WM. O. JENKINS, U. S. CONSULAR AGENT, IS FREED

American Embassy At Mexico City So Notifies State Department.

RELEASED ON THURSDAY

Dispatch From Puebla To Mexico City First Announcement of Action.

MEXICO CITY, Dec. 5.—William O. Jenkins, the American consular agent at Puebla, was released at 10 o'clock Thursday night by order of the judge at Puebla, according to a dispatch from that city filed there at 2:30 o'clock this morning. Mr. Jenkins retired immediately to his home, the message stated.

WASHINGTON, Dec. 5.—The American embassy at Mexico City notified the state department today that William O. Jenkins, United States consular agent at Puebla, Mexico, had been released from custody.

The embassy's dispatch reached the state department coincident with the arrival at the White House of Senators Fall and Hitchcock, who were instructed by the Senate foreign relations committee to discuss with the president pending resolutions proposing that the president be requested to sever diplomatic relations with the Carranza Government.

It was announced at the state department that the advices from the embassy said that Jenkins was liberated last night from the penitentiary where he had been held pending trial on charges of giving false information regarding his abduction by Mexican bandits in October.

WILSON QUITE CAPABLE OF DEALING WITH THE MEXICAN SITUATION

WASHINGTON, Dec. 5.—Two senators, delegated by the foreign relations committee to confer with President Wilson on the Mexican crisis and report whether in their opinion the president, by reason of his illness, was unable to exercise his functions, left the White House after a conference of three-quarters of an hour with him today agreeing that he was in touch with recent developments and was mentally keen enough to form judgments on the questions confronting the nation.

In the midst of the conference, while Senator Fall, Republican, of New Mexico, was outlining the evidence on which he is urging a break of diplomatic relations, the president and his callers were informed that William O. Jenkins, the American consular agent jailed at Puebla, had been released. The advices left some doubt as to the circumstances, but the development was accepted generally as relieving somewhat the relations between the two countries.

The discussion with the president produced no definite conclusion as to Mexican relations, but it was regarded everywhere as bearing on a subject of endless speculation in congressional circles, namely, the extent to which the long illness of the chief executive has rendered his physically incapable of the duties of the presidency.

Joked About Illness.

Propped up in bed, the president talked of many features of the Mexican tangle. With a right hand and arm free above the bed covers, the senators said he shook hands with them and took up and read papers which were on the table beside him. He was described as weak and nervous, but it was stated that he jested about exaggerated reports of his illness, and promised within a few days to give Congress his advice on what it should do about Mexico.

"He appeared to be a sick man," said Senator Fall afterward, "but mentally alert and perfectly able to cope with any question with which he might have to deal. He appeared to me certainly in as good mental condition as any man could be after being ill for nine or ten weeks."

The other delegate of the committee, Senator Hitchcock (Democrat, Nebraska), said that the president seemed greatly improved since he saw him last, two weeks ago.

A Pretty Good Idea.

"My opinion is that he has been a very sick man, but is improving," said Senator Hitchcock. "He has a pretty good idea of the Mexican situation, and although he did not give a final decision on the subject, he indicated that too many serious considerations were involved to warrant any hasty action."

Senator Fall gave the president a copy of his resolution asking that diplomatic recognition of Carranza be withdrawn. This resolution now is before the foreign relations committee, which meets again Monday to act upon it. It was said that the president expressed no final judgment regarding it, but indicated that he would give his advice to the committee or to Congress by the end of the week.

VISCOUNT JELLICOE WARMLY WELCOMED BY TORONTO PEOPLE

Famous British Admiral Arrives in Queen City This Morning.

GUESTS OF GOVERNMENT

Distinguished Visitor and Party To Visit Niagara Falls On Monday.

Toronto Dec. 6.—Viscount Jellicoe of Scapa Flow with Lady Jellicoe and the members of their party, on the world tour of the British dominions, arrived here this morning and received an enthusiastic reception. Toronto, with its location on the Great Lakes, considers itself a maritime city, and the reception committee of provincial and civic dignitaries today did their best to impress the British sea hero with that claim.

