The third annual tournament of the National Bowling Association, held at New York, is closed. More than 4,000 bowlers from all parts of the United States have participated in the various competitions during the three weeks of the tourney. There was no change among the leaders in the championship events, and at the close announcement was made of the principal prize-winners, as follows: Individual competition—Edward Thompson, New York, score 699, 841; Charles Schoder, Brooklyn, score 676, 821; Charles Buonomo, Rochester, score 671, 818; Fred Heigeman, Brooklyn, score 670, 816; Charles Handler, Buffalo, score 664, 813. Two men team competition—Satterthwaite and Rodgers, Philadelphia, score 1,298, 857; Wood and Lockwood, New York, score 1,257, 830; Vanderbeck and Copeland, Brooklyn, score 1,244, 825; Bowes and Windheim, Utica, score 1,243, 824; Larkin and Morris, Baldwinville, score 1,241, 814. Five men team competition—Cortinas, New York, score 2,899, 81,000; Metropolitans, Baltimore, score 2,862, 8462; Cleveland, Cleveland, score 2,855, 8465; Sunsets, Brooklyn, score 2,831, 8358; At Chicago, Chicago, score 2,830, 8301. The above cut shows some of the bowlers who took part in the tournament.

Joe Tinker, the Chicago Cubs' shortstop, has been laid up with kidney trouble and has been ordered to stay in bed for a few days by his physician. Jake Stahl's dislocated finger may keep him out of the game for the greater part of this week. Wolter will go first and Gessler will probably be seen in right field again. Manager Lajoie spent Sunday with friends in Woonsocket, his old New England League stomping ground. Larry never misses an opportunity to run down to the Rhode Island city. The New York Highlanders are getting big crowds at the Hill Top. Stallings certainly deserves support. After last year's finish the Yanks are proving the surprise of the league in some respects. Up to Saturday there had been 34 postponed games in the National League. New York had postponed 11, Philadelphia and Boston 10 each, Brooklyn 9, Pittsburgh and Chicago 8, Cincinnati 7 and St. Louis 5. Joe Cantillon says he has the best club in the East, and that the Eastern managers will find this out by July 1. Up to the present time, Locke, Stallings and Connie Mack are waiting to be shown. Charlie Carr is producing the goods again, as usual. His Indianapolis team is again at the head of the American Association. Small scores seem to prevail in the American League this season and the Nationals have scored nearly as many as many tallies as their American League rivals so far. But this does not mean that the American League has all the best pitchers or lacks the heavy hitters of the rival league. Steele, Hooper, Burchell, Arelanes, Chech, Niles, Madden and Ryan are the only members of the Red Sox outfit who have not been sick or injured since the season began. Lord, Wagner, McConnell, French, Stahl, George, Spawker, Cicotte, Carrigan, Donahue, Wolter, Wood and Thomey have all been under the weather since the ball rang. RING NOTES. Eddie Kelly and Eddie Stanton will meet at Niagara Falls, June 22. The contest was to have taken place this week. Phil Brock, the Cleveland light-weight, is wanted by the Akron (O.) promoters. Negotiations are pending for a match between Brock and Tom Murphy of New York. The match between Jimmy Clabby and Mark Anderson for Hammond, Saturday, has been declared off. Anderson refused to scale lower than 50 pounds. It is expected that Dick Strapnick will take Anderson's place against Clabby. Dr. Roller, the wrestler fighter, thinks he can whip Stanley Kichel. With the success that the doctor has had with net in boxing games, he would seem wise for him to confine himself to wrestling. Jack Johnson Sunday night in Boston, when asked about the despatch that he was to be at the ringside to witness the bout between Jeffries and Berger, said he would be there if the officials would agree to take him on for the six rounds in place of Berger. The story that I would appear at Pittsburgh is wrong," said Johnson. "I know nothing about it and haven't even heard from the Pittsburgh promoters about appearing there. Tonight I will appear at the Ambler theatre and tomorrow night will box a three-round bout with an Armstrong at the Army A. A. I want is a chance to show the people that I can beat Jeffries in any kind of a bout from six rounds to ten. If Jeffries will take me on in place of Berger I will willingly accept it. Mr. Theodore H. Bird went east on Tuesday at noon.

