CALL FOR REPUDIATION OF CANADA-U.S.S.R. FRIENDSHIP PROTOCOL—MOTION UNDER S.O. 43

Mr. Donald W. Munro (Esquimalt-Saanich): Madam Speaker, in light of the announced intention of the United States and the United Kingdom, two of Canada's partners in NATO, to apply sanctions against the U.S.S.R. for the role that country is playing in strengthening the hand of the military junta in Poland, I move, seconded by the hon. member for Edmonton North (Mr. Paproski):

That this House instructs the Prime Minister to repudiate forthwith the Canada-U.S.S.R. Friendship Protocol which he and Mr. Kosygin signed in Moscow in May, 1971, under the terms of which the two countries indicated their determination "to go on developing political and economic co-operation" and to expand "ties and exchanges in the fields of economy, trade, science, technology, culture and northern development".

CAPITAL PUNISHMENT

DEMAND FOR REINSTATEMENT—MOTION UNDER S.O. 43

Mr. Gordon Taylor (Bow River): Madam Speaker, the Liberal Party is full of bleeding hearts, and lawlessness is running rampant throughout Canada. We pay Olson, who murdered 11 innocent young people, \$90,000 and make a newspaper hero of him. A young boy was murdered in Ontario, and two young women were brutally murdered in the High River-Okotoks area, their bodies soaked in gasoline and burnt beyond recognition. A majority of Canadians want capital punishment reinstated, but the Liberals say "No". How many more have to be murdered before the government wakes up? Therefore I move, seconded by the hon. member for Peterborough (Mr. Domm):

That the House demands that the government bring in a bill to reinstate capital punishment at once, instituting punishment commensurate with the crime.

POLITICAL PARTIES

VOTING RECORD OF PROGRESSIVE CONSERVATIVE PARTY— MOTION UNDER S.O. 43

Mr. Jim Fulton (Skeena): Madam Speaker, I rise under the provisions of Standing Order 43. In view of the fact that both the Liberal and Conservative parties are now on record in support of continued high interest rates, and that Canadian workers, consumers and small businesses are suffering serious harm at the hands of the "Clark-Trudeau" coalition—

Some hon. Members: Oh, oh!

Mr. Fulton: They are getting jumpy; they do not like the facts. I move, seconded by the hon. member for Nunatsiak (Mr. Ittinuar):

That the leader of the Tory party explain its dismal voting record, in voting 20 times with the Liberals since October, while the NDP has voted 22 times with the Tories and only 13 times with the government.

Perhaps the Tories wish to purge "Joe Who" to make room for "Pierre" as the leader of the party in Canada with a room temperature IQ.

METRIC CONVERSION

COMPENSATION FOR GROCERS REVERTING TO IMPERIAL MEASUREMENT—MOTION UNDER S.O. 43

Mr. Bill Domm (Peterborough): Madam Speaker, the Metric Commission has finally seen fit to set up \$300,000 in Supplementary Estimates (C) of the Department of Industry, Trade and Commerce to reimburse the retail grocers of Peterborough for their total costs of converting back to imperial measurement in weigh scales from the metric weigh scale measurement. Therefore I move, seconded by the hon. member for Haldimand-Norfolk (Mr. Bradley):

That this government also set up sufficient funds to assist retail grocers from British Columbia to Newfoundland in their conversion back to imperial measurement, if they should experience the same difficulties with metric as grocers did in Peterborough.
