

# A Word To All Neal Patients

DEAR SIR,—

Now that you have taken the Neal Cure, it is well for you to know something of the results of alcohol upon the human system. While all desire, craving and appetite for liquor has been taken from you by the Neal Treatment, your system is not in the same condition that it was before you ever touched liquor, for the alcohol has left the traces of its action. Your stomach is tender, your nerves are shaky, you may be irritable, and, at times, feel vicious. But if you will keep your mind off of your past drinking and give nature time to recuperate, the injury done your system by alcohol will be fully repaired and your system become general. But you must not try to aid nature by taking medicines, drinking so-called soft drinks, or frequenting bars or associating with those who would tempt you to drink again. And should you be asked to take a drink have the moral courage to say, "No," and stick to it by your refusal.

If you will kindly remember and follow these suggestions, given in a kindly spirit, for your own good, you will not only be protected and insured against drinking again, but in not returning to drink you will give nature the required time to right the wrongs done your system by alcohol, when you were drinking.

Should you meet a fallen brother, staggering under the weight of drink, tell him what the Neal Cure did for you, and thus offer a helping hand to him who needs your assistance as you once needed our help.

Sincerely yours,

THE NEAL INSTITUTE OF ST. JOHN,  
G. F. HEPBURN,  
Manager.

WORSE THAN FARMERS'

Hon. Mr. Lemieux Shows How  
French Investors Lost Half Mil-  
lions Through Failure of Finance  
Minister to Properly do Duty

Ottawa, Jan. 27.—The common-sense and practicality of the whole of today's sitting in venting the decidedly suspicious circumstances surrounding the situation of the International Bank and the presidency of Sir Rodolphe Forget, the chief organizer of the Conservative forces in Quebec. The story, as told by Hon. Rodolphe Lemieux, in moving for the papers in connection with the granting of the treasury board certificate, disclosed a financial drama that certainly leaves the present finance minister, Hon. W. T. White, under criticism.

Mr. White's trouble has its genesis in a too hasty and unconsidered granting of a certificate to the bank in question, as a result of which Mr. Lemieux pointed out to the French shareholders that the bank was in a state of liquidation as a result of the failure of the International Bank. Mr. White owed it to these unfortunate shareholders to institute an investigation as thorough as that which was deemed necessary by him in the case of the failure of the bank. Mr. Lemieux pointed out that the application of the organizers for a certificate was refused by Hon. Mr. Fielding, the predecessor of the present minister, on the very grounds which so largely contributed to the disaster of the shareholders.

Mr. Lemieux pointed out that the application of the organizers for a certificate was refused by Hon. Mr. Fielding, the predecessor of the present minister, on the very grounds which so largely contributed to the disaster of the shareholders.

Before the certificate had been granted, said Mr. Lemieux, conditions had been entered into under which the shares of the International Bank were pooled and an agreement made that a premium of \$10 for each paid up share would be given and no more made upon the shareholders. Moreover a payment on his note of \$200,000 had been made to O. B. Dowd, a man against whom Mr. Lemieux, when premier, was operating a lottery scheme, for commission on securing stock subscriptions.

## Was Afraid COLD WOULD DEVELOP INTO Bronchitis.

Bronchitis begins with a tightness across the chest, difficulty of breathing, and a wheezing sound coming from the lungs. There is also a raising of phlegm from the lungs, especially in the morning. This is at first white, but later becomes greenish or yellowish color, and is occasionally streaked with blood.

On the first sign of a cold or cough take Dr. Wood's Norway Pine Syrup and prevent it turning to bronchitis, for once bronchitis gets installed into the system it is only a short step to Consumption.

Mrs. F. Saunders, Toronto, Ont., writes:—"It is with great success I have used Dr. Wood's Norway Pine Syrup. My little girl had an awful cold which seemed to go to her throat and chest, and while she was sleeping one could distinctly hear her wheezing. I was afraid it would develop into bronchitis, so as soon as my husband came home I sent him right away to get a bottle of Dr. Wood's Norway Pine Syrup. As soon as she awakened up I gave her a dose and continued its use until she became quite better. We only used half a bottle. I will never be without it as I consider it invaluable."

Be sure you get "Dr. Wood's" when you ask for it. The price is 25 and 50 cents per bottle. Put up in a yellow wrapper, and three pine trees the trade mark.

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

**GREAT LOT OF RUSSIAN LUMBER  
DUMPED ON BRITISH MARKET**

One of the leading lumber merchants of St. John in speaking with a Telegraph reporter yesterday, said that owing to the very mild weather there has been a very large quantity of Russian white wood imported into the Manchester district, the quantity estimated at more than 7,000 standards, equal to 14,000,000 sup. ft., during January. This has temporarily flooded the market with white wood which practically means spruce, and for shipments going forward, a reduction of at least ten shillings per standard has been made on some consignments arriving under this season, and as long as the mild weather continues in the north of Europe, the Riga shipments will continue to arrive in large quantities and are serious cutting into the recent good prices that have been obtained by shippers on this side.

The stock of Riga on hand at the first of the year as compared with previous years was exceptionally large, being 9,000 standards in Manchester as compared with 7,000 standards the year before. And while the stock of spruce in New Brunswick and Nova Scotia was rather light on account of the large quantity of Riga on hand it has had a serious effect on the price of stock going forward from New Brunswick and Nova Scotia, and if this weather continues we will see lower prices of spruce for this season.

The one Baltic port of Riga last year shipped more lumber than New Brunswick and Nova Scotia together shipped to transatlantic ports.

Wear William—"You condemn us tramps but there's one thing we must get credit for," Mrs. Stinger—"What's that?" Wear William—"You don't hear us indulging in labor disputes."