The crowd at the reception on the arrival of the train to which Admiral Jellicoe's car was attached, included several military and naval officers, and a guard of honor of thirty naval veterans.

After the reception at the station the distinguished visitors were driven to the residence of Mr. George Beardmore, where various reception committees waited on Viscount Jellicoe to present their respects and addresses of welcome and appreciation. In the afternoon Lady Jellicoe was the guest of Mrs. Lionel Clarke, wife of the new lieutenant-governor of Ontario, and the admiral delivered an address at Massey Hall. The address will be followed late this afternoon by a review of the naval cadets and other bodies, and there will be a dinner at the King Edward Hotel tonight. Tomorrow the party will visit Niagara Falls, and on Monday various functions are planned in honor of the admiral.

The visitors will leave for Montreal at 11 o'clock Monday night.

JENKINS TRIED TO BREAK INTO JAIL AGAIN AT PUEBLA

Mexico City, Dec. 6.—W. O. Jenkins, United States consular agent at Puebla, who was released from prison there on Thursday night, attempted to secure his reimprisonment there yesterday, according to special dispatches received here late last night by the Excelsior.

Judicial authorities at Puebla refused to allow the consular agent to re-enter the prison. Mr. Jenkins' move, according to the dispatches, was prompted by a desire to secure unconditional liberty. Jenkins being quoted as declaring that bail was furnished by his friend, J. Salter Hansen, without his knowledge and that he refused to accept conditional freedom.

Hilario Medina, undersecretary of foreign relations, is quoted by the Excelsior as stating that the release of Jenkins had removed all cause for friction between the United States and Mexico. Advices to El Democrata state that Consul Jenkins was set free after the authorities had been handed a check for $500, signed by J. Salter Hansen, drawn on the Guaranty Trust Company of New York. It is declared that Mr. Hansen conducted all the negotiations for the release.

RANEY EXPLAINS DELAY IN THE PAYMENT OF THE ELECTION ACCOUNTS

Toronto, Dec. 5.—Attorney-Gen. Hon. W. E. Raney of Ontario has received numerous complaints concerning the delay in payment of election accounts. He explains that considerable congestion has been caused consequent on the new law which has thrown upon the auditors of the accounts the passing of all bills of the enumerators, voters' registration and appeal boards and returning officers both for the election and the referendum.

The Government, Mr. Raney states, has given the auditor every assistance and has appointed additional officers, but it has only been found possible to partly relieve the congestion.

PLANKS OF LABOR AND ALD. E. LITTLE ARE VERY SIMILAR

Latter Announced His Platform in Advance.

MANY AIMS IDENTICAL

Free Text Books and Free University Tuition Are Included.

The platform drawn up by the Labor Representation Committee last night in many respects parallels several planks in the platform of Ald. E. S. Little announced at the beginning of the week, when he definitely decided to become a candidate for the mayoralty, it was pointed out in municipal circles today.

Education is one of the principal items in the Labor platform, and it is the chief one that Ald. Little announced a few days earlier, these people point out. Both Ald. Little and the Labor candidates are in the field for free text books, and the placing of university education within the reach of every London child. Ald. Little has announced a somewhat novel means of securing these ends, it is pointed out.

He suggests that fees for the second and subsequent years at high school be abolished and that free text books be available there as well as in the public schools. He has also announced a concrete scheme for providing free university education.

Another parallel plank in the Labor platform is the abolition of level crossings. Ald. Little announced Thursday that he thought this civic improvement should be secured at once, and the Labor platform drawn up Friday night also included this policy.

Another matter on which both platforms agree is the establishment of a memorial hall for soldiers. It was on the motion of Ald. E. S. Little that the decision was made to issue debentures for this purpose some weeks ago, and the Labor Representation Committee last night decided to indorse the scheme.

Both platforms also agree on the provision of a hospital for children.

DIARY NOW SOUGHT IN TRUNK MYSTERY

Officers Think Maude Tabor May Have Left Record.

Kalamazoo, Mich., Dec. 6.—Search for the diary kept by Maude Tabor, Lawton trunk mystery victim, whose body was found Sunday afternoon by her sister, Mrs. Florence Tabor Critchlow, is being made in Kalamazoo by Prosecutor Adams, of Van Buren County. The diary, if found, Prosecutor Adams believes, may throw enough light on the mystery.

