

and purchased from Mr. Hollia, Chemist of this Town, two boxes of Pills and two of Ointment, and in three weeks through them and the blessing of God, I was restored to health and strength, and am now as well able to walk as ever I was in my life. I am well known in this parish, having been sixty-five years in it, with an exception of ten years I served in the 24th Regiment of Foot.

CURE OF A BAD LEG OF MORE THAN SIXTY YEARS' STANDING.

Mr. Barker, of No. 5, Graham's Place, Drypool, near Hull, had ulcers on his leg from the age of eighteen until upwards of eighty, and although for many years he had sought the first advice in the country nothing was found to cure them. He very often suffered most excruciating pain for long periods together, which incapacitated him from attending to his business. He had given up all hopes of getting a cure when at last he was persuaded to try Holloway's Pills and Ointment, which he did, and however wonderful it may appear, the leg was thoroughly healed by their means, and by continuing to use the Pills alone after his leg was well, he has become in health so hale and hearty as now to be more active than most men of fifty.

N. B.—The truth of this extraordinary statement can be vouched for by Mr. J. C. Reinhardt, 22, Market Place, Hull, February 20th, 1849.

CURE OF A DESPERATE CASE OF RINGWORM, OF SEVEN YEARS' STANDING.

Lima, 13th November, 1849.

One of the most eminent Surgeons in Lima (the Capital of Peru) had a child covered with Ringworm for more than six years; in vain he exhausted all his art in his endeavours to effect a cure. Not succeeding, he consulted among his brethren, the most celebrated medical practitioners of the City, but nothing was found to do the child service. When he was persuaded by Mr. Joseph P. Hague, the English Chemist and Druggist, residing at 74, Calle de Pallacio, to try Holloway's Pills and Ointment, which was done, and after using six large Pots of the Ointment, with a proportion of the Pills, the child was radically cured, to the surprise of the whole medical profession. The name of the parent, from motives of delicacy is withheld.

The Pills should be used conjointly with the Ointment in most of the following cases:—
