## WASHINGTON SENATORS A COME BACK AGGREGATION

### Clark Griffith's Senators furnish the most striking example offered by any major league club on the possibility of the "come back" in baseball.

Washington, 6; Boston, 1. The remainder of the programme consists of Walter Johnson making the National pennant winners say "uncle" in the world's series.

It is not to be realized that he now believes to be next to certainty. He went to Washington at the beginning of the 1912 season, after Washington in eleven years as a member of the American league had finished six times, five times and six four times.

### Building Up With Discards.

It was with discarded players that Griffith built up the machine which beat the Athletics and trailed the Boston Red Sox in 1912, following up with another second place team last season. Danny Moeller, who had been turned adrift by Fred Clarke; Chip Gandell, who had been sent to the Chicago White Sox; and Eddie Foster, sent on his way when Hal Chase led the Yankees, were the players to round out a winner at Washington.

Baseball history of the past few years is replete with instances of one club turning a future star player back to the minors without even the formality of keeping a string attached. Using this "string" is the usual procedure when a player is considered likely to develop sufficiently for major league service.

Among the pitchers there are several notable cases. Elmer Brown, now with Brooklyn, was sent back by the St. Louis Browns. Charley Smith of Boston, but he came back strong. King Cole was held by no strings by the Cubs and he is back again in the rival league. Bill Doak of St. Louis was at one time with Cleveland, and George McQuillan was not held by any tie to the Cincinnati club, so Pittsburgh grabbed him and he showed some flashy work as a come-back. Jim Vaughn failed to impress as a Yankee, but as a Cub he showed enough to make Hank O'Day smile. Cravath of the Phillies and Fred Falkenberg, last year with Cleveland, are other notable examples of the come-back in baseball.

## FEDERALS CUTTING INTO INTERNATIONAL LEAGUE

### Providence, R. I., April 27.—The inroads of the Federal league in the international league are going to be more serious by far than was at first anticipated, and all of the teams will be materially affected.

That the Feders are not through with the international league is evident by the efforts of the Baltimore and one other club to get "Bunny" Hearn away from Toronto. Hearn refuses to discuss the matter, but it is known that he received an offer on a great deal more than he is getting from the Leafs. Toronto were forced to pay him a handsome advance on last season's salary. The pitcher says that the excellent treatment he has always been accorded by the Leaf management was an important factor in his refusal to jump. Indications are that the salary limit restrictions imposed a year ago on international league clubs will be ignored in the fight against the Feders.

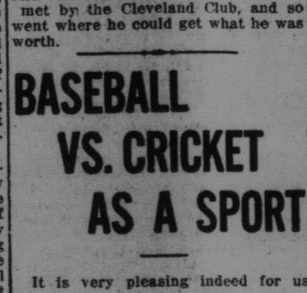

Manager Dunn, of the Orioles, openly states that he will not be bound by the limit in his effort to supplant the Baltimore Feders in the favor of the fans of that city. Waiters have been received on Jim Thorpe, the great Indian of the New York Giants, and he is expected to join the Leafs any day. A right-handed batsman is needed by the Toronto team, and the slugging Thorpe would fill the bill to a "T."

### The St. John Power Boat Club will celebrate its fourth anniversary this evening when a smoker will be held in the club house.

A bumper program has been prepared and everything points to a record good time.

### There are the gooden cruises, leaves that fill the kitchen with the aroma of fresh-baked hickory nuts—See the cagy kiddies follow their noses to table. To-day—Bate with Five Roses Flour.

## BASEBALL VS. CRICKET AS A SPORT

### It is very pleasing indeed for us Canadians who have been reading some of the trash in American papers in regard to the views of English and Australian sporting writers to see that at least one American scribe takes the proper view of the situation, as is shown in the following clipping from a Los Angeles exchange:

"Just because English and Australians failed to become enthusiastic the first time they saw a baseball game is no reason why we should abuse them. Baseball is not a hippodrome sport, like automobile racing. Baseball, like cricket or trap shooting, is interesting only to those persons who understand what it is all about. You mark that speech in anybody's history. America doesn't care a whoop whether Australia or England play baseball and they don't lose any sleep over the unimportant fact that we don't care for cricket. Arguing over the matter is as futile as a wrangle between two young men as to which has blondes and the other has a decided leaning toward brunettes. It would be a sop to our self-esteem if we should be wrong. But even such an honor would be empty. We once spent several months trying to convince a friend that crickets were edible and finally won our argument; but after it was all over we had to admit that the joy of victory was not worth the effort. Some of our best writers are highly indignant because the English called baseball "glorified rounders." I G. Spalding and Will Irwin went deep into the history of baseball and finally proved that baseball did not develop from rounders. Well, what o' it? Baseball is more like rounders than any other game we can think of and it might as well be called "glorified rounders" as anything else. The fact that baseball did not develop from rounders is interesting, but not important. Rounders has no blemish upon its name that would cause the best of our eugenic fans to consider it an unfit parent for baseball. The game would be just as thrilling if it did descend from rounders. So let the English call it "glorified rounders." Let the Australians call it dull. The world tourists may not have perceived the public, but they made a lot of money. So they are satisfied. Most of us never expect to be in London with an unassailable desire to see a ball game, so why should we fret? Very well, then."

