One dollar a week deposited with the Home Bank will amount to fifty-two dollars at the end of the year, with full compound interest to be added. How many wage-earners can say that they have not wasted, or lost, fifty-two dollars during the past year from the habit of carrying money carelessly in their pockets?

Conveniences for Bums At the Jail Farm

But Free Citizens of North Toronto Must Wait Years for Them.

TAPE WORM A Black Demon

From a little boy four years old, it is like a great Black Sucker, having the power to draw itself up to one-quarter its length; when drawn up it is about 5 ft. long, and has the color of a snake, running the full length of it. This is one of the most loathsome creatures I have from the bowels of a human being, and I have some hundreds of the most gruesome-looking reptiles that have ever been seen. It is in a glass tube in my window on exhibition at 167 Dundas street where I invite you to call and have a look at it.
Do not put off getting my remedy. Every day a tape worm remains in your system there is danger, as sometimes they tie in knots and cause inflammation of the bowels, besides they multiply and fill the bowels and cause alarming troubles. Just think for a moment of one or more monsters from fifteen to thirty feet in length crawling about in you. Is it any wonder that you feel languid, weary and tired? Get my famous remedy and be relieved of this loathsome trouble. There is no fasting, no danger, it is easy to take, sure in results. I have tape worms from babies two years old, removed without causing sickness to the infant or any bad after effects.
If you are troubled with Tape Worms, now is your time to be relieved of this loathsome and disgusting creature, which is slowly but surely undermining your constitution and robbing your vitality, laying the foundation for more serious diseases, causing general debility, consumption, epilepsy, heart failure and nervous prostration, madness, and insanity. Do not delay but call at 167 Dundas street and get Prof. Mulvaney's world-famous remedy, or phone Parkdale 428, or write for information, which is free.

day for each inhabitant, and that this farm will be a model village in another two years."
Now, Mr. Editor, it seems to me that, if a citizen of Toronto desires to receive conveniences all he needs to do is to become a bum or drunk, and the city fathers will fall over themselves to supply us with all the luxuries and conveniences which in other municipalities are intended for ratepayers, who are willing to have them, and have the cash ready to pay for them, and who do not reject in being an inmate of an industrial farm, or other penal institution.
In North Toronto last year, while the district was a separate municipality, new permanent pavements were started on several streets. The contractors could not finish their jobs before the winter set in and had to leave them till spring. In the meantime North Toronto was annexed, and although the city only needs to order the contractors to finish their work and then have the debentures issued to cover the expense, and although the streets are excavated to receive the roadbed yet we are being told that nothing will be done on these streets this year. Take Yonge street, a standing disgrace to any country village, yet nothing is being done, because the works department is too busy making it comfortable for drunks and bums at the Industrial Farm.
It seems that the city's motto is: "Let all the citizens become convicts, and we give them all the comforts of life, and they don't need to pay for them."

ACCUSE BULGARIA OF HOGGING SPOILS

Duty of Allies, Says King George, To Close Ranks In Defence of Equilibrium Of Balkans.

ATHENS, July 5.—Premier Venizelos read a message from King Constantine in the chamber of deputies last night urging his people to a new struggle with their former ally. The message accuses Bulgaria of forgetting the obligations of the allies and seeking by fraud to appropriate to herself almost the whole fruits of a common victory.
"In the face of this disgraceful conduct," continues the King's message, "it is the duty of the other allies to close their ranks in defence of equilibrium in the Balkans. The Greek people in solidarity with the Serbian and Montenegrin peoples take up arms. The gallant army and fleet of Greece are asked to deliver their brothers, just freed from the Turkish yoke, from a new tyranny.
"The Hellenic nation, relying on the justice of her cause, will shrink from no sacrifice in the struggle which is blessed by the Almighty."
An attempt by D. C. Rhalhis, ex-premier and one of the opposition leaders, to criticize the policy of Premier Venizelos was drowned in thunders of cheers for the premier.

NEW WRESTLING CHAMPION.

ST. LOUIS, July 5.—Al. Waseem, of St. Louis, defeated Johnny Billiter, of Toledo, Ohio, in two straight falls and won the solidarity with the Serbian and Montenegrin peoples take up arms. The gallant army and fleet of Greece are asked to deliver their brothers, just freed from the Turkish yoke, from a new tyranny.

SERVIANS GAIN STRONG POSITION IN BLOODY FIGHT

Capture Kitchana After a Severe Battle, Annihilating Right Wing of the Bulgarian Army.

A HURRIED RETREAT

Thirty-two Bulgar Battalions and Eighty-two Guns Were Driven From Stronghold.

BELGRADE, July 5.—The Servians have captured Kitchana after a severe battle.
It is reported that the Servians annihilated the right wing of the Bulgarian army, commanded by the war minister, Gen. Kavachich, capturing important war trophies.
The position was defended by 32 Bulgarian battalions, with 80 guns, and fortified entrenchments.
The Servians are now masters of Kitchana and the principal means of communication. The Bulgarians are retreating precipitately.
The first news of the capture of the town of Kitchana was conveyed direct to King Peter from Servian headquarters, and caused the greatest manifestation of joy among Servians generally.

