heat on one side, as fast as it is supplied on the other.

Do not let prejudice stand in the way of relief if you suffer from any lingering disease. Burdock Blood Purifier cures others, why should it not benefit you? It is a specific for all forms of Blood, Liver, and Kidney Complaints, Nervous Headaches, General Debility, Spindling, and all diseases of the Secretory system. Trial Bottles to Cent.
