MR. McPHILLIPS, REPORTER, WHO SUGGESTED MERGER WAS GIVEN \$45000 COMMISSION

Some Light Cast on the Stratton-Pattison Deal—No Suggestion as to Division With Stratton, Swears Mr. Pattison—I. O. F. Continued.

Hon. J. R. Stratton and A. J. Pattison were put under a severe cross-examination as to the transaction regarding the \$50,000 payment to Pattison at the time of the incorporation of Home Life and the People's Life, at the insurance commission yesterday afternoon.

Mr. Stratton made a verbal agreement with witness that the price should be \$30,000, and the sum was fixed six weeks or two months prior to the date of the agreement, Oct. 12. No suggestion had been made to witness that he should pay any part of the \$30,000 to the People's Life, from the start of the negotiations.

"Who was the first person to mention the amount to you on Oct. 12?" asked Mr. Stratton.

"Mr. Stratton."

"What did he say?"

"That he would reduce the amount from \$30,000 to \$20,000, and I did not agree at first. It was on the way to the bank that the amount was accepted. There was no discussion at the start of the negotiations."

"Did Stratton want the \$10,000 for himself?"

"No."

"How much did you give him?"

"\$10,000."

Coroner's Jury Believe That Proper Attention Would at Least Have Prolonged Mrs. Pepper's Life—Husband Paid Christian Science Demonstrators Sometimes as High as \$5—Treatment by Prayer Only.

"The opinion of the jury is that Ethel Rose Pepper came to her death from a natural cause as shown by the post-mortem examination. The jury is also of the opinion that had proper medical attention been provided the said Ethel Rose Pepper might have been cured or her life prolonged, and the jury wish to convey to the proper authorities their opinion that some law should be enacted whereby the sect known as Christian Scientists, could be brought under subjection."

In these words the jury empaneled to enquire into the cause of death of Mrs. Pepper of Lambton Mills rendered their verdict last night. The inquest was held at the Senate House, the presiding coroner being Dr. Bull. T. L. Monahan conducted the enquiry for the crown. Dr. A. H. Perfect, who made the post-mortem examination, stated that the woman was of a delicate constitution, and had been poorly nourished. The heart valves were enlarged, and the lower lobes of the liver were infested with tubercles.

George W. Pepper, husband of deceased, stated he had been married to her for 13 years, and she had been ailing for four years. Weakness and shortness of breath were the most severe symptoms. Lately she had been better. She went to the city on Wednesday, returned home on Thursday and died on Saturday. She did not complain of any pain until Thursday. He was not at home that day. She looked as bright that morning as on any other day. On returning to the evening she was sitting on the bed and complained of a pain in the side. He sent for Mrs. Snyder, a Christian Scientist, who had been treating her for 15 months. "For 13 months?" asked the crown. "Yes. She had been coming off and on."

Paid for Services.

"Have you given her money?"

"Yes. But I should like to say here that she never made any charge."

"How much did you give her?"

"Not more than \$5 at a time."

"You say you sent her on Thursday. Did she come?"

"Yes."

UNITED STATES INTERVENES TO ASSIST PEACE MEASURES

Roosevelt Writes That Situation is Such Now That Advantage Must Be Taken of the Right to Protect Interests of American Residents on the Island.

Washington, Sept. 14.—It is officially announced that Secretary of War W. H. Taft will leave Washington for Cuba on Sunday, Sept. 16. He will be accompanied by Robert Bacon, assistant secretary of state. They will go direct to Key West and leave at once for Havana on board a naval vessel.

President Roosevelt has written as follows to President Palma:

"Under the treaty with your government, I, as president of the United States, have a duty in this matter which I cannot shirk. The third article of that treaty explicitly confers upon the United States the right to intervene for the maintenance in Cuba of government adequate for the protection of life, property and individual liberty. The treaty conferring this right is supreme law of the land and furnishes me with the right and the means of fulfilling the obligations that I am under to protect American interests. The information at hand shows that the social bonds through the island have been so relaxed that life and property and individual liberty are no longer secure. I have received authentic information of injury to, and destruction of, American property. It is, in my judgment, imperative for the sake of Cuba that there shall be an immediate cessation of hostilities and some arrangement which will secure the permanent pacification of the island."

"I am sending to Havana the secretary of war, Mr. Taft, and the assistant secretary of state, Mr. Bacon, and special representatives of this government, who will render such aid as is possible toward those ends."

The cruiser Des Moines left Key West today for Havana.

Amour House Guttered Last Night Many Guests Injured

Fire Broke Out at 11 p.m.—Went Up Elevator Shaft and Cut Off Escape by Stairs—One Man May Die—Many Burned and Injured.

Ottawa, Sept. 14.—(Special.)—Fire last night, which started in the Gilmour House, has gutted the building, at a loss of \$150,000, and caused injuries to a dozen or more guests who were called upon to fly for their lives at a moment's notice. Among the injured are:

Mrs. Robt. Partridge, 405 Huron-st., Toronto, slightly burned.