Servians Driven Back.
SOFIA, July 5.—It is officially announced that three Servian battalions which invaded the Bulgarian Kustendil district, have been defeated and driven back north of Egri Palanka. Two hundred Servian officers and men were taken prisoners, and several guns were captured.

Another Defeat.
LONDON, July 5.—A Sofia dispatch to The Times says: "The cabinet remains in power. A Servian division which has been surrounded near Veles, was completely defeated this afternoon, after desperate resistance. Twenty-five officers, 3000 men, and six field and two mountain guns were captured.
"The Servian main army concentrated in the neighboring heights of St. Nicholas, was a helpless spectator of the disaster."

Roumania's Demand.
LONDON, July 5.—The Bucharest correspondent of The Daily Telegraph reports persistent street demonstrations against Bulgaria and Austria. He says that Roumania makes an absolute demand for the Turnuk-Balk line, and requires an answer from Bulgaria within 24 hours.

A Vienna dispatch to The Telegraph, referring to Austria's efforts to reconcile Bulgaria and Roumania, says that Austria has offered mediation, which both sides seem disposed to accept.
A Vienna dispatch to The Daily Mail says it is officially announced that Bulgaria and Roumania have accepted Austrian mediation.

Prisoners Badly Treated.
LONDON, July 5.—A disgraceful incident marked the arrival at Belgrade today of 1384 Bulgarian prisoners of war, according to a special despatch from the Servian capital. The prisoners were marched thru the streets in the presence of immense crowds of Servians, who closed in cheering wildly at the rear of wagons loaded with wounded lying three deep, many of them apoplectic. Given this did not stop the fierce outburst of the mob, and the correspondent adds that the peace between the two nations is impossible after this.

Desperate Fighting.
VIENNA, Austria, July 5.—Desperate fighting has been in progress since yesterday near Veles (Kosovo), according to the Sofia correspondent of The Neue Freie Presse, who says the Bulgarian troops repulsed the Servian southern wing which had losses and expect to occupy Veles shortly.
The same correspondent telegraphs that a great battle, extending over an area of 50 miles, is being fought to the north of Salonika, where 50,000 Greeks are opposed to 100,000 Bulgarians. The Bulgarians, since Monday last, had made a number of minor attacks with the object of inducing the Greeks to take the offensive. The bait was taken and the battle was begun. The result is expected to be a deciding factor in the Greek and Bulgarian campaign.
The strategy of the Bulgarian commanders forced the Greeks to abandon several fortified positions near Salonika, Langass Lake and Beslik Lake. The Greeks are now threatened by an outflanking attack from a column of 30,000 Bulgarians advancing from the south of Thynys Lake.

Serious Engagement Expected.
BELGRADE, Serbia, July 5.—Bulgarian troops have backed at Zayetchar, a Servian frontier town, according to reports just received here. A serious engagement is expected during the day.
The newspapers state that the Bulgarian troops have been driven from the fortified positions they had taken up on the left banks of the Rivers Breгалitza and Zhelezitsa, after their first defeat. Large numbers of prisoners were taken by the Servians.

Greeks Capture Position.
SALONIKA, July 5.—The Greek troops today captured from the Bulgarians the small Town of Lahana, on the railroad from Salonika to Serres. It is considered the most important position in the vicinity and the key to Serres, which lies about 20 miles to the north-east.
The losses on both sides were considerable.

Turkey Neutral.
VIENNA, July 5.—It is announced here from an unofficial source that Turkey has agreed to remain neutral in the Balkan conflict in return for the concession made by Bulgaria in connection with the war indemnity.

Aeroplane Collide.
JOHANNESBURG, July 5.—A collision between aeroplanes last night resulted in the death of one of the men and the serious injury of the other. Biplanes piloted respectively by the German aviator, Heister, and Captain Friedel came together in the dusk at an altitude of sixty feet. Both crashed to the ground and the aviators were partially buried in the wreckage. Heister died shortly afterwards. Friedel's spine was badly injured.

The Don road was reconstructed under the Highways Commission (good roads) for the top four miles, and is now in good shape. But the first two miles (from the city limits up)

Friday washed all the remaining gravel off Thorn Hill and De Grassi Hill, the two slopes of the road leading to the crossing of the river and its forks at Thorncliffe Farm gate, and now there are two channels in the roadway in each hill, and the gravel all carried down into the flats. The two bridges over the C. N. R. are also covered with tons of gravel, enough to break them down. The old corduroy logs on De Grassi Hill are uncovered, and are a menace to life at night. Several motors have been badly wrenched. And yet the farmers on the east side of the township are paying more taxes than ever. One of them has instructed legal proceedings to be instituted against the township council for keeping the road in a dangerous condition. Even the branches of trees overhanging the road knock the hats off travelers and have not been cut for years.