### THE PITCHER SPEAKS.

You oughter seen the game I pitched today. They sure were standin' there and swingin' wood; I made them suckers throw their bats away. I was sittin' half-rolled in the play. Grab it from me, most of them saps just stood. And seen it cut the plate. Of course I should have won; but I got careless-like, and say, I ain't no guy to kick in with a roar. But, honest, Bo, the big boob shut his eyes. Before he swung, they'll tell you that he was in the zone. The cover off the ball, but the surprise. Most knocked him dead. The man was a saps; But I should 've split him a few worth'n' criss."

### Frank Gotch, World's Champion, is 36 Today.

Seattle, and then got the best of Tom Jenkins at Bellingham. In 1904 he defeated Jim Parr in Buffalo, and twice triumphed over Dan McLeod, his old rival, in Vancouver, but in a return match with Parr in Buffalo was defeated. He also lost to Emil Maupas in Montreal early in 1905, and to Jenkins three times that year, losing twice. In 1906 he cleaned up Parr and Jenkins and other good men, but lost to Fred Beell in New Orleans, and twice defeated Beell soon afterward. After winning the world's title from Hackenschmidt in 1908, Gotch toured England, meeting all comers, and tried to get another match with the Russian Lion.

### SWENEY IN GOOD FORM

Frank Gotch, who became the champion wrestler of the world by defeating George Hackenschmidt, "The Russian Lion," in Chicago six years ago, will pass his thirty-sixth milestone today. The giant grappler was born April 27, 1878, at Humboldt, Ia. Gotch was reared to a height of five feet and eleven and a half inches on an Iowa farm, and from his boyhood was a bear as a "rassler." Not long ago Gotch announced that he was through with the mat game forever, issuing a statement in which he said: "My wife and myself have gone over the matter thoroughly and nothing will induce me to change my mind. The call of the foreigners and the offer of big New York purses will never make me leave the farm again."

### FRANK GOTCH

It was in April fifteen years ago that Gotch made his professional wrestling premiere in his native town, defeating Marshall Green. Later that year he was defeated by Dan McLeod and Farmer Burns, but he was not discouraged. In 1900 he met and mastered six men. The following year he was the champion of the world in the Klondike, and took part in several wrestling and boxing bouts for the amusement of the sports of Dawson City. He soon tired of the frozen northland and 1902 found him back in Iowa. Late that year he engaged in his first match with Tom Jenkins, who is now wrestling instructor at West Point but for many years was catch-as-catch-can champion of the world. The bout was staged in Cleveland and Jenkins was the victor. After that he went to the Northwest, where he defeated Farmer Burns twice, scored a split-decision over Chief Two Feathers at Vancouver and King Leo, a Jap, at foul play is yours.

### THIS DATE IN RING ANNALS

1192—Tommy West and Mysterious Billy Smith fought ten-round draw at Portland, Ore. Smith was then at the beginning of the ring career that was to make him the first welterweight champion of the world, while West, later one of the cleverest men in the middleweight division, was then also comparatively new at the game. Before meeting West the "Mysterious One" had whipped most of the good men of his weight on the Pacific coast, including Spider Kelly, the great Danny Needham, Charles Gleason and Shadow Maber, the fast Australian welterweight. The bouts attracted attention to Smith, and the Coney Island A. C. of New York lured up a purse of \$5,000 for a battle between Mysterious Billy and Tom Williams of Australia. This was the first fight for the newly created welterweight championship of the world, and Smith won by a knockout in the third round.

1894—Bob Fitzsimmons knocked out Abe Goetz in second round at Chicago.

1903—Jimmy Britt defeated Willie Fitzgerald in twenty rounds at San Francisco.

1910—Oswan Moran knocked out Tom Hill in first round at San Francisco.

### Archer and Killefer

One of the most notable managerial mistakes of recent date was that of Hushy Jennings when he turned Jimmy Archer back to the Buffalo club without keeping a string attached. Jimmy was back in the majors again after one season in the minors and he quickly proved himself the best catcher in the game. Another sterling backstop who was turned loose by the American league and later bobbed up as a star in the National league was Killefer of the Phillies. He was turned back by the St. Louis Browns. Jeff Terrace and Bob Heshner of the Chicago White Sox, and Eddie Foster, sent on his way when Hal Chase led the Yankees, were the players to round out a winner at Washington.
