sented the manager of the Hartland Observer with a new potato on Tuesday and stated that he had pulled several hills on Monday morning and produced enough good sized spuds for dinner. This is indeed very early considering the lateness of the spring and the seeming backwardness of the weather. We are told that the grain and potato crop here compares very favorably with the crop in Ontario, which is very backward.

AT PACIFIC JUNCT

MONCTON, July 9.—A considerable quantity of liquor was located near Pacific Junction, about 12 miles north of here, this afternoon, by district chief enforcement officer W. N. Goodwin and his staff. The liquor was found cached near the C.N.R. station there and was said to be awaiting transportation by freight to Edmundston where it is believed it would ultimately find its way to the American side.

The inspectors have been checking up the situation very closely and to-day discovered that this route was now being used by rum-runners in moving the illicit goods from the Northumberland Straits to the main border, automobiles being used up to Pacific Junction, thence the rail.