Mrs. Critchlow, Maude's sister, held as a material witness in the case, has turned her cell in the county jail at Paw Paw into a fiction factory. She keeps pounding her typewriter all day long except at infrequent intervals when she takes to reading Shakespeare. She has almost no visitors.

Avoids Mystery Case.

"Life in jail," said Mrs. Critchlow, "would be very dreary unless one utilized whatever gift one might possess to carry one's thoughts beyond the bars and walls, and so while imaginative creations have been my hobby, I intend to occupy as much of my time as possible in writing fiction. I have done such work for many years, and when I was 13 years old, my first efforts were published."

"Have you no theories; nothing you wish to say with regard to the death of your sister?" she was asked.

"I have nothing whatever to say about the matter," she answered.

PUBLISHERS WILL BE GIVEN EXTENSIVE TRIP

Leading Newspapermen of British Empire to Visit Canada This Summer.

Montreal, Dec. 6.—The executive committee of the Canadian Press Association in charge of the imperial press conference to be held in Canada next summer, has appointed C. F. Crandall of the Montreal Star honorary secretary.

This conference will be attended by the leading publishers of the whole empire. They will be taken from ocean to ocean in special trains. These men from the United Kingdom, Australia, New Zealand, South Africa and India will come as guests of the Canadian publishers. The newspapers represented by the visitors aggregate over one hundred million readers. It will be a unique opportunity to show the British world through these papers Canada's attractions for immigrants.

The Canadian commitee will be glad of any suggestions as to where they should go and what they should see. The visit will cover a period of seven weeks.

MILLIONS SPENT BY FRENCH PEOPLE FOR THEATRE PURPOSES

Paris, Dec. 6.—Figures on the high cost of living published here today show that theatres, moving picture shows and music halls will take in 165,000,000 francs during the year if the average of the first ten months is maintained. This is an increase of 50 per cent over the figures for 1913. At the race tracks in Paris and thereabout 510,000,000 francs were spent between May 15 and November 30. In 1913 during the same period the mutuel betting machines took in only 240,000,000 francs.

At the municipal pawn shops it was declared today that the number of articles pawned in 1919 was about 30 per cent less than in 1913.

Millions in Central Europe Diseased and Facing Hunger

London, Dec. 6.—A review of conditions in Central Europe was given today by Sir William Goode, British director of relief in Europe, who has just returned from a sojourn there.

Czecho-Slovakia, Poland, Hungary and Austria, according to Sir William, are all confronted with great food shortages. In the case of Hungary, he estimated the shortage before the next harvest would reach a million tons. He said he found half a million of fatherless children in Serbia suffering from malnutrition, and learned that 35 per cent of the population had tuberculosis. More than 2,500,000 tons of foodstuffs, costing nearly $500,000,000, declared Sir William, had been delivered for European relief since the armistice was signed. He laid special stress on extension of credit to Central Europe by the United States, in co-operation with Great Britain, saying that unless this was done Central Europe would become a desolate waste.

OIL DISTRICTS OF NORTHWEST SHOW ACTIVITY

Good Prospects for Developing Great Field.

SURVEYING WIDE AREAS

Three Big Syndicates and Many Small Companies Are At Work.

Ottawa, Dec. 6.—Prospectors and representatives of the oil companies arriving in Ottawa from the Great Slave and Peace River countries report great activity in the search for oil in these areas, and that the prospects of developing a great oil field are of the best. In addition to the work being done by small companies and individuals, there is much activity displayed by the three great oil companies—the Standard, the Shell and the Anglo-Canadian. Leases covering immense areas have been secured by the Standard and Anglo-Canadian, and the former has two outfits in readiness to test the field next spring.

The Standard Oil Company has leases on Great Slave Lake and will make a thorough test of them next year. Adjoining the Standard Oil property, Canadian-American syndicate has located several thousand acres and will send in an outfit next year. In other areas there has been substantial development with considerable success.