### ST. PETER'S MADE NINE RUNS IN ONE INNING—HAD 17 HITS

In a game which was interesting chiefly from the standpoint of a curious collector, St. Peter's plastered it all over the Fairville A. O. H. last evening with a score of 20 to 5. 17 Hits in 4 Innings. For St. Peter's it was one big bat-feat, their hits for the four innings totalling seventeen. Of this number, E. Mahony had four, C. McCormick, one, F. Dever two, J. McCormick, two, Rogers one, McGowan two, and Bent three. F. Mahony had two hits, one a double-sacker and the other a three-bagger. His last, which came in the third span, brought in three runs. It was a bad evening for pitchers. There was not a strikeout throughout the game except that which Rogers committed in the fourth with malice aforethought, after St. Peter's had rolled up something like eighteen scores. The peculiarity of the game was that Fairville seemed to have it clinched—the first round. St. Peter's had scored once in the opening half, but failed to get further on account of sharp base throwing. J. Dever had caught at second, and J. McCormick at first on throws from Catcher O'Toole. O. H. fell on Bent when they came to bat. After Downing had reached first on four balls, Joyce, J. O'Toole and Harrington singled safely in succession, and all four scored. After the first Joyce was the only A. O. H. man to get in with a score. Fairville had two hits after the first inning, J. O'Toole and McKinnon being responsible. An idea of the chances for stick work afforded may be gathered from the fact that St. Peter's had fourteen men up in the second, and nine in each of the two following innings. A. O. H. had ten men up in the first. St. Peter's scored once in the first inning, nine times in the second, five times in the third, and five in the fourth.

### MORE HORSES AT SACKVILLE SPEEDWAY THE SENATORS TRIM DETROIT ONCE MORE

Two more horses will take up quarters at the Sackville Speedway today. Winfield Stratton and a four-year-old mare. Both horses are owned by Hon. A. B. Etter, of Amherst. Winfield Stratton is the well-known stallion with a mark close to 205. He was brought to the provinces a couple of years ago, but in his first season on the eastern tracks he made a rather disappointing showing though there is no doubt of his speed. Last year Mr. Etter did not race Winfield Stratton at all, but this season the horse is being brought back to the track. The mare which will be brought here by Mr. Etter, is one which is expected to develop quite a turn of speed. Chisholm's String. Mr. John Chisholm, the Maccan trainer and driver, now has six horses working out under his direction at the Speedway. The number includes the four already named in The Tribune, and colt belonging to Dr. Calkin, and Robert C. 221, owned by Mr. Amos Etter, jr. Last week saw a number of Amherst horses at work on the Speedway. The track, by the way, is in pretty good shape and is improving as the amount of work on it increases.—Sackville Tribune. St. John track athletes are in great demand throughout the Maritime Provinces. Windsor, Sackville, Springhill and Charlottetown are after St. John's long-distance runners. Windsor wants Stubbs. Sterling is the man wanted by the other places. Windsor is so anxious to have Stubbs run on Dominion Day that they have opened negotiations with the M. P. A. A. to have him reinstated. Springhill, Charlottetown and Sackville are also planning to run off long-distance events on July 1. Stubbs will go to Windsor if he is put back in good standing. Sterling will go to Springhill as that town asked for him first. On June 23 the Every Day Club will be represented at Moncton by Covey, Brooks and Sterling. MARYSVILLE WON, 9 TO 3. The lap streak boats are receiving their first trial at the Minnesota Boat Club of St. Paul. Crew Coach Langford was favorably impressed with these boats at Winnipeg last year and decided to obtain a few from St. Paul. They are a little heavier than a four-sided shell but make excellent boats to coach and train green material.