Mrs. Montgomery, Toronto.

Mrs. D. Garry, Galt, slightly burned and cut.

Mrs. Arch. Blue, wife of the Dominion Census Commissioner, broken shoulder blade.

Others injured are:

Harry Walker of New Jersey, who jumped from the third storey window, and had both legs broken. He is also very badly burned, and his recovery is doubtful.

The flames spread so quickly that it is feared that some of the guests who were called upon to fly for their lives at a moment's notice, may not have escaped. Some of the rescued say they saw others whom they are certain did not get out alive.

The fire started at the foot of the elevator shaft. It was discovered shortly after 11 o'clock. An alarm

IRISH CATHOLICS ANGERED HAVE SENT MEMORIAL BY MESSENGER TO THE POPE

Difficulties With French Co-Religionists Are Set Forth at Length—Rev. Father Fallon Will Also Bring Them Before the Oblate Order.

Ottawa, Sept. 14.—(Special.)—The differences between the Irish and the French Catholics of Ottawa have been strained for a long time, and during the past year or more have been accentuated by the high school question. In order to bring about an equitable arrangement between the two races the papal interference has been sought and a memorial has been sent to Rome by the English-speaking Catholics, supported by several Irish supporters, setting out the grievances in connection with French domination in the local Catholic educational circles.

In order that the precious document would reach its destination safely, the Ottawa gentlemen did not trust to the mails but requisitioned special agents to place it in the hands of the Pope.

The memorial reviews the difficulties of the English-speaking Catholics with their co-religionists of the French race in the administration of the separate schools. It also mentions the English Catholic schools and inability of the Irish to get a fair portion of the expenditure of money on contracts of Ottawa University, which has been repudiated by the English-speaking Catholics. It also mentions the case of the Rev. Father W. J. Murphy, O.M.I., rector of Ottawa University, who has been repudiated by the English-speaking Catholics. It also mentions the case of the Rev. Father W. J. Murphy, O.M.I., rector of Ottawa University, who has been repudiated by the English-speaking Catholics.

NEW TARIFF TO PROVIDE 10 TO 75 P.C. PREFERENCE

Revision Said to Have Resulted in Practically a New Schedule, Giving High, Low and Preferential Ratings—Canada to Reap All Benefits.

Ottawa, Sept. 14.—(Special.)—The government intends to have the tariff schedule ready to be presented to parliament when the house meets either on Nov. 8 or Nov. 15, and orders have been given to the statistical branch of the customs department to begin the revision of the tariff schedule as early as possible. It is at all possible the earlier date will be selected, but the summoning of the house will not be later than the 15th, unless something unforeseen occurs.

Very good progress is being made by the commission. There will be practically a new tariff, as provision is made for a maximum, a minimum and a preferential list, instead of one as at present.

That while the changes will be numerous, the effect will not be to either increase or materially reduce the existing tariff, which on the whole has been fairly satisfactory.

The preference, which is now extended to Britain, and certain other countries where tariffs are as favorable to Canada, as Canada is to them, will be raised to 10 per cent. Items may have a higher preferential rate and some lower. There will be as high as 75 per cent. preference, and as low as 10 per cent.

The object of the preference in this way can be still further perfected by maintaining and directing Canadian trade between Britain and such countries as extend tariff favors to us, and keeping a stiff tariff against those countries that place tariff barriers against the Dominion.

"The new tariff," said one who has some knowledge of the subject, "will be framed in the interests of Canada, and such a tariff must necessarily continue to give a substantial preference as given at present to the motherland, who throws her doors wide open to Canadian trade. The increase of Canada's trade dates from the preference and the future of the tariff will not be impaired, but strengthened. The new tariff will be specially arranged to meet Canadian business. Address: Canada Life Building, 100 King St. W., Toronto."

FIGHTING HAS CEASED

Havana, Sept. 14.—The emissaries sent into Havana today by Alfred Zayas, the Liberal leader, informed the Associated Press that Zayas has telegraphed to the insurgent commander of every province to cease fighting because negotiations were pending for surrender to the American naval commander.

The session of congress called by President Palma completed one sitting this afternoon, the business for the day being, namely, the granting to President Palma of the full powers not already constitutionally possessed by the executive for carrying on the war.

WAMPOLE A SUICIDE.

Defalcations of H. W. Brick Responsible for His Death.

Philadelphia, Sept. 14.—The body of Henry K. Wampole, the wealthy Philadelphia chemical manufacturer, who had been missing for several days, was found in the East River, New York, last night. He had undoubtedly committed suicide.

A trusted employe of the firm of Wampole & Company in Canada, was sent to the scene to identify the body. Wampole brooded over the matter until he became insane.

For Unity of Churches As of Centuries Ago

Is Archbishop's Prayer

His Grace Archbishop Bruchesi Intervened by World Reporter—To Him There is But One Church Now—Methodist Conference Proceedings.

Montreal, Sept. 14.—(Special.)—A notice of motion before committee on missions of the Methodist General Conference, stands in the name of C. W. Cate, K.C., "That the French work be discontinued."

