

Good Things Coming to Theatres of St. John

"INTOLERANCE" TO BE SHOWN HERE. D. W. GRIFFITH'S WON- DER-WORK TO PLAY 3 DAYS AT ST. ANDREW'S RINK.

While it is not generally known, it is nevertheless a fact that the people of St. John narrowly missed D. W. Griffith's wonder work "Intolerance" being shown here. In spite of many attempts to secure a theatre in which to show this marvellous production, it was impossible to do so, whether for the reason that some other attraction was booked or that the house did not want to depart from the policy which it was then running under in regard to the class of attraction being shown or their price standard. It remained for a private citizen of this city who, having seen the picture in New York and Halifax, felt that his fellow-citizens should also have an opportunity of witnessing the world's greatest production, to arrange to have the picture shown here at the St. Andrew's rink for three days starting Thursday, October 18th. This public spirited gentleman has arranged with Mr. Wm. Cranston, general manager of "The Birth of a Nation" and "Intolerance" in Canada to assume all the expense incurred in giving the production here in its entirety. It was presented in New York and Halifax, with full symphony orchestra, soloists, electrical effects, etc. For several reasons this gentleman wishes for the present not to be known in the matter. It is to be hoped that all theatre-goers and music-lovers will show their appreciation of his unselfish and praiseworthy efforts to give his fellow citizens the very best that can be offered in the amusement line by responding in large numbers at the rink during the term of the engagement. Arrangements have been made to have the rink comfortably heated.

WONDERFUL BILL AT IMPERIAL.

The fifth instalment of The German Retreat From Arras pictures at Imperial Theatre is attracting more than the ordinary interest. This whole series of British War Office record films have shown the exact movement of the British forces in the initial step in driving the Teutonic forces out of France and Flanders and in the two reels which will be concluded tonight some vivid and startling happenings occur. The scenes shown in full view with blazing guns, the Canadian Highlanders dash across No Man's Land amid bursting shrapnel, German men and officers are rushed in as prisoners, and searched, cavalry enter Arras, the devastated city is shown and from beginning to end the pictures are crammed with lively action. The last two reels showing the joy and tearful welcome to the Allies accorded by the people of the stricken city of Arras, be shown Friday and Saturday. Tonight the Triangle comedy-drama "Madame Bo-Peep" (on O. Henry's story) and a reel of interesting footings taken during the recent Motion Picture convention will be on the bill. Tomorrow the Vitaphone Co. present "By Right of Possession" with Antonio Moreno and Mary Anderson, and the 13th chapter of "The Great Secret," as well as the war pictures aforementioned.

IN THE REICHSTAG

Amsterdam, Oct. 11.—During the debate in the Reichstag yesterday Deputy Cramm said that the declaration of Dr. Von Kuhlmann, the foreign secretary, that apart from Alsace-Lorraine, there is no absolute guarantee to peace, was tantamount to a definite undertaking that Belgium should be given.

"That should be heralded forth to all the nations," the deputy added. Gustav Stresemann said he would not oppose a reduction of armaments, but he thought that disarmament hardly was practical politics.

Count Von Westarp, a Conservative, thought that Germany's answer to the Pope ought to have made clear that Germany would not undertake to disarm, and hoped Von Kuhlmann had not tied himself to yielding up Belgium.

HAVE NO FEAR NOW THAT PETROGRAD IS IN DANGER

Abandoned—Kerensky to Visit Kornilov

Petrograd, Oct. 11.—With the announcement of the new cabinet comes the statement that preparations for the removal of the government to Moscow have been stopped. It is generally assumed that the political outlook is the cause. Fears for the safety of Petrograd have subsided. The visit of the ministers to the army staff has as one of its objects the reform of the personnel of the staff, and possibly its removal elsewhere. Premier Kerensky, it is said, will visit General Kornilov, who is reported to be ill.

Petrograd, Oct. 11.—Despatches from Tashkent, capital of Russian Turkestan, say a detachment of troops under General Kerovitchenko, has arrived there and occupies "Liberty House," the headquarters of the local women's and soldiers' delegates. The rebels were arrested, together with the governor they had nominated.

STATEMENT OF
RUSSIAN POLICY

Petrograd, Oct. 10.—The new Russian government, in a declaration today regarding its participation in the forthcoming allied conference, says that while discussing questions connected with the common war, the Russian representatives will endeavor to reach an understanding with the Allies on the basis of the principles proclaimed by the revolutionary government at its inception.

"The government," it adds, "will extend its whole strength in support of the common decision of the allies to defend the country, to oppose every attempt at the conquest of territory of our nations, and every attempt to impose the will of others on Russia."

"In restoring the fighting power of the Russian army," it is declared, the government will follow the democratic principles already promulgated by the war minister. The declaration says: "The rigorous selection for high command of men whose technical capacity is equal to all the demands of modern warfare and who at the same time are devoted to the republic as well as the close collaboration of the high command with the naval and military organizations both at the front and in the rear, will constitute the basis of the re-organization of the army."
