MAGUIRE SIMPSON YEOMANS FOSTER CHURCH SPENCE

No more important civic election has occurred in Toronto for years than that which is to be decided next Wednesday.

What they have done worthy of commendation has been to pass the Humber improvement proposals, obstructed by Ald. McBride for two years, and send on the civic bylaws to be voted on.

And this is why we consider the old aldermen as a body have been a failure.

We have supported Mayor Hocken because he has shown himself progressive and energetic.

VOTE FOR CIVIC PROGRESS AND SUPPORT THE BYLAWS

Toronto Cannot Afford to Be Left in the Back-Wash and a Grave Responsibility Rests on the Thirty Thousand Voters to Boost the City on New Year's Day.

There is a great responsibility resting on the money bylaws next Wednesday. The action taken will determine for many years to come the progress of the city.

RESPONSIBILITY ON VOTERS. Toronto cannot afford to be left in a back-wash at this juncture, and the acknowledgment of responsibilities and obligations, the determination to face her future and her apparent destiny devolves upon the 30,000 voters who hold the fortunes, not only of themselves, but of the rest of the citizens, in their hands.

VOTE FOR WATER SUPPLY. The greatest amount involved is in the waterworks bylaw. But the amount is little in itself. If the ratepayers are satisfied.

Four Children Found Beneath a Tree in State of Exposure and Collapse—Lost Their Way.

To become lost in the woods in High Park was the experience of four little children who live in Swansea.

It seems that the children left home early on Friday afternoon with the intention of spending a short time in the park, but their wanderings took them further than they thought, and when darkness began to fall, they were unable to find their way to the Lake Shore road.

IRON WORKERS FOUND GUILTY OF CONSPIRACY

Thirty-Eight Labor Union Officials Will Be Sentenced Monday For Dynamiting Outrages.

Maximum Penalty For Offence Is Thirty-Nine Years in Prison—Defence Counsel Will Appeal.

The Labor Trials

The verdict of the jury in United States court is that the labor leaders are guilty of complicity in the dynamite outrages. Public opinion will agree with the finding.

Capital and organized capital may have to revise its methods—and they have been in cases of a reprehensible character. Organized capital is now at the bar of public opinion, and at the bar of the law-making bodies all over the union and they, too, must change their monopolistic and black-listing practices.

INDIANAPOLIS, Dec. 28.—Thirty-eight labor union officials today were found "guilty" of complicity in the McNamara dynamite plots, including the wrecking of the Los Angeles Times building.

FRANK M. RYAN, president of the International Association of Bridge and Structural Ironworkers, was among those convicted. He, with others, was accused of using the union's funds to destroy the property of contractors who refused to recognize the union.

Two defendants were found "not guilty." The following were found "guilty": FRANK M. RYAN, president of the International Association of Bridge and Structural Ironworkers.

No Election on Naval Issue Liberals Leave Grant Alone

Members of Parliament Anxious to Pass Bill and Get to Financial and Transportation Problems—Keen Interest Thruout Country in Banking and Currency Question.

OTTAWA, Dec. 28.—With practically all the members of parliament home for the Christmas holidays it is difficult to size up with certainty the political situation, but the impression here certainly is that there will not be an election upon the naval issue.

At any rate the situation viewed by a prominent member of the opposition who held an important portfolio under the late government is that upon a sudden appeal to the country the electorate would only consider the proposed gift of dreadnoughts to the Mother Country and sustain the action of the government in that regard.

LONDON'S VIEW OF FINANCIAL CONDITIONS

The Year Closes With a Decided Stringency in All the European Money Centres.

BANKERS ARE CAUTIOUS. London May Call on New York For Gold to Tide Over Crisis—Market Outlook.

NEW YORK, Dec. 28.—(Special.)—The London correspondent of the Evening Post cables the following comment on the financial situation today: The year is closing with decided stringency at all European money centres.

Conditions at Paris are indicated by the week's extreme decline in French exchange—probably due, however, to the large forthcoming Credit Foncier loan on Jan. 9. France may possibly take gold from here, and, meantime, the present outlook seems to favor continued money stringency in Europe during the next three months.

An important determining factor will be developments in your country. There is some expectation that your home policies and tariff revision debate may check activity sufficiently to occasion lower money rate at New York.

Looking at the present year in retrospect, its outstanding features here are seen to be active trade, dear money, large capital flotations, the political and financial strain upon the continent and the fall in security prices.

PEACE ENVOYS RECEIVE TURK NOTE; ADJOURN

Balkan Representatives Find Conditions Imposed by Ottoman Government Quite Unacceptable to Them.

TO MEET AGAIN MONDAY

After Hour and a Half Discussion, Rehad Pasha Will Communicate With His Government.

LONDON, Dec. 28.—The peace envoys representing the Balkan allies and the Turkish empire met again in St. James' Palace today, and after an hour and a-half's discussion decided on a further adjournment until Monday afternoon.

The delegates of Bulgaria, Greece, Montenegro, Servia and Turkey gathered at 11 o'clock. It was the turn of the Turks to preside, and Rehad Pasha consequently took the chair.

The Balkan representatives found the Turkish conditions quite unacceptable, and after an hour and a-half's discussion, as no further progress was made the Turkish envoys said that they must again communicate with their government at Constantinople.

The official story of the sixth session of the peace conference issued immediately after its adjournment says: "The Turkish delegates having presented their counter proposals, the

SUNDAY DELIVERY OF LIQUOR WRONG

Even Tho It Was Paid For Saturday—Divisional Court Allows Crown's Appeal in New Ontario Case.

A judgment returned in the divisional court on Saturday by Mullen, C.J., Sutherland, J., and Middleton, J. in the case Rex v. Crown saved the Ontario Liquor Act from righteous ridicule. The history of the case dates back to the beginning of the year, when a New Ontario hotelman, named Clark, was brought before the magistrate for selling liquor on Sunday.

The case in the divisional court on Saturday was an appeal from the decision of Stone, and the crown's side was argued by J. R. Cartwright, K.C. There was no one for the respondent. In the judgment the appeal was allowed with costs, and the case was referred back to the magistrate to be dealt with.

VOTE FOR SAM RYDING.

Electors of ward seven should not fail to rally to the support of Ald. Sam Ryding. During the past year he has been an ardent advocate of anything that would benefit his own ward and at the same time has taken a broad public view on all civic affairs. Sam Ryding is not one of the men that can be spared from the 1913 council without loss to the city.