In connection with the general question of the conference, as well as the proposed union of Methodist, Presbyterian, Congregationalist and other churches, The World today sought an interview with his grace, the Roman Catholic archbishop, Rev. Father Gautier, his grace's secretary, was first seen and referred the matter to his superior, who very graciously and promptly acceded to the request, and alone to the waiting-room. His grace should be said at once, stated that he would prefer to say nothing at all, but any word of his might lead to a false impression, but he consented to leave to the discretion of the reporter what he might desire to record.

It is a man's personality that makes his opinions important, and Archbishop Bruchesi is unquestionably a remarkable man. His prominence in social reform effort has already given him distinction, and at the conference this afternoon John R. Dougal, president of the Council of the Dominion Alliance, complimented him upon his campaign for temperance, with which all the bishops were falling in line.

The archbishop makes a very favorable impression by his appearance. He reminds one somehow of Provost Street Macklem by his expression and features, tho he is scarcely so tall, being indeed one of the little great men of the world. His simple but stately costume, with his broad purple band, well befits him. His eyes hold one fast and his smile is sweet and radiant and serene. The quality of his face, however, Leo XIII. His voice, too, is pleasant, with the attractive favor of a strange tongue, spoken fluently.

Only One Church.

The reporter explained his mission. "It was desired above all to avoid any contentious suggestion, but Toronto people would be interested to know the feeling of the church in Quebec with regard to the Methodist Conference and the proposed union."

"It is not a matter in which I desire to interfere, or to say anything," he began.

"I have great respect for all those gentlemen who are gathered together in other assemblies of churches, for, of course, a church means an assembly, but to me it is not a question of churches. I know only one church; I have my own convictions, of course, and to me there is only one church."

Whatever these words may convey in print, they heard by earnest tones of the speaker with any thought other than the respect due to profound conviction.

It was not a question of churches or unity, he continued, for there was but one church established by the Lord. "Other sheep I have which are not of this fold," he quoted from St. John 10: 16. "Them also I must bring, and they shall hear my voice, and there shall be one fold and one shepherd."

"My desire and prayer every day," he remarked in further conversation, "is that there shall be one church again as there was four or five centuries ago."

Many other things were said, but only these germane to the occasion, except, indeed, the remark that these were matters on which he held strong convictions, for they were questions of life and death and eternity. One felt that in every word and in the courtly gentle handclasp of the scholarly and saintly archbishop.

Committees at Work.

The conference to-day was still in progress, if not unprepared, for work committees are in full swing, and it was agreed this afternoon to give

DETECTIVE DOUBTS STORY SUBMITTED BY FIRE CHIEF

Inquest Into Haileybury Fire Resumed With Unsatisfactory Results.

Haileybury, Sept. 14.—(Special.)—Investigation into the cause of the Haileybury fire was reopened today, and some new evidence brought out.

Mr. Bryden was examined with reference to the fire. He, along with Dr. Jackson and another, put out the first fire about 11.30, and he said there was no possibility of the fire starting simply because the house was on the side of the building with a wet rag. When he got there he found two boxes filled with goods, was put under a heavy cross-examination. He said that between 2.30 and 3 a. m. his wife woke him, and he thought that the house was on fire. He went straight from the house to McCabe & Stinson's, seeing three or four people on the street. He thought the door was locked and put his shoulder against it. It fell in on the floor. He found the whole back part of the building in flames, inside and out, the flames just breaking thru into the office.

Three or four unknown people were in the store. He carried out a bundle of cloth, and tried to go back again, but couldn't.

In the previous investigation evidence was put in by the same man that he found a coat soaked in coal oil. The coat was locked and put in the door. He had gone straight to McCabe & Stinson's and found the fire going well. Detective Rogers afterwards expressed himself as dissatisfied with many of the witnesses at this and the previous investigation. They seemed reluctant to tell all they knew, he said. He was very dubious about the value of Stanley Austin's evidence.

GRAND TRUNK MAY LOSE LEHIGH VALLEY ROUTE

Morgan Said to Be Scheming to Have Pere Marquette Supplant It.

Detroit, Sept. 14.—Plans for the rehabilitation of the Pere Marquette system, and making it a powerful factor in the railroad world, and effectually changing the railroad map of the east, are said to be well under way in New York, and likely to be consummated within a short time.

The plan provides for the establishing of thru freight and passenger lines over the Lehigh Valley and the Pere Marquette, thus making the Michigan line an important factor in Chicago.

At the same time it cuts off the Grand Trunk's New York connection, and makes over the Lehigh Valley's tracks, and puts the Canadian line out of the New York business, unless it can arrange for other connections at New York City.

J. P. Morgan, a large holder of Pere Marquette and Lehigh Valley stock, is understood to have promoted the scheme. The Pere Marquette has a contract to operate over the Michigan Central from St. Thomas, Ont., to Buffalo.

With a thru service to New York and Boston, the right over the Michigan Central would prove a valuable asset
