IS GREAT STRETCH OF HIGHWAY NOW

St. John To Sussex Road In Splendid Condition

INSPECTION TRIP MADE

Premier Foster and Party Find Work Well Done and Conditions Better Than They've Ever Been—A Joy to Motorists

That the provincial government is fulfilling the promises made before they took office that the roads of the province would be put in good shape was demonstrated very clearly, with regard to the eastern section of St. John and Kings counties, on Saturday afternoon, when an inspection trip was made by Premier Foster and others.

As a whole, the roads were in splendid condition. It seemed to have been a change of government to bring about the introduction of modern methods of road-making. One of the worst features of New Brunswick roads in the past had been the custom of allowing grass ridges to grow along the sides, thus preventing proper drainage and, during rainstorms, converting the roads into miniature rivers or lakes, which speedily did away with the effects of temporary repairs.

Probably the poorest roads on the entire run were found in the section of St. John county between the city and Brookville, but the work now under way and that which has been done in the past, remedy that condition. The provincial government now is constructing a permanent highway of MacAdam which will surface from the city limits to the Three Mile House, and the work has progressed far enough to show the fine job to be made of it.

Over excellent roads through Quispamsis, one comes to the highway bridge erected by the late government. It is a fine bridge, but it was installed at right angles to the road on either side of the track, with a sharp and dangerous turn at each end.

After a short stay in Sussex, the party turned homeward, and on arriving at Hampton, enjoyed supper at the Wayside Inn. The run to the city, arriving before nine o'clock, completed an exceedingly pleasant trip.

Along the roads where the repair and construction work has not been completed, work was in progress at several places, and by the time these operations are finished the whole road will be a joy to the motorist.

There never was a time in the history of the province when good roads were more important than they are today, in view of the need for increased production on the farms, carrying with it the

LOCAL NEWS

KETCHUM-McLAUGHLIN. The wedding of Henry L. Ketchum to Miss Margaret McLaughlin by Rev. William Duke, on Oct. 28, 1917, has been announced.

A CHALLENGE. Charles Redmond, manager of the Franklin baseball team, wishes to challenge any baseball nine in the city on behalf of his team. He desires an answer through these columns.

A PLEASANT OUTING. The senior Epworth League of Portland Methodist church held an outing Saturday afternoon at the summer residence of Stanley Irvine on Kennebec Island. Twenty-two members motored to Millidgeville and crossed to the Island on the ferry steamer Maggie Miller.

OF IMPORTANCE. Dr. H. L. Abramson, chief of laboratories and provincial pathologist under the new public health act, has consented to speak before the Canadian Club on the subject of the relation of the provincial laboratory to public health. Doctor Abramson has won a high reputation in New York in the work which he has specialized in and is an interesting talker on the subject.

SCHOONER WAS ASHORE. The two masted schooner, Louisa, bound from Shubenubee to Boston, with a cargo of lumber, ran aground near Musquash on last Friday. She was refloated at high tide and worked into Musquash harbor, where she is at the present. A report received by her local agent, J. Willard Smith, this morning stated that she was filled with water and that it would be advisable to lighten her. A scow was sent to Musquash and her deck load will be removed. In all probability she will then be towed to this city for an overhauling and repairs.

CAMP GALAHAD. Plans for the fourth annual summer camp for the boys of St. Dunstons Presbyterian church were announced at the services yesterday by the minister, Rev. J. A. MacKinnon. Camp Galahad will be located at Holder's Point this year and the boys will be under canvas for a fortnight next month. There were twenty-four in the party last year but this year the leaders are willing to undertake a camp on a somewhat larger scale and it is expected that about thirty will compose the party.

SHAW-LONG. A pretty wedding was solemnized in the Cathedral of the Immaculate Conception at 6 o'clock this morning, when Miss Annie Geraldine Long, youngest daughter of the late Mr. and Mrs. John Long of Albert, N. B., became the bride of William Lewis Shaw of Moncton. Nuptial mass was celebrated by Rev. Wm. M. Duke. Miss Long was attended by her sister, Mrs. J. Geo. Johnston, and Stanley B. Adams acted as groomsmen.

Following the ceremony Mr. and Mrs. Shaw drove to the home of the bride's sister, 684 Main street, where a wedding breakfast was served. Mr. Shaw has the honor of being a member of the first contingent, later being transferred to the Fighting 29th in France. After a short wedding trip Mr. and Mrs. Shaw will reside in St. John.

MORE THAN 300 FROM GRADE VIII WRITING H. S. EXAMINATIONS

First Paper Was Tackled This Morning—High School Tests Also—The Holidays

High School entrance examinations commenced this morning. The date of the examinations is fixed by the school act which specifies that they shall begin on the first Monday after June 18. The subjects of the papers are those contained in the eight grade course and it will take until Friday at noon to complete them. Today the subjects were: Morning, geography; afternoon, English composition; Tuesday morning, arithmetic; afternoon, drawing. Wednesday morning, algebra; afternoon, natural science; Thursday morning, English grammar; afternoon, history—British and Canadian. Friday morning, Latin. Including students from Westfield, Beauséjour, and Robesay Consolidated School, the total number writing the examinations is 346.

The High School graduation examinations also were commenced this morning and will be continued until next week. Upwards of 100 are writing the papers. Some boys who were eligible to take the examinations are working in the ranks of the S. O. S.

Public school holidays this year commence on Friday, June 28, and will continue until September 3. The holidays are a little longer this year owing to the fact that a maritime province institute will be held in Moncton on August 27, 28 and 29.
