

Exhibiting the DISCOVERIES

This historical map illustrates the global voyages of the British ships *Endeavour*, *Resolution*, and the *Second Voyage* in 1771-1775. The map is oriented with North at the top and includes latitude and longitude markings. Key geographical features and discoveries are labeled, including the Arctic Sea, North Atlantic, South Atlantic, and the Indian Ocean. The map also shows the continents of North America, South America, Europe, and Africa, as well as the British Isles and Greenland. The routes of the three voyages are marked with lines and dates, showing their paths across the Atlantic, around the Cape of Good Hope, and into the Indian Ocean. The map is titled 'Exhibiting the DISCOVERIES' at the top.

Explanation.

The *Endeavour* Track in 1770-1771
Resolution's First Voyage in 1771-1773
Resolution's Second Voyage in 1773-1775
