Sir,-

Before you left Ottawa you promised to give me a letter of recommendation which Major Willis O'Connor wrote to you about.

I know you have not forgotten the promise--the amount of work you have to do takes all your time, but a short note of recommendation by you would mean a great deal to me. If you could spare the time to write a few lines addressed "To Whom it may concern" I would be ever grateful to you.

I am, Sir,

Yours very truly,
