### Building An Empire

Every loyal Canadian is an "Empire builder." He is anxious to add to the health and prosperity of the Dominion. But you can't build an Empire out of lands and mines and railroads alone. You have to build an Empire with men—and the way to make men is to give growing youngsters a food that builds strong and sturdy bodies. Such a food is

## SHREDDED WHEAT

It contains all the material in the whole wheat grain made digestible by steam-cooking, shredding and baking. It is better than mushy porridges because it induces thorough mastication and thus develops sound teeth and insures perfect digestion. A food to study on, to play on, to work on.

Always heat the Shredded Wheat in oven to restore crispness. Two Shredded Wheat biscuits with hot milk or cream will supply all the energy needed for a full day's work. Try Toasted Trixlet, the Shredded Wheat variety, for luncheon, with butter, cheese or marmalade.

### "ORANGE LILY SAVED MY LIFE"

These words or expressions having the same meaning are contained in hundreds of the letters I have received during the past year. Many were from women who had suffered agonies from falling of womb; others from women who had had successful surgical operations, as the tumors and ulcers had been removed by the action of Orange Lily; and others who had suffered from suppressed menstruation, leucorrhoea, painful periods, etc. For all these and the other troubles known in general as Women's Disorders, Orange Lily furnishes a positive scientific, never-failing cure. It is applied direct to the suffering organs, and its operation is certain and beneficial. As a trial actually proves its merit, I hereby offer to send absolutely free, a box worth \$1.00, sufficient for ten days' treatment, to every suffering woman who will write for it. Enclose 3 stamps. ### AN EVERY DAY DRESS

BY MRS. COLELL DILLON

I am showing you my one work dress, which would make a fine afternoon costume for anyone. It is of very dark blue serge. The skirt is narrow and plain. Over it is a tunic which does not confine the waistline at all. From the points at the side heavy black satin is draped into a flat bow in the back. Undershirt and sleeves as well as the pleated collar are of net. This gown is a modification of a design by Paquin.

### CAROLINE COE'S LETTER TO A YOUNG HOUSEWIFE

EUNICE DEAR—

You will remember that you had two extra patty shells from your camping dinner. You can use the two extra shells for dinner the next night. Fill with mushrooms in a cream sauce. Use two even tablespoons of flour and one even tablespoon of butter or its substitute. Blend perfectly smooth. Heat one and one-half cups of milk in double boiler (if you haven't one use a little pan and set it in the skillet, putting two or three nails under the pan).

When the milk is warm put a little into the flour and butter and stir until the consistency of cream. Turn into hot milk and stir so as to keep from being lumpy. Allow to cook slowly at least half an hour. When ready to serve salt to taste. Put in the mushrooms and serve in the patty or pie shells. Try to make your work as easy as possible and don't fuss too much for Billie for he must know that lots to eat costs money, makes work and a whole lot of dishes to wash. Does he help with them? Make him—it will teach him to invite you out once in a while to dinner, so he won't have to wash the dishes. By the way: How do you wash your dishes?

Always have plenty of hot water. I like to wash my pots and kitchen things first, getting the worst out of the way. After that, washing the silver, glass and china dishes does not seem anything more than doing some dainty fancy work.

CAROLINE COE.

### Daily Hints For the Cook

Potato Rolls

Take cold, mashed potatoes, add a little salt, and make into balls with little flour. Flatten them and drop into hot lard or drippings and fry until they are a delicate brown on both sides.

Lemon Pudding

Mixed Chicken With Cream Sauce

Then add 1 pint of cold chicken chopped fine, a teaspoon salt, a dash of pepper and a teaspoon of chopped parsley. Remove from the fire and add 2 well-beaten eggs. Fill into small greased molds, stand in hot water and cook in the oven 15 minutes. Serve hot with cream sauce made from rich milk, thickened to the consistency of cream.

### WOMAN STREET INSPECTOR

Philadelphia has a woman street inspector. Director Cooke of the department of public works has appointed Mrs. Edith W. Pierce, secretary of the Home and School League, to the place which was created recently. She began work on August 15, and will receive \$1,800 a year. Mrs. Pierce stood first on an eligible list of eight.

Mrs. Pierce's duty is somewhat different from that of the men inspectors. Instead of having a district, she will cover the whole city, and will pay particular attention to "the condition of schools and homes. Director Cooke says that she will organize sectional associations for keeping the streets, sidewalks, homes and schools clean and will visit them frequently, making addresses and instructing the people in the ways of municipal cleanliness.
