PREPARING FOR THE "EX."

Improvements Will Add Greatly to Attractions of the Grounds.

With the opening of the Canadian National Exhibition for 1910 not many weeks ahead, the work on a number of important improvements is being carried on briskly.

The first thing which will strike the visitor is the removal of the old frame buildings which have hitherto met the eye on entering the Dufferin-street gate, making way for an extension of the lawn north of the horticultural building. Near the gate is an attractive building of brick, to be used as a "woman's rest" building. The new poultry building is of pressed brick, steel and concrete, with stone facings, and will cost \$38,000. It is roughly L-shaped and its dimensions are 240 by 120 feet.

The new greenhouses are being erected on the extreme northwest portion of the grounds. They will cost \$20,000.

Moonlight Excursion

The Baptist Young Men's Union are holding their sixth annual excursion on the Cayuga this evening. Their excursions have always been renowned for being of the highest order, and no one need have any hesitation about going. 48th Highlanders' Band and Choir will render a program. Boat will leave at 8.30 and return at 11.15 p.m., when cars will be in waiting.

FIRST BLOOD FOR STRIKERS.

MONTREAL, July 7.—(Special).—The striking masons and bricklayers were first blood to-day, fifty small contractors, on having signed a two years' contract with the men, some 500 thus going back to work. The larger contractors declare their intention of holding out.

C. N. R. CARMEN STRIKE.

WINNIPEG, July 7.—Five hundred carmen, employed in the C.N.R. shops followed the action of the steamers by going out on strike at noon to-day. Two men were appointed to see S. J. Hungerford, the superintendent of rolling stock, and he was formally notified of the stand which the men were taking.

Fifty Cents Puts an Organ in Your Home.

Before removing to their new warehouses within a short period, the old firm of Heintzman & Company, Limited, 115-117 King-street west, Toronto, offer for sale some 40 odd organs, ranging in price from \$15 to \$75, obtainable at once on payment of 50 cents down and 50 cents a week.

Increased Film Fee.

OTTAWA, July 7.—The license fee for moving picture shows was increased by the council from \$20 to \$200 per year. Provision was made that no child under 15 should be admitted unless accompanied by parents. The chief of police was created censor of the films.

Try one of Albert Williams' 25c noon or evening dinners, and you'll marvel at the daintiness, quick service and pleasant surroundings at so moderate a charge. Branches at 53, 179 and 207 Yonge-street.

SUPPORT NOW VEERING ROUND TO DR. HASTINGS

Controllers Church and Ward
Willing to Make Him M.H.O.—
Municipal Fruit Market.

Unless a majority of the board of control agree upon Dr. J. C. O. Hastings for appointment as medical health officer, it is extremely unlikely that any recommendation whatever will come to the council next Monday and then the issue will be fought out on conditions that will require a two-thirds vote for a candidate. To carry thru a recommendation by the board, simply making only would be needed, and Controller Church announces he will press for a sitting of the board Saturday or Monday morning, in the hope of breaking the deadlock. Yesterday afternoon the mayor appeared to the controller to declare either for Dr. Goodchild or Dr. Amyot. Controller Church declined, but was willing to support Dr. Hastings. Controller Ward, too, hitherto a staunch champion of Dr. Amyot, is convinced now that it is useless to continue the battle, and is prepared to support Dr. Hastings, who has not been exerting himself to obtain a nomination. He was one of Dr. Amyot's strong supporters, but is now willing to allow his name to be sent on to council. There is indefinite talk of a movement to ask Dr. Sheard to remain.

For Civic Fruit Market.

The principle of establishing a municipal fruit market was approved yesterday by the special civic committee. Aid. Anderson moved that it was desirable that the market should be centrally located and readily accessible to the railways, and Controller Foster added a resolution that the property commissioner obtain a suitable site. Commissioner Harris is already discouraged by the fact that while the majority of the wholesale fruit men want the city market, they are not a solid body; and by the threat of the Grand Trunk to run a competitive market without charging fees.

Higher Wages for Linemen.

The board of control approved an increase in wages of linemen employed in the construction of the electrical distribution plant. K. L. Aitken, head of the city's electrical department, objected to the increases, which would amount to between \$1000 and \$2000 yearly, as it was necessary to keep down wages owing to the keen competition with the Electric Light Co. and the necessity of supplying power as cheaply as possible.

The change in the schedule works out as follows:

	Old	New
Ground men	22-2-0	25
2nd-class linemen	25	28
1st-class linemen	27-2-0	31

Because of a division of the coal contract for the waterworks pumping station, James H. Milnes threatened to withdraw his tender. There are 15,000 tons needed, and the Milnes tender was \$40,160 and that of the Ellis Rogers Co. \$850 more. By giving to the former company the contract for 6500 tons company, the contract to the latter the \$500 by train, the city saves \$250.

That Canadian-treated wooden blocks should be used for the paving of Yonge-street south of King-street, in preference to those treated in the United States, was the request of C. A. Moss on behalf of the Traders' Bank and other Yonge-street property-owners. The former blocks would cost \$8500 and the latter \$11,000. The city engineer said he could not recommend Canadian blocks.

Revenue From Railway.

During June the gross earnings of the Toronto Railway were \$384,795.07, and the city's percentage \$12,859.93.

five cents a mile for the distance he traveled, and that no member should be required to travel between 9 p.m. and 7 a.m. Every examiner should receive an initial sum of \$20 for setting the examination, and 35 cents for each examination, and above the paper examined over and above the sum of 50. All examiners should be paid \$150 for each half day they were examining or traveling, but not the initial sum of \$20.

A lengthy discussion ensued regarding provincial reciprocity with Nova Scotia, and several reforms having to do with examinations were determined upon, such as placing the candidates six feet apart, with one monitor to every 25.

