SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Lustrance and Abundance.

Gray hair however handsome denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhance its appearance a hundred-fold.

Thousands of folks recommend this ready-to-use preparation, because it dardens the hair beautifully and removes dandruff stops scalp itching and falling hair; besides, to one who possibly tell, as it darkens so naturally and evenly. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous and you appear years younger.
