#### The Lumber Trade.

Mr. McArthur is getting out 100,-000 ties at Lake Winnipegosis for the Southeastern railway.

Minneapolis mills are still idle on account of the low water, which has delayed the arrival of logs. It is not expected there will be any logs down before two weeks.

The Minneapolis Lumberman says: The demand for red cedar shingles is about as it was a week ago. "A" shingles are selling at an average price of about \$2.10 to \$2.15 per thousand, and though it is expected that there will be an increase in price before the end of the month the light

demand at the present time is not sufficient to warrant an increase just now. The demand for fir lumber is increasing dally, and prices are about at the top noteh.

The Commercial was slightly in eror last week in saying that the original tender of Dick. Banning & Co. was accepted by the Winnipeg eity hoard of works for the supply of lumber for the current year. A new tender was put in by the firm named on the count of the proposition of the county of the supply of the county of the supply of the county named, on the second call for tenders, but it was the same on everything except an advance of 25 cents on one size of dimension. The figures of the different tonders were given correctly last week.

#### Grocery Trade Notes.

A Toronto report says: Orders for foreign granulated sugars are again beginning to be placed a little more freely by wholesalers.

Advices from Italy state that the cost of making macaroni has greatly increased, owing to the large advance In wheat. Some of the makers, it was reported, had withdrawn from the market.

Quotations for new pack lobsters have been received at Montreal. Talls are quoted at \$9.75; flats, \$10.75. This is a dollar higher than the opening quotation of last year.

The rice mill at Montreal has advanced rice prices to the grocers to \$3.30 for Standard B in 1,000 bag lots, the grocers' guild there has so far not increased its list quotations. There are only three grades of fancy rice offering through the mill, instead of the customary seven grades, and it is not expected that this will improve for a month to come.

The race market is very strong everywhere owing to light supplies. The high price of wheat also has an influence on rice prices. The New York Commercial says that Java would cost 5c laid down there, there. widel is the lowest price anything is obtainable for. The Japan crop is said to be even shorter than earlier reports indicated and prices have advanced in Japan.

### Dry Goods Trade.

Silks are very firm at a considerable advance in values. But silks are showing very much better values than formerly for the money, so that the consumer does not now notice the advance.

Bradstreets says of trade in the United States: About the only ac-tivity noted is in bunting and flags. Worsted bunting is in active demand and the price has advanced sharply, while mills which are able to turn their machinery onto these goods are making a good thing. Cotton fabrics, as a whole, are quiet, the cold weather being depressing to business.

# Tenders.

Winnipeg city committee of works is calling for tenders for the supply of a 30-horse power portable engine.

Tenders are called for the erection a three-storey solid brick hotel building of 35 bedrooms at Moose Jaw,
