ORANGE WEEK!

FORTY-FIVE Carloads Coming—Are California's Finest—The "SUNKIST" Kind—ON SALE ALL NEXT WEEK!

Attractive Prices and Special Displays of "SUNKISTS" At All Dealers

Forty-five carloads of fine Sunkist oranges—more than 18,000 cases—are speeding eastward by fast freight direct from the orange groves of California.

They will be here, on sale at every dealer's next Monday morning. The sale will continue through the week. It will be the biggest affair of its kind in history.

Last year's "Sunkist" Orange Sale was such a huge success, and every body bought so liberally, that your local dealer was simply swamped with business. They were hardly able to supply the demand. We therefore suggest that you place your order for "Sunkist" oranges as early next week as possible. Then you will be certain of being supplied.

Every orange in every box is sound, tree-ripened and hand-picked—the most delicious, healthful fruit on the market. For "Sunkist" oranges are California's choicest crop.

Five thousand orange growers select their choicest and pack them under the name "Sunkist." Thus every "Sunkist" orange is perfect—solid, sweet and full flavored.

In "Sunkist" wrappers you get tree-ripened, hand-picked oranges of the most acceptable variety. Every orange is picked by a gloved hand. They are shipped by fast freight, and always reach your table in prime condition. Being seedless, fiberless and without any of the very little waste, they are the most economical oranges you can buy. Each one is packed in a germ-proof tissue paper wrapper and bears the label "Sunkist."

All Physicians Advise Oranges

Physicians and food experts advise people to eat more oranges. We are a nation of meat eaters. And in winter, especially, the system gets clogged, causing congestion, colds, fevers, etc. Those who eat fresh, wholesome fruit freely, seldom require medical treatment.

Serve Them for Breakfast and in Salads and Desserts

Oranges are the ideal breakfast fruit and "between meals" lunch. For salads, they are indispensable. Orange ices, sherbets, puddings, etc., are very popular and delicious desserts.

"Sunkist" by the Box

"Sunkist" oranges reach you in such perfect condition, fresh from the orange groves, they will keep for weeks. Your dealer can make you a handsome saving if you order a box or half box. They are cheaper than table apples, and the greatest health food.

DEFENCE OPENS; NEW YEAR'S EVE TROUBLE CASE OFF TILL MONDAY

The case against the eleven young men charged with being members of an unlawful assembly, was continued yesterday afternoon before Mr. Justice McKeown, and after several witnesses had been examined was postponed until Monday at 10 a.m.

When the court resumed in the afternoon Mr. Mullin in opening the case for the defence, moved to have the defendants, May and O'Rourke, dismissed on the ground that they were mere spectators, and he cited several English cases to show that mere presence did not of itself render persons guilty of being members of an unlawful assembly. There was no evidence, he submitted, to show that May and O'Rourke took an active part in the riot. There was evidence to the effect, however, that both May and O'Rourke rendered valuable assistance to the St. John Street Railway employees.

His Honor, "Going further than that," said that May and O'Rourke were seen in the vicinity of Lower Cove with the crowd, and that there is something in that fact for the jury to pass upon.

Mr. Mullin, "Well, your honor, I concede that that is slight evidence. In addition, however, I submit that the crown should show that the defendants assembled there that night with the intent of carrying out a common purpose. This has not been shown."

Mr. Mullin was followed by A. A. Wilson, K. C., who, in the words, adopted the argument of Mr. Mullin, contended that defendant Hamilton should be dismissed.

His Honor, "My views, Mr. Wilson, are that so long as the defendants were seen with the crowd the case should go to the jury for consideration. Whether the defendants had taken any active part in the assembly or whether they were there accidentally or otherwise are facts for the jury to decide."

In reply to Mr. Mullin, Mr. Baxter said there was a wide distinction between a riot and an unlawful assembly. In a riot there must be both a common purpose and the execution of a common purpose. In an unlawful assembly mere presence was sufficient to render persons liable. In this latter case it was not necessary to show that a single harmful act had been committed. Mere presence, in his opinion, constituted participation.

The counsel outlined their case for their respective defendants. They said they could produce evidence which would clear them with the jury.

Frederick Way, one of the defendants, was called. He said he had been in King street on the night of the trouble. O'Rourke and Donald Gillespie were with him. He aided the street railway employees when the cars were held up. He offered to give Perry his name, if he wanted it. On Sunday night Lucas and Perry took him off his car and arrested him.

Donald Gillespie, employed with Macaulay Bros & Co., corroborated Way's evidence.

Chas. Garnett, a bell boy in the Royal hotel, told of seeing O'Rourke in Charlotte street, and of hearing him say, "they are carrying the joke too far."

