tive. Last night the canvassers and special subscription committee were able to report for the day a total of \$7,588,950, which brings Toronto's effort to date to \$38,952,000.

When the clans came together last night at 6.30 for the semi-weekly showdown there was a fine undercurrent of enthusiasm, as each man of each team felt that he had done his best and had a good report to show. This late..t pep was brought to a head when Frank Oldfield sang "Sons of the Sea," and the bursting cheers made the roof ring. J. W. Mitchell said that there was no doubt a differ-

British navy. He then introduced twenty-two to twenty-four million dollars from the Ottawa Valley divisions before the curtain drops."

Troller of Canada.

Mr. Hanna said as an outsider he had watched the progress of the 1918 Victory Loan campaign. He referred to the war news as "what the Huns would call a shocking change in affairs lately," and emphasized the need for passing the objective now, saying that it was just as important as it was a year ago. "I was then reveling in the position of food controller," he said, "and I was in a position to know the need." He spoke of the food situation at that time, and said that the Victory Loan of 1917 sold the food supplies from this side of the Atlantic to an extent that people here little to an extent that people here little

"There must be an increase on this side in bacon this year," he said, giv-ing a concrete example. "The United States fell short in 1917, and the Canada did well, production in both countries must be stimulated by propagan-da for 1919." He told of the financial situation that arose in 1917 thru the allied countries lacking the necessary money to buy the products here, and how the Victory Loan of 1917 had

saved the whole situation.

To Conclude the War. Well on the way to the first half of said, "For the purposes om concluding

said that there was no doubt a differ-ent feeling existed in Berlin about the morrow."

SCORE'S GUARANTEED IRISH BLUE SERGE SUITINGS.

Within a few hours Berlin will receive instructions from the allies to apply to Marshal Foch for the terms of armistice. President Wilson despatched a note yesterday to the German Government to inform it of the allied decision. The peace terms will adhere in general to the outlines laid down by the president in former declarations, but the allies reserve their own interpretation of freedom of the seas. This means, of course, that they will refuse to tie up their navies in future wars. As to indemnities, Germany must fully compensate the inhabitants of occupied territories for damages to their persons and properties. The leaving of the armistice negotiations to Marshal Foch assures military guarantees that Germany will be unable to practice any treachery towards the allies. Meanwhile, her armies, in the greatest battle of the rays from high power lamps are likely to prove injurious to your eyes and to noticeably affect the delicate nerves and muscles.

Modern Efficiency Says:

Wear Rubbers and Keep Fit

Get them NOW-so you'll be ready for bad weather.

A sick man, or a sick woman, slows up the whole machinery of business. If a man, his work is neglected. If a woman, her household is disarranged and the bread-winner of the family made less efficient by worry. If a child, the progress in school is retarded -sometimes the whole school year lost—because of some serious illness which might have been prevented had Rubbers been worn.

Let's all stay well this winter, by wearing rubbers. Let's avoid the epidemics of colds, sore throats, grippe, pneumonia that upset business and homes in previous years.

The cost of rubbers is so reasonable compared with other needs, that you can well afford to buy more than one pair. These six brands of reliable rubbers-

"Jacques Cartier" "Merchants" "Maple Leaf"

"Granby" "Dominion" "Daisy"

-enable you to obtain from the leading shoe stores a style and shape for every shoe for men, women and children.

Ask for these brands-they give the best wear.
