

JUDGES FOR EXHIBITION ARE NAMED

Men Who Will Pass Upon Horses, Cattle, Sheep and Swine—Work to Start on Opening Day.

Friday, Aug. 5. The central management of the exhibition has received official word from J. G. Rutherford, Ottawa, veterinary director-general and live stock commissioner, nominating those who are to judge the live stock at the Dominion Exhibition Sept. 5 to 15. The list is as follows: Judge of light horses—J. Staudiah, V. S., of Truro (N. S.). Judge of heavy horses—George Gray, of Newcastle (Ont.). Judge of beef cattle—William Elliott, Galt (Ont.). Judge of dairy cattle—W. W. Ballantyne, Stratford (Ont.). Judge of sheep and swine—C. M. MacRae, department of agriculture, Ottawa. The Ottawa authorities have notified these gentlemen that it will be necessary for them to be on hand on Monday, Sept. 5, so that the work of judging may be proceeded with expeditiously giving the public the benefit of their judgment at an early date. Visitors to the fair on the first few days will therefore be informed through the medium of badges, ribbons, placards, etc., of the excellence of the animals. Manager Good and the exhibition executive are greatly pleased with the selection made by the Ottawa department and also that the judging is to be proceeded with so promptly. Those selected are among the foremost of Canada's experts in their respective lines and are much sought after by exhibition people throughout the land for similar duties.

EVERYBODY FOR LOOK AT FAIR GROUNDS

Monday, Aug. 1. The exhibition executive held a special session in the central offices yesterday afternoon and dealt with a large number of matters pertaining to the approaching Dominion Fair. President Skinner, presided. It was decided to hold a public view of the new exhibition facilities on Wednesday afternoon, August 10, starting at 4 o'clock. This will be a distinct feature, a sort of co-operating advertising scheme in which the citizens of St. John and their families can inspect the radical changes and improvements of the grounds and grounds and grounds. By August 10 the new fence will enclose the facilities and everything, it is expected, will be in readiness for the building of exhibits; indeed by that time some other exhibits will be setting up their booths. Therefore a surprise awaits the public, a sort of new conception of the exhibition buildings. The executive committee and staff will be on hand to escort through the buildings and grounds and make full explanation to them. It was also decided to hold a commercial horse parade on the last afternoon of a fair, a procession of all the business horses in the province for the sterling trophy donated by the Toronto Open Air Horse Parade Association. The winner of the cup, the other winners and the "honorable mention" will be ribboned and otherwise marked for inspection. Much interest, it is expected, will be awakened in this contest. Permission was given the general manager to deal with advertisers who desire to use electric signs on the exhibition grounds. It was suggested the manager confer with Dr. H. S. Bridges, local superintendent of schools, and the chairman of the board of school trustees relative to a school half holiday on Wednesday, Sept. 15, children's day. A communication stated that Major Nelles, commandant of the Royal Canadian Dragoons at St. John's (P. Q.), might personally command the detachment to perform at the fair.

GRAND TRUNK STRIKE HAS BEEN CALLED OFF

Montreal, Aug. 2.—The Grand Trunk strike is over. It was officially declared off tonight and the men in the train and yard services will return to work as soon as the company find positions for them. The company will retain as many of the men who worked during the strike as they wish, and the former employees will be taken on as quickly as opportunity permits. The schedule of wages offered by Mr. Hays on July 18, decided on by the board of conciliation, which was the offer on which the men struck, becomes effective as on May 1 last. The rates of pay and the rules and conditions of services given by the C. P. R. in settlement of their troubles become effective on the Grand Trunk on December 31, 1911. Messrs. Garretton and Lee, who left to night for St. Louis to attend the convention of western association, are loud in their praise of the successful assistance of the minister of labor, and Sir Frederick Borden in bringing an end to the strike. Practically all the men have gained by the strike is one year in the standardization of wages. Orders were sent out over the system tonight to employ to report for duty in the morning. Nothing was mentioned in the final negotiations respecting the pension fund, the men assuming that they will resume the benefits attaching thereto automatically. There promises to be a rush of men to the shops and other services of the company here tomorrow. When sewing hooks on a wash dress, try sewing the hooks on the upper flap and the hooks on the lower, instead of the usual way. The outer flap may then be ironed smoothly.