Thos. McCarthy said he heard some of the crowd at the foot of King street shout "Come down, Charlie, here come the laborers' bell!" he saw Charles Alcorn running down King street.

Robert Evans said that Alcorn had asked him to aid in ringing in the fire alarm, but he refused. He then heard some one say, "I will, Charlie, and later he heard the alarm sound."

Wm. J. O'Rourke repeated almost in detail what had been said by Way and Gillespie.

TO HOLD INQUIRY OVER FAILURE OF GRAND TRUNK TO REINSTATE STRIKERS

London, Ont., Jan. 13—Judge J. A. Barron, of Stratford, arbitrator between the G. T. R. and those of the employees who were not reinstated at the close of the recent strike, announced that he would be in this city on Wednesday next for the purpose of hearing the cases of all the men in this city who have not been put back on their jobs. "The proceedings will be of a private nature, no counsel being allowed on either side," said the judge.

The arbitration will be held at Stratford Monday and Tuesday. Among the many other places where the judge will hold court are St. Marys, Mount Pleasant, Niagara Falls, Fort Erie and Durand (Mich.).

YARMOUTH MAN FOUND UNCONSCIOUS

Yarmouth, N. S., Jan. 13—(Special)—George Amisault was picked up on Regent street Wednesday night lying across a stone wall and in an unconscious condition. Up till today he had not recovered consciousness and his appearance is judged he is the victim of "kiddie" drops, as his system is evidently thoroughly poisoned. His money and ring are gone, but as he is unable to give an account of his movements that night it is not known whether he was robbed or not.

THE HISTORY OF H. P.

Every popular commodity has a history of paramount interest to somebody. Here is the history of H. P. Sauce—we think it will interest you.

At Birmingham, England, there is a very large malt vinegar brewery, in fact, the largest in the world, and as malt vinegar is the essential foundation of all high class sauces, the proprietors of the vinegar brewery are constantly in touch with all kinds of sauces.

Now some time ago, it occurred to them that nearly all the sauces on the market were far too thin and pungent, and too imperfectly blended to be worthy of the name of relishes and that if a rich sauce, of the kind of H. P. Sauce, could be produced, it would be a great improvement on the market at a very moderate price.

IN PARLIAMENT

A Bill With The Object of Doing Away With The Tipping Nuisance

Ottawa, Jan. 13—The commons had a day of detail work, devoted chiefly to the Quebec estimates. The net result of some four hours of desultory discussion in committee was the passing of votes agreeing \$200,000.

On one item—for a post office at Marieville in Hon. Mr. Brodeur's constituency, where no harm could be done to a hopelessly Conservative cause, a motion to reduce a vote of \$17,000 was negatived after an hour's debate in a listless house by 43 to 24.

The only other interesting feature of the day was the introduction of a bill by E. N. Lewis to prevent the giving and taking of secret commissions.

One clause in the bill seeks to prohibit the pernicious practice of tipping, and which the member for Huron said would apply to waiters, coachmen, servants and porters on railway trains.

Travers Pleads Guilty

Toronto, Jan. 13—William R. Travers, former general manager of the wrecked Farmers' Bank, pleaded guilty today to three separate charges, and was remanded until Monday next for sentences without bail. The charges were: Making false returns to the government, theft of \$40,000 from the bank, and the making of a false document.

DOWN TO DETAILS IN THE RECIPROCITY CONFERENCE

(Staff Correspondence of Toronto Globe)

Washington, Jan. 11—The outlook for a successful termination to the Canadian-American trade negotiations now pending is considerably brighter tonight. Hon. Mr. Fielding and Hon. Mr. Paterson conferred with Secretary Knox for almost three hours this afternoon, and when they separated there was a much more optimistic tone in the little circle of diplomats.

For the first time since the conference started the Canadian ministers called to meet the two departmental assistants—namely, John Macbougall, deputy minister of customs, who was accompanied by James A. Russell, the tariff expert, and the finance department.

The presence of these men indicates that the negotiations have passed the initial stages, and are on a basis more likely to lead to something definite.

It is stated in Washington circles tonight that the American proposals were found by the Canadians to be unexpectedly broad and comprehensive, giving substance to President Taft's seriousness in opening up the whole subject. In harmony with this the president has told recent callers at the White House that for the present the Americans are not worrying over what the personal or sectional opposition may be to their proposals. It is stated also in American circles that the American representatives had their case thoroughly prepared along these lines. The Canadian ministers by the aid of their assistants and by hard work between the sittings have their own brief well in hand, and hard work may bring about an early termination of the conference. It was affirmed today by a United States senator close to President Taft that another week should see the end.
