

The rates for Provincial messages range from 15 to 25 cents for 10 words, exclusive of address and signature, which are free of charge. The Montreal and Dominion companies have the greatest number of miles of wire, and their charges do not exceed 25 cts. for 10 words, and one cent for each additional word for any distance over their own lines within the Dominion. In cases where messages require also to pass over the lines of other Companies, domestic or foreign, en route, the amount payable to such Companies for the service is added.

The Telegraph Companies doing business in Canada are the Montreal having lines through Ontario, Quebec, and part of New Brunswick, with 2,500 miles of wire, and 1,276 offices for the receipt and despatch of messages in Canada. The Dominion having lines through Ontario and Quebec, and from Pictou to Torbay, in Nova Scotia, connecting with the Direct Cable Company to Europe, with 6,712 miles of wire in Canada and 352 offices. The Western Union in Nova Scotia, part of New Brunswick and British Columbia. The Anglo American in Cape Breton and Prince Edward Island, and the North Western in Manitoba. Of these three last named companies no definite information is available at present, but the miles of wire and number of offices maintained in Canada are small in proportion to those possessed by the Montreal and Dominion Companies, which in fact perform the bulk of the telegraphic business of the country.

The Canadian companies have direct connections with the Atlantic cables by which messages may be sent Europe at a reasonable charge.

The Government has also commenced the construction of a line between Fort William, Lake Superior, and Fort Garry in Manitoba, with a view to its extension westward and ultimate connection between Ottawa the Capital of the Dominion, and all the Provinces over wires owned and operated in Canada.

This overskirt is quite different from any other, though very simple and graceful; the sash, or panter back effect is produced by the novel way of draping it, and though it has the appearance of a separate part, it is all one thing, and one of its chief attractions is its convenient stripe for making over by any other pattern. It is intended for any kind of goods, and will be a great favorite for wash materials the coming summer. Paris houses are now using it for their model in preparing suits for the spring season.

Price of Pattern with Cloth Model, 50 Cents, Mailed
