### SLIT EARS OF TRAITORS LEAGUE URGES BOYCOT

Serious Riots in China Result From Attempt to Ban Japanese Goods.

HONGKONG, Nov. 3.—The rioting which resulted here yesterday from the attempt of those involved to force the local merchants to continue the boycott against Japanese goods has been suppressed by the soldiers who were called out to patrol the business districts. One Chinese who offered armed resistance, was shot.

The riots were organized primarily by the students of this city and the disturbance is evidently widespread.

At Singapore similar riots have occurred and a number of merchants said to have shown a desire to discontinue the boycott and otherwise favor Japan have been branded as traitors and in several instances marked by having their ears slitted. It is alleged that a league has been formed secretly and has pledged itself to give any man who silts the ears of a so-called "traitor" \$15 and should he be thrown in jail, to see that he is held up to the public as a martyr and to pay him a dollar a day while in-prison. Should one of the traitor merchants be killed it is alleged the league agrees to pay his slayer \$200.

At Canton there have been hints of the same trouble and a number of ruffians have been hired to attack merchants. Vigorous measures to suppress the rioting have been taken.

BRANTFORD, Nov. 3.—(Special).— Joseph Maguire, a Grand Trunk yardman, was arraigned here this after-noon before Magistrate Livingstone on noon before Magistrate Livingstone on a charge of manslaughter, arising from alleged criminal negligence of duty, causing the Mount Vernon wreck. He pleaded not guilty. His counsel, W. S. Brewster, contended that the company should be indicted and not Maguire. Owing to doubt as to the magistrate's jurisdiction to try the case proceedings were adjourned.

DUNLOP TROPHY FOR HIM.

Wennels Will Make Sure of Prize by
Beating His Own Record.

Not being altogether satisfied with
his own previous record, and having
in mind Willie Anderson's ambition, J.
W. Vennels will try to-day to ride from
Hamilton to Toronto on a blevels to Hamilton to Toronto on a bleycle fn two hours and a half. Vennels is at present the holder of the trophy awarded by the Dunlop Tire and Rubber Goods Co., given for the best time unpaced, on a blcycle between the two cities. On Oct. 16 last he did the distance in 2.41 3-4, but admitted that he could do better. His opinions on this subject were reflected by several other wheenmen of renown, particularly Anderson, who believes he can bring the time down to 2.30, or possibly 2.17. Ventally in the country to control the country the country to control nels is going to forestall his rival by taking 11 minutes off his own record before the snow comes to make bicycle road racing against time an impossi-

If the weather is anyways favorable Vennels will leave Hamilton at 2.15 p.m., and expects to report at the office of The Toronto Star at 4.45. His plans were all laid last evening and nothing will turn him from the attempt but bad weather or some accident that was entirely unforseen when he took out his sanction yesterday. Lawrence Marshall will also face the

distance to-day. He will leave Hamilton at 2 o'clock and expects his doughty bicycle to carry him thru in better time than 2.41. So Vennels has to beat his own time to hold the Dunlop trophy against the possibilities of the day.

Vennels will take the south road from Hamilton, which will bring him in along the lake shore. Marshall has not stated what route he will follow, but probably has studied conditions carefully

There is no athletic trophy put up recently that has interested eligible candidates so much as the Dunlop trophy. Altho the bicycle season is drawing near its close, there is a bunch of good riders interested in the event and any real nice autumn day for a hot spin will see a record made between Hamilton and Toronto that will compare creditably with the records made for the same distance in the smoother roads of England or France.

The Contract Was Binding.

Because he had purchased a set of "Universal Classics" himself on the in-"Universal Classics" himself on the instalment plan, Judge Morson become interested in division court yesterday when Virtue & Co. haled S. R. Earle before him on a charge of having agreed to purchase a set for \$65, and then forgetting to pay for them. "Probably I may be able to get out of paying for the ones I bought," remarked the judge, when Early objected that the books were not leather bound: the books were not leather bound; "let's see what the contract says about tt." But, as there was nothing in that document about leather binding he gave judgment for the company for \$30 and costs.

Free to Men Until Cured.

With good, vigorous health everything is possible — wealth, happiness, success. Without it there is only fall-ure. Electricity furnishes all that goes to build up a strong, hale, confident, successful man — fron for the blood, vim and fire for the nerves and brain, strength for the muscles, good digestion. It does all that medicines do, as well as what they fail to do. In my forty years' success I have proven this by the thousands of wreaks I have restored after other treatments failed. To donvince every sufferer from debility, varicocele, loss of power, rheumatism, lame back, etc., I give my famous Electric Belt absolutely.

FREE UNTIL CURED not asking a penny in advance or on deposit. You only pay price of belt when cured, and in many cases as low as \$5, or for cash, full wholesale discount. Forty years' continuous success has brought forth many imitators. Beware of them. You can try the original, the standard of the world, free until cured, then pay for it. Call or send for one to-day, also my flustrated book, giving full information free, sealed, by mail.
