LOCAL NEWS

BANK CLEARINGS.

The St. John bank clearings this week were \$3,182,788; last year, \$2,436,300; in 1918, \$1,775,605.

POSTPONED.

The annual meeting of the St. Martins Telephone Company, Limited, which was to have been held yesterday afternoon, was postponed until next month.

NOT DUKE STREET.

The police raid reported in yesterday's paper was not made at 125 Duke street, as reported, but in a Sydney street house.

IS GROWING WORSE.

William O'Keefe, who was so badly burned on Monday, was reported this afternoon to be in a critical condition, and gradually failing.

AGAIN A POLICEMAN.

At the conclusion of the police court session this morning Andrew Duffy was sworn in as police constable. He was a member of the police force about two years ago and his appointment will be heard with pleasure among his many friends.

NOVELTY SHOWER.

About thirty friends of Miss Lila Wilson gathered at her home, 197 Charlotte street, last evening and tendered her a novelty shower. She was the recipient of many useful and desirable gifts. After music and refreshments, the gathering dispersed, wishing Miss Wilson a very happy future.

BASEBALL.

The East End Intermediate League will open the baseball season this evening on the East End grounds with a game between the Imperials and Roses. The league is composed of Imperials, Roses and Cotton Mill and games will be played on Tuesday, Wednesday and Friday evenings. Work is being done on the grounds.

ANOTHER CHARGE.

In connection with a raid at 125 Sydney street on Tuesday night by detectives and Inspector McAuliffe, after which Morrell Lougee was charged with being the keeper of a bawdy house, a quantity of beer was found which when analyzed was found to contain twelve per cent alcohol. As a result of this the inspector has charged the accused with brewing beer in his premises. The case will be taken up and dealt with later.

POLICE COURT.

In the police court this morning, Geo. Miller, charged with having liquor in his possession, pleaded guilty and was fined \$50. This man was arrested yesterday afternoon about 6 o'clock in Union street by Inspectors McAuliffe and Kerr and a bottle containing liquor was found in his possession. In consequence of information received, Inspector McAuliffe, in company with Sergeant Scott, went to the store of William McKenzie, Millidgeville, and found a bottle of liquor which they seized. The proprietor was arrested and taken to the police station. A charge of assaulting his wife was laid against him in addition to that of having liquor in his possession. He was arraigned today and was remanded.

Samuel Jackman and Thomas Smith, given in charge by Captain Willard of the R. M. S. P. liner Chandiere on charge of being deserters, were remanded to jail until the vessel sails on Saturday.

A juvenile, charged with stealing \$4 from another lad, pleaded guilty and was sentenced to four years in the Boys' Industrial Home.

Frank Murphy was remanded for investigation by the detective department.

Four men, charged with drunkenness, pleaded guilty and were each fined \$8 or two months in jail.

ONSLAUGHT ON UNTIDINESS PROGRESSES

Odd Assortment of Material Moving Towards the Dumps—Clean-Up May Continue Tomorrow—Street Flushing.

Christmas trees, some of them with the trimmings still attached, old stove pipes, disused hot water boilers, and an infinite variety of junk, rubbish and other impediments continued to flow through the city streets today on the joyful way from their winter place to the city dumps as a part of the great drive against uncleanness which the allied forces of the city and the board of health have been making. T. M. Burns, secretary of the health board, said this morning that he expected the results this year would far eclipse those of any year in the past.

Commissioner Frink said that while a few complaints had been received that garbage had not been removed, the work had been generally satisfactory. Asked regarding the proposed flushing of the streets, he said complete arrangements had not yet been made, but that when arranged it would be not only for one day but periodically during the summer.

There is a possibility that the clean-up process will not be completed this evening but be carried over to the morning.

The French Chamber of Deputies yesterday afternoon ratified the treaty of St. Germain with Austria.

Engineer Reports on Douglas Avenue Crossing—The Band Concerts—Matter of Indiantown Ferry.

Richard O'Brien and Duncan G. Lingley, members of the board of commissioners of the Free Public Library, appeared before the city commissioners at their committee meeting this morning in connection with repairs to the library.

Mr. O'Brien said that the total repairs were estimated at \$2,500, while the city's grant amounted to only \$1,150. He asked that the work be undertaken as soon as possible and suggested that the city take care of any expenditure over the amount granted. The matter was referred to Commissioner Thornton. Mr. Lingley suggested that one of the city gardeners be instructed to pay periodical visits to the library to care for the land surrounding it. This was referred to the public works department.

The common clerk read an invitation from the City Public Service Employees' Union to the mayor and commissioners to attend a smoker in the Oddfellows Hall tonight. The invitation was accepted and all the commissioners able to do so are to attend.

Commissioner Bullock reported on the traffic of the E. Ross on the Lancaster ferry route. He said from January 4 to 28, the revenue was \$159.30 and expenses \$89.19, leaving a deficit of \$244.89. He suggested that the \$2,500 be granted for the purchase of the E. Ross. The county to grant a like amount, and the boat to be owned jointly by the city and the Parish of Lancaster and to be operated by the Indiantown-Lancaster Commission.

On motion of Commissioner Frink the matter was referred to Commissioner Bullock, the mayor and the city solicitor, to submit a properly drawn resolution. Commissioner Thornton read an application from Robert Roberts to install a gasoline tank at his premises, 36 Cedar street. Referred to the commissioner of public safety.

Commissioner Frink advised that he would arrange the matter of bands on the city squares as soon as possible.

A further communication was read from the executive of the Countess de Bury offering the old Shamrock grounds and adjoining property, totalling 338,485 sq. ft., for sale at the price of \$10,000.

As the council had decided to negotiate with the government for the purchase of the rifle range, Commissioner Jones suggested that the matter be left over for consideration until the rifle range matter was settled.

Mr. Thornton moved that in the meantime the city engineer be asked to make a report on the area offered.

Commissioner Frink suggested that at the same time the commissioner of water and sewerage should bring to council a copy of a plan by the late city engineer of the proposed trunk sewer in the Newman Brook.

A bill of \$112.50 for three months rent of the office of the Dominion Provincial Employment Service of Canada was referred to the provincial government to the city. This is for the three months, February, March and April. The mayor said that the city had agreed to pay the rent of this office up to Feb. 1. It was decided to leave the matter to the mayor for further investigation.

Douglas Avenue Crossing.

The city engineer's report regarding the crossing of the C. P. R. rails at Douglas Avenue said that the new rails would be about thirty feet north of the present line. He recommended the granting of permission for the crossing under the present conditions.

One of these was that the C. P. R. arrange with the N. B. Power Company to lower the grade to the street so as to give the same percentage of grade, approaching from the east as now exists, if the city or the N. B. Power Company deem it necessary and if the grade be lowered that the water mains and hydrants be lowered proportionately at the expense of the company.

"The consideration of an under or overhead crossing of the highway with the railway (either is feasible)" the report said, "is a matter apart from the present question; the effect of either would be to make Douglas Avenue a dead end street and if serious consideration is given to getting away from a grade crossing the present grade down to the street railway crossing of the C. P. R. could be made a little steeper without any inconvenience to traffic." The matter was referred to the city solicitor, and commissioners of water and sewerage and public works.

An application from the Y. W. C. A. to erect an electric sign at 28 King street was referred to the commissioner of public safety.
