

admit failure and leave. Will the people of China, who had learned this lesson in 1946 and later gained victory, fall into such trap today? No, the old trick of General Marshall will not work again in the United Nations.

"4" Moreover, the present issues are definitely not confined to the Korean problem. While the United States Government was engineering the hostilities in Korea, it despatched the Seventh Fleet to invade China's Taiwan and then bombed North-East China, fired on Chinese merchant vessels and extended its aggression in East Asia. Against all this, the Central Peoples Government of the Peoples Republic of China has repeatedly lodged charges with the United Nations. But under American domination, the majority in the United Nations has not only upheld American aggression against Korea and supported American invasion and occupation of Taiwan, and the bombing of North-East China, but also rejected the three proposals submitted by our representative on the charge against the United States for armed aggression against Taiwan, and shelved the charge of United States aggression against China made by the Delegate of the Soviet Union. Our Representative was kept waiting for a long time and until the First Committee of the United Nations General Assembly was indefinitely adjourned, he was not given a chance to speak.

This attitude which was taken by the majority of the United Nations under the domination of the Anglo-American bloc, obviously violates the United Nations Charter and its purposes. They are furthering rather than checking American aggression. They are undermining rather than defending world peace.

What particularly arouses the world's indignation is that, in spite of the fact that during the past several months the United Nations held innumerable discussions on China or on important questions concerning China, the Delegates of the Peoples Republic of China, who are the only Representatives of the four hundred and seventy-four million people of China, are still being kept out of the doors of the United Nations, whereas the Representatives of a handful of the Chiang Kai Shek reactionary remnants are still being allowed to usurp the seats of the Chinese Delegation in the United Nations. To such an extent the Chinese people have been slighted and insulted!

Therefore, the Chinese people, who, impelled by righteous indignation, have risen to volunteer in resisting the United States and helping Korea, and thus protecting their homes and defending their country, are absolutely reasonable and justified in so doing. The Chinese peoples' volunteers, who have been forced to take up arms side by side with the Korean Peoples' Army to resist the American aggressors, under the Unified Command of the Government of the Korean Democratic Peoples Republic, are fighting for their own existence, fighting to aid Korea and fighting for the peace of East Asia as well as the peace of the whole world.

"5" It must be pointed out that the proposal for a peaceful settlement of the Korean problem submitted by the majority of the Delegates of the thirteen Asian and Arabian nations was originally based on their desire for peace, and this is understandable. But they have failed to see through the whole intrigue of the United States Government in supporting the proposal for a cease-fire first and negotiations afterwards, and therefore they have not seriously considered