English interests have been in Northern Alberta with survey parties for four years. These interests have been consolidated in the Anglo-Canadian Company. A party of seven, headed by A. F. A. Coyne and W. R. Martin, Medicine Hat, are in Ottawa en route to London to consult with the British directors. They have under lease 240,000 acres and have made contracts for development work extending over the next five years. This company is prepared to spend a million dollars in definitely locating the oil-bearing strata in the northern wilds.

The Shell oil people have, it is stated, several survey parties in the north. This company attempted to secure exclusive rights for a large area but were not successful. They are now, it is believed, entering into competition with the Standard and Anglo-Canadian companies to secure oil-bearing areas in the north. When navigation opens on the Athabasca River and Great Slave Lake, there will be a great rush to these districts. Active operations will be under way by two of the big companies, and before the close of navigation the Great Slave oil field will be tested.

ARRESTED IN CONNECTION WITH NEWBERRY'S ELECTION

Grand Rapids, Mich., Dec. 6.—All but eight bench warrants had been served tonight on men indicted in connection with the alleged illegal election of Truman H. Newberry, assistant state's senator from Michigan. United States deputy marshals reported they had been unable to locate eight of the men whose names were withheld, and it was believed the arraignment of a few of them might be delayed until the middle of next week.

When court adjourned today 89 of the 135 indicted had been arraigned.

STABBING AFFRAY AT MONTREAL

Montreal, Dec. 6.—One detective and two citizens were stabbed, as the result of a street and house fight which occurred last night on City Hall avenue. Two men were placed under arrest in connection with the affair.

WEAR SILKK 'UNS! THEY CHASE FLU, SAYS AN EXPERT

New York, Dec. 4.—Moralists who contend that women's flimsy silk stockings are a menace to health are all wrong, according to Public Health Commissioner Copeland. "Women who wear heavy woolen stockings are more liable to influenza that those who wear thin silk stockings," he said.

76 ARE CAPTURED AFTER DYNAMITING

Pennsylvania Police Raid the Steel Strikers' Headquarters.

Donora, Pa., Dec. 6.—A few hours after dynamite was exploded under the porch of the home of Felix Burkhart, early Friday, state policemen raided the local headquarters of the steel strikers national committee and arrested 76 men, including William Hodge, one of the organizers for this district. Burkhart's house was slightly damaged.

SUM OF 9 BILLION IS NEEDED BY U. S.

Huge Amount Includes Deficit For Balance of Year.

Washington, Dec. 6.—The Government will require $9000,000,000 during the next eighteen months, it was ascertained late this afternoon by Chairman Goode of the House appropriation committee. This is made up of three and one half billions for the remainder of this year, which is a deficit, and over five billions for the next fiscal year. Late today Speaker Gillett, Representatives Forney, Goode, Mondell and other Republican members decided to notify all department heads that they must cut their estimates as submitted to Congress on December 1. The secretary of the treasury will be called before the committee immediately, it was announced.

NEW YORK THEATREGOERS THROWN INTO A PANIC BY EXPLOSION OF SEWER GAS

New York, Dec. 5.—Hundreds of theatregoers were thrown into a panic tonight by an explosion of sewer gas in the white light district, which blew the tops off a score of manholes, sending blue flames leaping above the pavement. The explosion occurred as the theatres were opening for evening performances, and police reserves had to be summoned to control the frightened crowds.

Hundreds of persons in adjoining buildings rushed into the streets, believing that an earthquake had occurred. Windows were shattered for blocks, and electric lights throughout the region were extinguished. The ringing of private burglar alarms added to the confusion.

At Broadway and Twenty-seventh street a wide crack appeared in the sidewalk.

Several persons were severely injured by flying glass and had to be treated at an hospital.

The explosions continued for nearly an hour in the district, and new blasts would occasionally send more manhole covers into the air.

MAYOR TELLS HOW CITY SUFFERED UNDER RULE OF STRIKE COMMITTEE

Sensational Evidence Is Submitted at Trial of Winnipeg Strike Leader.

Winnipeg, Dec. 6.—"Joe Knight of Winnipeg told me that ordnance department of district 18 had received a carload of rifles, and added: 'We should keep our eyes on them, as we may need them some day.'"

