**THOUSANDS MARCH IN ANNUAL** FOR NAVAL FIGHT?

> Borden Government May Redistribute Seats, Pass Bill Again and Have Election by September.

QUEBEC. June 1 .-- (Special.)--A rather startling political item leaked out here this forenoon, to the effect namely, that the Borden Government have pretty well settled their plans consequent on the defeat of the naval bill in the senate. It is in substance to Differences Between Work- call a session of parliament within six ers and Civic Commission weeks or two months at most, to intro-duce a measure of redistribution of the Will Be Settled by Arbitra- seats in parliament (and considerable tion, and in the Meantime changes are called for) followed by a naval bill similar to the one just dethe Men Work on a Ten feated, and if the opposition refuse to pass it. to appeal to the country as relistributed by the act that would be

board, said: "I see no reason why the arbitrators to be appointed should not bring down an award that will establish a good and satisfactory working con-the girl was rendered unconscious bring down an award that will establish a good and satisfactory working con-dition for the employes, who return at once to their work." Altho this short lived strike made a clean sweep of the hydro staff outside of the executive officers, and drafts-men and engineers had to be enlisted to manage, the power stations and do the necessary outside work, there was no interruption of the service given to the public. The hydro has had stormy time lately, first the trouble over the acting managership, then the then this strike yet if it had ne been for the reports of these inside troubles, the users of hydro energy would not have known anything was amiss. The men who were out included sta-tion operators, underground men, joint-ers, electrical constructors, polemen and the trouble men, these latter men working the 24 hour shifts so that dif-ficult'es could be at once remedied. The was no easy matter to settle the differences, and the board of arbitra-tor men found the hose has twee work of a reinder the differences, and the board of arbitra-tore men down anything was a stated to the touch be at the board of arbitra-tor operators, underground men joint-set was no easy matter to settle the differences, and the board of arbitra-tor men for the board of arbitra-tors found the hose was your.

yesterday. So spontaneous and general was the interest manifested that it seemed as if the entire city had a part. Thousands lined the route of the procession, other thousands walked in the serried ranks of the army of Holy Name members, and it is estimated BY MOTOR TRUCK that between 12,000 and 15,000 crowded the grounds about St. Michael's College and took part in the final ceremonies of the demonstration. This was the third annual rally of the association in Toronto and effort

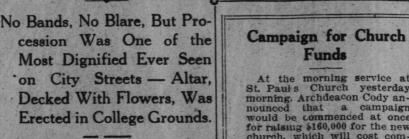

had been made to make it the grandest yet in point of numbers. In respons to the call every city parish sent out its contingent, and the country about rose to the occasion and sent repre sentatives from many quarters. Pickering, Thornhill, Richmond Hill, Mimico, Weston-all had their men in

Probably Defeated.

LONDON, June 1.-(C. A. P.)-The ydney correspondent of The Times elegraphs that altho the results in country constituencies are still incomplete, it is already certain the Labor party will return to power with a slightly reduced majority. In New South Wales the Liberals are likely to Upon the first two the government

By cashing in counterfeit tickets on Horron, the winner of the Toronto Cup race at the Woodbine on Saturday afternoon, a gang of sharpers stole nearly \$5000 from the Ontario Jockey Club. The fraud was discovered by the cashier in one of the booths where the winning \$20 tickets were paid, who noticed that an unusual number of winning tickets were being cashed. When he called the attention of some of the officials to the fact, payments from that booth were held up and the tickets were checked over. It then was found that many more tickets had been cashed than were sold at the \$20 machine before the fourth race. As there were several others in line with genuine tickets, they were paid and Premier Fisher Returns to the Pinkertons were put on the case

He Won.

without delay. Carefully Planned

The system by which the theft was worked must have been carefully planned: There are only a few men who know what number a horse will be in each race. The men who handicap the horses do not number them conse cutively, and the programs for the afternoon races are not printed until

noon on the days of the meet. Whoever had the bogus tickets printed must have bought one of the printed must have bought one of the first programs in order to get the names and numbers of the horses in the Toronto Cup race. Tickets for every horse in the race must have been printed. It was known for weeks before the races that there would be heavy betting on the Toronto Cup race on account of the class of horses entered, so that that race was chosen for the haul. If an attempt were made to cash bogps tickets on say a three or four horse race the fraud would be dis-covered very quickly, but when there were half a dozen or more horses in the race it was an easy matter to cash bogus tickets before the fraud was dis-covered.
