

Exceptional Values in Overcoats

Now almost everyone can tell you that you, after all, will have to judge how good these values are.

As a store of real service to men the season's requirements are completed for months before you ever give a thought to colder weather.

These overcoats are priced on a basis of what we paid for them, not what they would cost us today. Quite a respectable saving to you, isn't it?—\$10 to \$10 on each coat.

As far as Quality and Style are concerned, you'll find our latest firmly even in each coat. That's sufficient.

Exceptional values, \$25 to \$50—the finest, \$85.

48,000 Will See The Game

Army and Navy Gridiron Battle, Last Big Event of the Year, Will Be Fought Today

New York, N. Y., Nov. 28.—The United States military and navy academies began their march on this city tonight, preparatory to the annual Army-Navy football game at the Polo grounds tomorrow afternoon.

The main forces will not arrive until tomorrow, but tonight supporters of the Navy Blue and the Army Gray began pouring into leading hotels, the ranks of youthful middies and cadets being augmented by scores of graduates now officers in the service.

Approximately 48,000 spectators will witness the game. Twice the number of tickets could have been sold. The few tickets that have reached the speculators are bringing big prices.

While there appears to be little wagering on the part of the public, or followers of the academy or football in general, much bet is made for the Army team by slight odds.

TRIAL OF WINNEPEG STRIKE LEADER

(Continued from page one.)

Greetings To Soviets.

Further excerpts from the report were then read by Mr. Andrews, which showed that the convention had sent fraternal greetings to the soviet government in Russia and the Spartacists in Germany, declaring sympathy with their aims. A resolution was read also calling for a general strike on June 1 to secure a six-hour working day and release of political prisoners.

The strike on June 1, according to the report which Mr. Andrews read, was to be called as a protest if the Allies continued to do anything to interfere with the Bolsheviks in Russia. A further resolution was read favoring the soviet government. Mr. Andrews read a report of the discussion, as to what means could be taken to prevent further participation by Canada in the Russian situation.

Mr. Bird objected to the crown counsel reading only parts of the resolution. Mr. Justice McKeefe stated that the defense could be permitted to read whatever portion they desired when Mr. Andrews had finished.

Strong Speech of Russell.

Following the reading of the report of the convention the crown called the third witness, T. L. Peters, local real estate man who attended the meeting in the Walker Theatre, December 22. He gave evidence as to the resolution passed and named the speakers. He declared that the speeches made by R. B. Russell on the resolution regarding the discontinuance of action by the government against Russell was very strong.

At this point Mr. Bird objected to the evidence on the ground that no evidence of any speeches by other speakers than the accused (R. B. Russell) was admissible.

Mr. Andrews cited authorities to the effect that he was entitled to introduce such evidence. The court delayed proceedings to allow of the cases being looked up and verified.

LEGAL FIGHT FOR BABY IRENE.

(Continued from page one.)

Mr. Harding produced the hospital charts purporting to show that Mrs. Matters had given birth to a child. Dr. Berard said the charts were prepared by his direction and he knew them to be a fraud.

"They were part of the fraudulent game in which you were engaged," commented Justice Lennox.

Mr. Harding refused the entries which had been made in Dr. Berard's book. He asked the witness if there were any honest entries in it. Dr. Berard said there were, "all of them except one." The entry in question was that in connection with the birth of "Baby Irene" which was entered as the child of Mrs. Matters.

Mrs. Dolly Ledgerwood Matters is the widow of the late Frederick Matters, a Chicago contractor, who left a fortune of upwards of a quarter of a million dollars.

Matters died on January 4, 1916. Mrs. Matters came to Ottawa in June of the same year and returned to Chicago, claiming to have given birth to the female child she brought home with her. As Matters had died without leaving a will, she sought administration of the estate on behalf of herself and child as the sole heir.

Relatives of the dead man contested the claim, bringing up the question of the motherhood of the child and claiming Mrs. Matters was only entitled to the widow's share under the laws of the state.