This was the sensational statement made by Sergt F. W. Zaneth, a secret service man, who had posed as a Socialist and had worked in apparent harmony with the radicals in the Calgary district, at yesterday's trial of R. B. Russell, when he disclosed all that had been learned as a result of his operations in the inner circles.

The words roused Robert Cassidy, K. C., counsel for the defence to a high pitch of excitement, and led him to make the heated declaration that if they were true it was remarkable that Knight had been allowed to walk at large while Russell had been placed in the dock.

At the night session Mayor Gray took the stand. He reviewed matters leading up to the strike and spoke as to how the city was for a time under the control of the strike committee, and of the hardships and dangers that the trouble had caused.

NELSON PARLIAMENT, who has been recommended as Speaker of the Ontario Legislature by Premier Drury. Mr. Parliament is the Liberal member for Prince Edward County.

DRURY IS RECEIVED WITH ENTHUSIASM IN NORTH ONTARIO

Tells Audience Not Here To Talk, But To Listen.

MAKES NO PROMISES

Says He Is Cautious About Pledging His Word—Will Consider Suggestions.

COBALT, Dec. 5.—In his first speech to the people of this district, Premier E. C. Drury today told his audience that he was not in the north to talk or to make speeches, but to listen. He was not making promises, he said, because if he made them he would carry them out, which made him cautious, but anything brought to his attention would receive careful consideration, and he asked that all suggestions be embodied in letters.

These remarks were made at a meeting in the Haileybury high school this afternoon at which the premier and his colleagues on the northern tour, Hon. Beniah Bowman, minister of lands and forests, and Hon. Harry Mills, minister of mines, spoke briefly. The assembled citizens took Hon. Mr. Drury at his word, and at that time, and again later in the day, his attention was drawn to what the speakers considered the needs of the district. These ranged from a new jail to the reduction of freight rates on maple timber for fuel purposes.

The party went to Haileybury in the afternoon, visiting the mining school, the high school and the courthouse and addressing meetings at the two last-named places.

Mayor N. J. McAulay received the visitors, and the school children, drawn up on the main street, welcomed the premier and his colleagues with cheers and singing. Premier Drury assured President Todd of the Cobalt Board of Trade that he would return to the north in the spring, and Hon. Mr. Mills told a Haileybury audience he would pay a more extended visit to the district before Christmas.

Need Provincial Jail.

W. A. Gordon and M. L. Slaght emphasized the necessity of a provincial jail for Haileybury. Mr. Slaght asked for some reduction, if possible, in freight rates on the T. & N. O. Railway, after saying that the fine maple timber owned by the Government could not be sold profitably in the north for fuel because of the high cost of transportation.

W. A. Wilson, public school inspector, said his "heart went out to the rural school," which needed something. George Smith suggested that the Government might do something to introduce manual training in the primary schools, while he also urged a domestic science course for the high school. Mr. Smith said they were not secessionists, but were satisfied that "you" (addressing the premier) "and your colleagues will give us the fullest justice."

D. L. Jeannett urged the claims of the Children's Shelter, which had an outstanding debt, he said, of $2,000.

Premier Drury, speaking at the high school, said he and his colleagues had come north to study the country, its people and its needs, and from what little they had seen they were highly impressed. He said there was perhaps a chance for the people of the north to be up-to-date that did not exist in old Ontario, because here they could build from the ground up. He declared the provincial treasury was not an ever-flowing artesian well, but was a cistern, and the levels had to be maintained.

Sent Greetings.

Mrs. C. C. Farr, widow of the first pioneer of the district, was unable

ITALIAN SOCIALIST LEADER WILL SOON BE PLACED ON TRIAL

Rome, Dec. 5.—Socialists, personally, and through their organ Avanti, declare it to be their chief purpose to discredit Parliament and create all the disorder possible to prevent parliamentary progress. This threat, it is believed in circles opposed to the Socialists may result in the unification of all the constitutional groups or that otherwise the cabinet will be compelled to resign and again appeal to the country through a general election. Premier Nitti is still hopeful of persuading the Socialists to co-operate with the other parties with a view to obtaining peacefully a portion, at least, of the reforms expected by the proletariat.