### TRAINERS AT READVILLE ARE SLOW IN GETTING HORSES READY

Trainers at Readville "Tot soam" have taken place in the training of horses the Boston Herald says: "What a change has taken place in the training and racing methods in this section of the country is shown by the fact that in the old days one of the best and most important race meets of the season was a fixture at old Mystic Park during the week of June 17. "But now the trainers at the local track have but just commenced to report their horses and start training in earnest. "It is not, perhaps, the trainers' fault, for there is not much of an incentive for them to get horses ready early. Still it was the dilatory methods of the trainers that kept the track managers pushing their meets ahead. "Now, no track management would think of giving a meeting for at least a month later than the date when everything was in full swing in the old days. "Going Slow This Season. "How slowly the trainers are going with their horses this season is shown by the fact that it is now the third week in June, and 220 has been shaded but a little by any of the horses that are in training at the Readville track. "As a matter of fact, the aged horses in training, with the exception of a few cracks, get little attention from those who watch the work of the stables in training. "Interest in Youngsters. "It is the youngsters, the 2 and 3 year old trotters, that are the most in the public eye at the present time. Indeed, the interest that is manifested in the youngsters is the most encouraging feature of the light harness game, in this part of the country, at least, at the present time. "A whole lot has been said and written against training and racing colts. One would be led to believe that the road to success in the way of winning futurity honors has been literally strewn with wrecks. No doubt this is so in a way, but are there not about as many derelicts to be found among the aspirants for fame that have been kept in cotton batting until they were fully matured before being put in strenuous training? How many of those "aved-over" phenomena make good? "There is something about colt racing that appeals to a great many lovers of the trotter who care little about the gambling end of the game. To win a colt race with either a youngster of their own breeding or one that they have selected in the rough means more to them than would a winning ticket upon an old patched up veteran of the grand circuit. "These are the kind of men that will help out the sport at the present time. It is a pretty fair proposition that the youngster that, if he is well trained, goes to the bad in his pre-

paration for the 2 and 3-year-old stakes will, if kept until he is fully matured, develop the same weakness that sent him to the discarded ranks earlier in his career. Baron Wilkes (2.18) the former premier stallion at Maplehurst farm, Lancaster, Mass., is now the property of W. A. Ralston, Howard, Kan. Al- though the famous son of George Wilkes is now 27 years old, he is said to be well preserved and in excellent health. From Detroit, where he is in training, comes reports that indicate that The Angus, the fast California trotter that is entered in the M. and M. and other big stakes down the line, will bear watching whenever he starts. He is said to have stepped a mile in 2:14 with the last quarter in 32 seconds, some time ago. Ed Geers has beaten 2:24 with one of the 2-year-olds in his stable. Out at Readville the best that the baby trotters have done is 10 seconds behind the work of the southern trained youngster, but there is a lot of time before the baby trotters will be put to the supreme test. It will be pleasant news to the turfmen who remember his many brilliant races on the Grand circuit and elsewhere in years past to learn that the once sensational pacing gelding Harold H. (2:03 1/4) is now an inmate of a lively stable at Winnipeg, Man., where he is reported to be receiving hard usage. He adds another to the long string of racing geldings that have met similar fates. The Billings string of fast record trotters, headed by Lou Dillon (1:58 1/4) that has been in training at Berlin for several weeks, is now in Russia. Silver Baron, the Carroll brothers' good 4-year-old stallion could not be working better than he is. He looks to be a high-class trotting prospect. NEW CYCLING RECORD. All existing records between New York and Boston on a bicycle were shattered Sunday by Joseph Noe of Jersey City, who made the run from New York City Hall to Boston City Hall in 20 hours, 36 minutes. The previous record was 23 hours, 33 minutes, made just a year ago by Fred Ferreault, of Malton.

George Finnemore, of Fredericton, who played with Bangor in 1907 and 1908, and also with Hamilton, Ont., in 1908, is back with Bangor. Graduated With Honors. Mr. Ronald Stockton, who is with an eminent legal firm in Toronto, and at the same time carrying on his legal studies at Osgoode Hall, was one of a