The subject of the Roentgen ray was also fought out. Under present conditions it is practically impossible to learn the use of the X-ray in this country, and this, the doctors say, is a serious handicap. Having increased the honorarium of the treasurer by \$100, council adjourned till to-day.

Dr. Young Hits Back.

Dr. W. A. Young, when seen last night regarding the comments in the medical council said that he had received a score of telephone messages from medical friends throughout Toronto congratulating him upon the stand which he had taken and telling him that every knock such as Dr. Temple had tried to hand out to him was a boost.

"I fail to see that this is one single charge I have made has been refuted," said Dr. Young. "On the other hand, I have forced the council into a corner, and they have had to consent to publication in detail of their financial statement. Dr. Temple seems very angry about having used the word graft in my editorials. I notice on page 322 of the 1909 annual announcement of the council that Dr. Temple was the originator of the word graft, when he said 'We should try to save, and show the public in general, and our

Mason & Risch—Louis XV. Grand—with Aliquot system—a monarch amongst pianos

PAUSE A MOMENT: have YOU investigated the Mason & Risch priced-in-half piano bargains? Do you realize the value of the piano-buying opportunity here awaiting you? Briefly, the story: We have too many "exchange" pianos on our floors. They're better pianos than we usually have because they come from homes of culture as part payment on the much-sought-after Mason & Risch Player Piano. But there are too many! The surplus must go.

FINE Uprights are cut to \$198—a good, full-toned square to \$48—all reductions are drastic.

We don't care much what price they bring—but we have cared greatly about their quality (be sure of that). These pianos are RIGHT, or you couldn't get one here at all. Come in—a few examples of the

profession, that we are not grafters. I would like to ask Dr. Temple why he used the word 'graffers,' if he was not suspicious that there was something irregular. I challenge Dr. Temple to answer that question.

Asks for Enlightenment.

"In reply to Dr. Temple's alleged statement that there is not the slightest foundation to my charges, will he not enlighten the profession as to how in 1908 he received \$1200 seasonal allowance, when the session lasted only four days, from Tuesday at 2 p.m., until the following Saturday at noon? I understand that the bylaw of the council states, 'That each member of the council shall receive \$20 per diem for days necessarily absent from home.'"

"What does Dr. Temple call this? I notice also that ex-President Dr. P. A. Hardy drew a similar amount for the number of days he was not entitled to explain? There must have been something irregular about this when one Toronto member returned to the treasurer part of his allowance to which he considered he was not entitled.

"How does it come about," said Dr. Young, "that Dr. Hardy in 1907 drew \$120 at a meeting in Kingston, said meeting having lasted from 2 p.m. July 2 to the morning of July 6? This was again a four days' meeting. But in these days, per diem allowance was only \$15. In the announcement I also notice the following statement of Dr. Temple: 'We are told that there were certain committees had a meeting during the time of the session and were paid \$15 for that meeting, besides the general allowance. Is this graft?' Dr. Temple, as chairman of the finance committee, was cognizant of this. Was it not his duty to certify that these accounts are proper ones to be paid? Why did Dr. Temple not have backbone enough to refuse to certify these accounts? Dr. Hardy was in the chair when these statements were made by Dr. Temple. Has Dr. Hardy in any way sought to find out who the men were who drew this money?"

A Challenge.

"Talking about the irregularities and the rotten business methods of the council, I would like to know how, at Kingston, during the 1907 meeting of the council a four days' session was called six, and how is it 17 drew \$120 of an allowance; 7 drew \$90, and two drew \$60, when all present were entitled to the same amount.

"I challenge the president, or any other member of the council to refute a single statement I have made and I would suggest that they spend less time in abuse and a little more time in setting themselves right before the profession in Ontario."

DEPARTMENT OF RAILWAYS AND CANALS

QUEBEC BRIDGE

Tenders For Superstructure

Notice to Contractors

Sealed Tenders addressed to the undersigned and endorsed "Tender for Quebec Bridge Superstructure," will be received at this office until 12 o'clock noon, not later than September 1st, 1910, for the superstructure of a bridge across the St. Lawrence River near the City of Quebec.

Plans and specifications may be seen and forms of tender obtained on and after July 1st, 1910, at the office of the Quebec Bridge Board of Engineers, Canadian Express Building, Montreal, and at the Department of Railways and Canals, Ottawa.

Parties tendering will be required to accept the fair wages schedule prepared or to be prepared by the Department of Labor, which schedule will form part of the contract.

Contractors are requested to bear in mind that tenders will be considered unless made strictly in accordance with the printed forms, and in the case of firms, unless there is a signature of the firm, the nature of the occupation, and place of residence of each member of the firm.

An accepted bank cheque for the sum of \$500,000.00 made payable to the order of the Minister of Railways and Canals of Canada must accompany each tender, which sum will be forfeited if the party tendering declines entering into contract for the work at the rates stated in the offer submitted and in accordance with the terms stated in the form of contract accompanying the specifications.

Cheques thus sent in will be returned to the respective contractors whose tenders are not accepted.

The lowest or any tender not necessarily accepted.

They Broke Bylaws.

In the afternoon, charged LePage, 102 Tyndall-avenue, Henry with watering his lawn overtime, pleaded that his boy had done only a few minutes overtime, due partly to the poor pressure caused by everybody watering their lawns at once. He was let go. The Ford Motor Co., W. L. Symons, H. H. Snydam, W. A. Smith, Ernest G. Robinson, C. S. Coryell were each fined \$20 for driving their autos too fast, and George Stoddard and John Simpson each paid for having unlicensed dogs at large.

Fire Starting from a Picking Machine.

Fire starting from a picking machine in the Antiseptic Silk Mill, at the factory on Alice-street yesterday afternoon, caused \$15 damage.