LATEST NOTE TO GERMANY IS IN FORM OF A DEMAND THAT PROTOCOL BE SIGNED AT ONCE

Supreme Council Is Sending Message to Germans Informing Them That Further Delay in Signing of Document Will Mean Certain Clauses of Treaty Will Be Rendered Impracticable.

DEMANDS GERMANY TO SIGN.

Paris, Dec. 6.—In a note drafted by the supreme council today, it is demanded that Germany sign the protocol providing for the carrying out of the peace terms, failing which the Allies, it is set forth, will be obliged to have recourse to military measures.

Paris, Dec. 6.—Germany will be called upon, in a rigorous note which the supreme council of the peace conference will complete today, to yield immediately to the Allied demand that the protocol of the Versailles treaty be signed, according to the Excelsior. The newspaper said it has reliable information that Washington has advised Berlin to adopt a more conciliatory attitude.

If ratification is not completed by December 31, says the Echo de Paris, certain clauses of the pact will be rendered impracticable, and the Allies will be obliged to submit to Germany a new protocol, which would result in still further delay.

WOULD ANNUL U.S. DRY EDICT

N. Y. Plaintiff Asks Cancellation of Prohibition Proclamation.

Washington, Dec. 6.—Mandamus proceedings to compel Secretary Lansing to cancel the state department's proclamation announcing ratification of the prohibition amendment to the constitution were filed today in the district supreme court here, by Robert A. Widenmann of Stony Point, N.Y., who contends that ratification by the necessary number of states had not been completed because certain of the states have reserved referendums. Justice Hitz took the matter under advisement.

The petition asserted the proclamation was void as the time in which the states might refer the question to the voters had not expired when it was issued on January 29.

The petitioner also alleged that the eighteenth amendment, if in force, would impair his liberties as a citizen of the state of New York and of the United States, without giving him an opportunity to be heard before a competent tribunal.

RUMANIA IS HAVING SERIOUS TROUBLE IN TRANSYLVANIA AREA

50,000 Troops Rushed Into Occupied District of Hermannstadt.

Vienna, Dec. 4.—Rumania is experiencing troubles in the occupied regions of Transylvania, according to dispatches from Bucharest. These messages declare the situation in Transylvania is serious, particularly in the vicinity of Hermannstadt. It is reported that 50,000 troops have been recalled from the Bessarabian front and thrown into the Hermannstadt district.

It appears that in Hermannstadt an Independent Government has been set up. All the members of this Government were arrested by the Rumanian reinforcements, it is said, 268 arrests in all being made, including many clergymen.

DUTCH MAY COMPEL EX-KAISER TO PAY TAXES ON INCOME

Wilhelm's Permanent Residence in Holland Discussed in Parliament.

SOCIALISTS PROTESTING

Villagers At Amerongen Object to Kaiser Woodshed Being Heated.

The Hague, Dec. 6.—The question of former Emperor William's permanent residence in Holland was discussed in the Dutch Parliament yesterday in connection with the possibility of forcing him to pay an income tax. Answering a question on the subject, Jonkheer Devries, minister of finance, said in effect that if the former kaiser really had been permitted to buy a house at Doorn for a permanent residence the Government would undoubtedly tax him as a resident of Holland.

Socialists in Parliament have been agitating this question for some time. Their antipathy to the residence of the former emperor in Holland has been increased by recent reports in Dutch newspapers indicating he is permitted now to go about as he pleases.

There is considerable village gossip at Amerongen because the shed built so the former kaiser may carry on his wood-sawing in the cold weather is to be heated with a stove, while there is a great shortage of coal in the village. The villagers ask why the exercise cannot keep the former emperor warm.

ITALIAN SOCIALISTS ARE DETERMINED TO PREVENT PARLIAMENTARY PROGRESS

Paris, Dec. 6.—A dispatch from Milan reports the coming trial of Professor Benito Mussolini, the Socialist leader and editor of the Milan Popolo Italia, on a charge of raising troops for the purpose of bringing about a revolution. Captain Ferrucci Vecchi, president of the Arditi Association, and Dr. Marinetti, the futurist poet, are mentioned in connection with the case.