CARSON FLOOD DIED THURSDAY AT AGE OF 81

For Many Years Head of C. Flood & Sons and Half-century Member of St. John's (Stone) Church.

Friday, Aug. 5. Many learned with regret of the death of Carson Flood, which occurred at his home in Hazen street, yesterday, Mr. Flood came to St. John when sixteen years old and had been a resident of this city sixty-five years, as he was eighty-one when death came. For many years he was in the piano business and later on dealing in fancy goods, being head of the firm of C. Flood & Sons. A few years ago he retired from business and latterly his health had not been good. He passed peacefully away just about noon. In his more active days and continuing throughout a number of years, Mr. Flood was a prominent member of the Liberal party in St. John. He was always a supporter of temperance principles and was actively, though not aggressively, interested in temperance work. Besides his wife he is survived by one daughter, Miss Flood, and two sons, E. H. S. Flood, Canadian trade commissioner in the West Indies, and G. M. Flood, agent of the marine and fisheries department here. The funeral will be held on Saturday afternoon at 2:15 o'clock, from his late home, Hazen street, to St. John's (Stone) church, of which he was one of the oldest members of fifty years. For upwards of fifty years he had been connected with this church, and for a long time served as vestryman.

ST. STEPHEN NEWS

Royal Arcanum Appoints Standing Committees and Adjourns—Social and Personal Matters.

St. Stephen, Aug. 4.—The grand council of the Royal Arcanum closed its sessions last evening and most of the delegates returned to their homes by the C. P. R. this morning. Grand Regent G. H. McAndrews proved a most efficient officer and succeeded in getting through in a day the business of the council which formerly required two days. At the evening session the following standing committees were appointed: Laws—A. N. Charters, Moncton; W. Ferguson, Truro (N. S.); T. A. Masters, Kentville (N. S.). Finance—F. L. Blair, Amherst (N. S.); G. P. Estabrooks, Sackville; W. H. Studd, Halifax. State of the order—T. H. Belyea, St. John; J. D. McKay, Fredericton; H. F. S. Paisley, Sackville. Printing and supplies—Geo. H. McAndrews, St. Stephen; J. Allison, Sackville; C. W. Burney, Moncton. Rev. C. W. Squires, M. A. B. D., arrived in town today to take Rev. Samuel Howard's work for five weeks and will occupy the pulpit of the Methodist church here on Sunday next morning and evening. Rev. Mr. Howard went to St. John this morning and will start from there on the Montreal train Friday evening for Vancouver (B. C.), where he will attend the general conference of the Methodist church of Canada. Mrs. Howard will join him at McAdam and will accompany him to visit friends in the west. Rev. W. J. Howard, brother of Rev. S. Howard, is located near Colborne, Alberta. Rev. L. B. Gibson, pastor of the Presbyterian church, has returned from his vacation and will occupy the pulpit of his church next Sunday.

LOCAL NEWS

Miss Glenn Dunsmore has gone to Halifax, where she will enjoy her vacation with the family of Rev. G. M. Young. Charles Ryder, son of Mr. and Mrs. John Ryder, has gone to Edmonton, Alberta, where he will in future reside. Mrs. W. B. Torrance, of Montreal, is spending a few weeks at Hawthorne Hall. Rev. R. W. Weddell and family, who have been enjoying a few weeks at the Lodge, returned to Woodstock by last night's train. J. W. Sewell returned from his western trip on Tuesday. He has not yet decided to establish a branch of Oak Hall in the west. Miss Marion Black is visiting friends in St. John. Mrs. D. P. Reid and young son, Bancroft, of Marysville, are spending a few weeks here with friends. In the recent severe electric storm which visited this section the house of John Hastey, of Badlie, was struck by lightning and considerably damaged. Miss Bessie Todd, of Calais (Me.), is visiting friends at Millerton (N. B.). Mrs. Upham, of St. John, is the guest of her son, Aubrey Upham. Miss Gertrude Stevens, of Fort Fairfield, is spending a few days in town with Mrs. John M. Flewelling. Mr. and Mrs. J. W. Richardson are enjoying their beautiful new cottage at Oak Bay. The services in Trinity church next Sunday will be conducted by Rev. R. P. McKim, of St. Luke's church, St. John. Calais has a base ball team of which it is justly proud. The Calais Stars will play at Woodstock on Monday next, they will meet the Woodstock team, and they will play at Fredericton and St. John before returning. The Maple Leaf band will have "tag day" next Saturday for the Campbellton sufferers. They will give a concert at the ball game at the park in the afternoon and another at the bandstand on Water street in the evening. At these concerts three young ladies from each church in town will sing. Shortly after the death of George J. Hill, Milltown, J. R. Polley, for the Royal Arcanum, handed his widow a check for \$2,016.21 life insurance. Louis E. Young and family, of Woodstock, are enjoying the cool breezes along the shore of Oak Bay. James Vroom and Dr. M. L. Young have returned from St. John, where they were attending a meeting of the board of general purposes of the capital at St. John. Rev. Dr. F. Vroom, of King's College, Windsor, is spending a few days with relatives in town.

