### ASQUITH DEMANDS JUSTICE ON HUNS

Broad Distinction Between Errors and Systematic Infraction of International Law.

### LEAGUE OF NATIONS Does Not Mean the Cessation of Industrial and Mercantile Activity.

London, Dec. 7.—Herbert H. Asquith, the former prime minister, speaking at Rochdale, Lancashire, yesterday, ranged himself alongside those who have declared that the men responsible for the war and the atrocities shall receive adequate punishment. The allied powers, he said, had announced their joint intention of summoning the late heads of the German Government and state before some kind of international tribunal. There was a broad distinction between errors, even lying and wicked errors of policy, and a deliberate systematic infraction of rules which rest for their sanction not only on international usage, but on the instincts and dictates of humanity. Such were some of the incidents which attended the devastation of Belgian territory; the sinking of passenger ships and the almost incredible brutality of the maltreatment of allied prisoners of war. "We ought to insist that justice be done," declared Mr. Asquith, "and that not only the forms but the spirit of justice—the meeting out to the wrongdoer of his due, not less and not more—should be scrupulously observed."

Referring to the significance of the visit of President Wilson to Europe, Mr. Asquith said that for permanent purposes the world was a new one. These purposes, he contended, would not only have been achieved, but there would have been no advance toward their achievement unless, before the president returned, a league of nations had begun to be translated from formula into fact. In his judgment the best security against the dangers which beset the United States, of the vast development of their mercantile marine and of possible American economic penetration of Siberia and East Russia. It should be clearly understood that a league of nations does not mean the cessation of industrial and mercantile rivalry.

### TREAT GERMAN VICTIMS AS HONORABLY MAIMED

Chicago, Dec. 7.—A demand that officials of the central powers responsible for the mistreatment of French and Belgian women and girls during the war be punished and that the peace conference at Paris recognize these victims as honorably wounded in behalf of their country instead of social outcasts, and that action be taken which will render such outrages impossible in the future was formulated by the executive committee of the National Women's Christian Temperance Union which closed its session today. It is planned to have 6,000,000 American women sign a petition to this effect for presentation to the peace conference thru President Wilson. A committee was appointed today to take the petition to President Wilson at Paris.

### TRANSPORTS CARRY CANADIAN MAIL

Additional Facilities for Letters and Parcels for Siberian Expeditionary Force.

Ottawa, Dec. 7.—Mails for the Canadian expeditionary force, Siberia, have been going forward by transports plying between Vancouver and Vladivostok, letter, paper and parcel mail going forward by these steamers. The next sailings will be the steamers Teesta and Proteus, scheduled to sail on the 15th inst. With a view to affording additional facilities for the despatch of letters, arrangements have been made with the Japanese postal administration by which letters can go forward by regular Japanese mail steamers from Victoria to Japan and be transmitted from there to Vladivostok. According to letter mails for the Canadian expeditionary force, Siberia, will also be despatched by the following steamers of the Japanese line: Mania Maru, sailing from Victoria on Dec. 8; Chicago Maru, sailing from Victoria on Dec. 11 and all subsequent sailings of this line.

### DEMANDED RESIGNATION AT POINT OF REVOLVER

Munich, Dec. 8.—A crowd of armed soldiers last night went to the residence of the minister of the interior, and after forcing an entrance demanded the minister's resignation. Revolutionists also stormed the newspaper offices except one. They withdrew several hours later at the earnest request of the Bavarian premier, Kurt Eisner, who hurried to the scene. Herr Auer, the minister whose resignation was demanded, was given two minutes to decide at the point of a revolver.

### OPPOSED LIEBKNECHT; NOW UNDER ARREST

Berlin, Friday, Dec. 6.—A former non-commissioned officer named Gerhard, who is one of the members of the executive council of Berlin and leader of the soldier revolutionaries, was arrested yesterday. He is under a mild form of detention, charged, among other things, with advocating physical opposition to Dr. Kaerl Liebknecht, leader of the Spartacus group of socialists. The fact that he was arrested at a plenary session of the soldiers' council, at which it was planned to organize a revolt against Herman Moellner and other members of the soldiers' council, is interpreted here as a successful endeavor to remove him from the scene.

### SOVIET GOVERNMENT ON EVE OF FALL

Many Bolshevik Ministers Have Passports for Flight to Sweden.

Amsterdam, Dec. 7.—The Russian Soviet government is aware that it is approaching the moment of its overthrow, according to a member of a German trade commission who left Moscow on November 9. Bolshevik circles at that time were very depressed, he reports, and many members of the government already had their passports prepared in the event they had to flee to Stockholm. Discontent with the existing government was growing daily even among the lowest classes, this German found, and the recognition was spreading everywhere that the government had brought the country to the verge of ruin in every respect. Sweden Out With Russia. Stockholm, Dec. 7.—Sweden has recalled her diplomatic and consular representatives in Russia, with the exception of two officials at the legation, for the reason that M. Vorovsky, the representative of the Soviet government here, had, it was charged, been transmitting Bolshevik literature from Russia. The Swedish government informed M. Vorovsky that he would not be further allowed to enjoy the diplomatic courier privileges. The government also stated it presumed that M. Vorovsky and the other members of the Soviet legation would leave Sweden.

### TO MAKE GERMANY PAY COST OF WAR

Britain Will Prevent Payment by Dumping Manufactured Goods.

### MUST CEDE MATERIAL

Sir Auckland Geddes Declares Allied Policy in Exact- ing Indemnity.

London, Dec. 8.—Speaking at Plymouth, Sir Auckland Geddes, a member of the coalition government, said that whatever the Germany might pay in discharging the cost of the war, she must not be allowed to pay in manufacturing goods dumped on Great Britain. It were better, he said, to run the risk of Germany failing to pay a part of the cost of the war than to receive her manufactured goods, which would crush out British industries and lead to a lowering of wages beyond living limits. Germany would pay with such gold as she has, also with such material as we can bring from her. She could pay in labor in restoring the damage she wrought in France and Belgium. She will have no colonies when the allies had done with this business.