A charge of conspiracy was laid against Mrs. Matters in the Chicago criminal courts, and after a lengthy hearing Mrs. Matters was acquitted. Then Margaret Ryan, of Ottawa, appeared on the scene and was successful in obtaining possession of the child under a writ of habeas corpus in the court of Federal Judge Landis, and brought the child to Ottawa. Mrs. Matters later appealed from Judge Landis' decision, and the United States Court of Appeals decided in her favor. However, the child was outside of the jurisdiction of the U. S. courts, and the Ryan girl refused to give it up.

Then followed Mrs. Matters' sensational attempt at kidnapping this summer, of the laying of a charge, still pending, of attempted kidnapping, and her subsequent institution of the habeas corpus proceedings in the Supreme Court of the Province of Ontario, just concluded.

Programme to be Carried Out by Dom. Board of Soldiers' Re-establishment Will Provide Needed Assistance.

Vancouver, B. C., Nov. 28.—A despatch to a local paper from Kamloops, B. C., says:

The big Indian River Reserve, opposite Kamloops, which contains many acres of the finest bench lands, is also to be taken over by the Dominion government and utilized as the centre for a great soldier colonization scheme.

"It is proposed that the new colony shall be open for occupation by any soldier of the Dominion and for ex-imperialists, especially for those men disabled through being gassed. Climatic conditions in this district are well adapted for the permanent betterment of such men.

GOOD SKATING AT FREDERICTON

Annual Meeting of the Fredericton Agricultural Society Heard Most Gratifying Reports of the Year's Work.

Special To The Standard

Fredricton, N. B., Nov. 28.—The ice along the shores of the St. John river had formed so solidly today that a number of young people were skating along the shore at North Devon. The season of navigation, which opened on April 10th last, is now believed about finally closed. Last night was the coldest of the official minimum temperature at the Dominion Meteorological Station at the University of New Brunswick being 13.5 above zero.

The annual meeting of Agricultural Society No. 34 was held this afternoon at City Hall when reports were presented on the Fredericton 1919 Exhibition. The reports showed that, after paying for a new transportation building which cost \$12,500 and making other expenditures amounting to another \$1,000 on grounds and buildings, there was a surplus in the treasury of \$3,807.11. Receipts included \$5,825 from the Militia Department to replace the society's buildings which had been used for war purposes, and one of which was burned while occupied by the military. Gate receipts of the fair were put down as \$12,223.74.

New bye-laws were adopted reducing the number of directors from 21 to 12 and the following were elected: Ald. William McKay, F. B. Edgcombe, C. F. Chestnut, A. C. Fleming, J. Stewart Neill, H. A. Smith, W. A. Vanwart, F. L. Cooper, W. S. Hooper, W. E. Farrell, T. S. Wilkinson and Hugh O'Neill. The directors meet next week to elect officers. There were only nine present at the meeting.

U. S. CONGRESS TO RECONVENE NEXT MONDAY

So Far There Has Been No Authoritative Information as to What President Will Say About Treaty.

Washington, Nov. 28.—With some Senators returning from their homes for the re-convening of Congress, negotiations are expected to begin tomorrow for handling the Peace Treaty problem at the new session. Senator J. Hitchcock, of Nebraska, the Democratic leader, will reach the capitol tomorrow morning and is expected to see President Wilson during the day. So there has been no authoritative information as to what the President will say about the Treaty in his message to Congress next week, but the general expectation is that he will submit it and ask again for ratification. It has been suggested by some Senators that he might submit also a draft of reservations which he would regard as satisfactory.

KANSAS TO TAKE POSSESSION OF ITS COAL MINES

Topeka, Kansas, Nov. 27.—Kansas has been brought to the point of using all its powers to protect the people whose suffering would be unendurable unless relief was afforded from the emergency brought about by the coal strike. Governor Henry J. Allen announced tonight in a formal statement.

Declaring that it was the duty of the government to protect the people whose welfare was dependent upon it, he asserted that he would use the power of the state for one purpose only to relieve the coal famine and to protect the lives of those engaged in carrying out this effort.

The governor declared that people have responded willingly to his appeal for volunteers to work the Kansas mines. He said the people realized that it was not a strike-breaking enterprise.
