Now several weeks previous to ag in search of the needful, we had given notices Church Times of our intention, and after travel, hundred had s and more, it was not, it may be ided, with very pleasurable feelings, that we listen axeuses for further delay from individuals who cals one, two, or three years' subscription already. could to have been prepared to meet our den but tiose who did not do so t'em, should have bein premisa as a sacred obligation, and ere this source reneem de-It is now but a short time to itd of the year, and we trust we shall not agen becase to ad-vert to the subject of the plats. We con-clude these observations up a estern tone, by the remark, that he subscription has paper is not a so large or productle that we control have one bad subserder, or one who does not be to be punctual in his payment, and it have some to who is lumself conscious of an itaira ty a d scription, we hope he will redeem his chara t try to supply his place by a better man.

Another instance of tape worm cured by the USS of DR. M'LANE'S CELEBRATED VERMIFUGE NEW YORK, October 15, 1852.

C7 This is to certify that I was troubled with a tape worm for more than six months. I tried all the known remedies for this dreadful affiliation, but without being able to destroy it I got one of Dr. M'Lane's Almanaes, which contained notices of several wonderful cures that had been performed by his celebrated Vermifuge. I resolved to try it, and immediately purchased a bottle, which I took according to directions, and the result was, I discharged
