SALOONS MUST QUALIFY AS HOTELS. Ferris-St. Bridge Will Be Named After Aid. Stewart.

Hamilton, April 21.—Citizens are very much exercised over the wanton destruction of tombstones in the cemetery.

Complaints were made to night to the Cemetery Board that boys made targets of the balls and other ornaments on the monuments.

Some of those who have been hatched or hammered. Some months ago burglars got into the office at the cemetery and robbed the safe of \$150.

At the time Superintendent Gray volunteered to make the whole amount good.

GAMEY'S CANDIDIDLY WITH WORLD AT BUFFALO

Continued From Page 1.

He learned the difficulty in which my learned friend, Mr. Blake, is placed, and I think it is not unreasonable to take the position which he is taking.

There, as far as the business was concerned, Mr. Gamey had frequently been corroborated at very important points, while it seems equally clear that he has something to conceal, and has entered upon a proceeding which he fears to have prosecuted to its conclusion.

At the same time, he admitted there were disquieting features in connection with the disappearance of the money from the bank and the deposit slip of the Ontario Bank, and with regard to this, he gave a frank and candid explanation.

Mr. Blake, I only say that I am convinced my learned friend, giving his usual consideration, which he ever does in these matters.

Chief Justice Falconbridge: We were rather expecting that, at the close of the prosecution, the witness would make some reasonable time before going on with the evidence, but in view of the fact that the witness had been left for him to call, perhaps the defence will be able to go on as soon as the witness has finished.

Mr. Johnston: Within a very short time, perhaps half an hour or an hour, I should be glad to have the witness called on Thursday at 10 o'clock a.m.

ALL ONTARIO STIRRED. Speculation as to Motive That Could Have Caused Gamey's Flight.

The amazing flight of Gamey, coming as the climax of the sensational disclosure in the bribery investigation has developed the liveliest interest all over Ontario.

We Heard a Gentleman Make This Remark...

He was talking to a friend of his about the weather. It was one of those rainy days last week, and it so worked upon his feelings that he exclaimed: "My, but isn't this a wet rain!"

No doubt it was—but some rains are better than others—and the best protection a man can have is a good Rain Coat.

We have them in all kinds of shades and qualities—but we take pleasure in showing you our latest and best 12.00 coat in a new shade of olive, under special lot No. E 218.

Ask to see this coat. King St. East, Opp St. James Cathedral.
