COKEVILLE, WYO., ELECTIONS WOMEN PLACED TO OUST BOOTLEGGERS

Cokeville, Wyo., May 13.—This town, which has the reputation of being a haunt of "bad men," held an election, and Mrs. Ethel Stoner was the successful candidate for mayor. Mrs. J. D. Noblitt and Mrs. Richard Roberts were named to the city council.

The women defeated a men's ticket, and they have announced their intention to "clean the town of bootleggers and other law violators."

Mrs. Stoner polled seventy votes, while R. A. Boomer, the men's candidate for mayor, received forty-three.

The election of Mrs. Noblitt and Mrs. Roberts gives the women a majority in the council, the male members serving an unexpired term.

DEATH FOR INNOCENT MAN

Unless Massachusetts Amends Its Law to Save George L. Rollins.

Boston, May 12.—Only a change in the law can save George L. Rollins, convicted of murder, from the electric chair, although another man has confessed to the crime of which Rollins was found guilty. This was the statement made by Thomas L. Wain, his counsel, before a legislative committee, in appealing for an amendment to the statutes. Under the present law no application for a new trial on the ground of newly discovered evidence can be heard later than one year after the trial. District Attorney O'Brien joined in asking for the amendment.

Rollins, more than four years ago, was convicted of the murder of Orville Hall, manager of a local branch of a chain grocery store system. Since his trial, his counsel said, new witnesses had been found, and a man serving a term in the Eastern Penitentiary, in Philadelphia, had confessed to the murder of Hall.

A recent application for a new trial was dismissed by the Supreme Court on the ground that more than a year had elapsed since the original trial.

TO TRY BUFFALO MAYOR.

Indictments Against F. X. Schwab, a Brewer, Not to Be Dropped.

Buffalo, May 12.—Mayor Frank X. Schwab, president of the Buffalo Brewing Company, must stand trial on indictments returned by a federal grand jury charging the company and the mayor as an individual with violating the prohibition law by selling beer of excessive alcoholic content.

Mr. Schwab visited Washington after his election as mayor and paid internal revenue penalties amounting to \$10,000. It was understood then that the entire case had been settled. United States Attorney Donovan notified the mayor's lawyers today, however, that he had decided to bring the mayor to trial on or before June 15.

KILLS HERSELF AND 3 DAUGHTERS WITH GAS

Atlantic City, N. J., May 13.—Mrs. Edith Miller Busby, wife of William S. Busby, vice-president of the Keystone Lubricating Company of Philadelphia, and her three daughters were found dead in bed Wednesday morning in Mrs. Busby's home at Ventnor, near this city, from asphyxiation by illuminating gas.

Notes found in the house, the police say, indicated that Mrs. Busby had planned death for herself and her daughters. She has been separated from her husband for three years.

The bodies were discovered by a maid. Two gas jets were turned on. In the bedroom were found two notes written by Mrs. Busby. One was addressed to the maid. The other, to the woman's husband, said that "all would be better off."

County Physician Souder said Mrs. Busby had been in failing health and that he believed her mind had been temporarily deranged.

The three daughters, all of whom were found with their mother in her bed, were Constance, eleven years old; Edwinnia, nine, and Mary, six.

A postscript to a note left for her husband ended with a quotation from the Rubayyat of Omar Khayyam by Charles Baudelaire.
