The War

The Italian* have made slight gains against the Austrians.

The Russians are still taking the offensive against the Germans in Poland and Galicia and have gained some ground. In Armenia the Russians are still progressing toward Trebizond, although they are meeting with strong opposition.

The fighting is still fierce around Verdun, and although the French are generally withstanding the German attacks the Germans are making slight gains. The British army have extended its lines so that the French may get more men.

The British captured 600 yards of trenches from the Germans around St. Eloi this week. Some British light cruisers had a brush with German torpedo boats, and several German ships were sunk. One British torpedo boat is missing. In East Africa General Smuts is progressing favorably.

Price of Seals \$5.75

The Mail and Advocate says that the price of seals is \$5.75 per cwt. This is the price being paid by Mr. Harvey for the Sable Island's seals. Mr. Coaker, the Mail says, offered the men \$5.75 before the offer was made by Mr. Harvey.