DROPSY IN A BRONZE HORSE

For centuries water has gradually got into the belly of the great bronze horse under Marcus Aurelius in the capital at Rome, so now it has been decided surgically to operate on the horse and draw it off, lest in time the water inside injure the mare and spoil the statue. This seems to be the first case on record of dropsy in a bronze horse. When next served boiled or fried kidney, garnish the dish with a few slices of crisp bacon, sliced lemon and a little parsley.

ST. MARTINS DOING WELL FOR CAMPBELLTON

St. Martins, Aug. 4.—Before any public move was made in the direction of assisting Campbellton sufferers, Mrs. M. L. Cochrane intimated to some of her friends that she would send what clothing she could, and that she would be pleased to receive donations from any of them. The result has been that a party of Mrs. Cochrane's residence has been conveyed into a depot for the receipt of clothing of all kinds. The donations have been numerous and of a character calculated to bring comfort to the sufferers on the North Shore. Mrs. Cochrane will probably make her shipment this week. Her good example is being followed by other ladies, and no doubt much will be sent from here, outside of what will go to Campbellton as the outcome of Monday's public meeting. The solicitors appointed at that meeting are energetically at work, and report that their efforts are meeting with a very generous response.

MADE IN ST. JOHN TO BE FAIR FEATURE OF PRIZES AT GRAND ARRAY OF RIFLE MEET

The products of the manufacturers of St. John are to be given a prominent place in the Dominion exhibition here next month, on a plan being successfully worked out by the booster men of the board of trade. A meeting of these boom men, who comprised the advertising committee of the board, was held last evening and they received a report from a sub-committee appointed to interview the exhibition association to secure space for a "Made in St. John" exhibit. The space has been allotted in the drill hall, a place 100 feet by ten, on the northern side of the building given for the purpose. It is planned to secure space for a group of St. John industrial plants, and the visitors as well as the city people may see what is going on in the manufacturing life of this growing New Brunswick metropolis. There will be appropriate markings and signs and the advertising committee of the board will have a man there to distribute literature and otherwise help to further the objects for which the exhibit will be made. David Magee has been appointed chairman of a sub-committee to interview all the manufacturers so that there will be a general co-operation by the men on whom the success of the showing will depend. Already many have agreed to join in the project and not one has declined.

COUNTY COMPETITIONS CREATING INTEREST

Good Reports On Feature of Agricultural Section of Exhibition—Cash Prizes Total \$350. One of the notable contests in the agricultural section of the Dominion exhibition, Sept. 5 to 15 next, will be the county competitions under the auspices of the Farmers' Department of the association. The exhibit from each of the competing counties will consist of field, garden and orchard products, such as the following: Grasses and other fodders, grain in the 1000 or 1010, corn in the husk, vegetables of all kinds, tree fruits, bush fruits and berries in natural condition or in preservation in glass; potatoes, not less than five of each variety; field roots, not in bunches. The judges in making their award will consider the arrangement and general appearance of the exhibits as well as general excellence. Entries in this competition will close on Aug. 20, and all contesting counties must see to it that their displays are in final position by 6 p. m. Saturday, Sept. 3. R. H. Arnold, who has been for some weeks representing the exhibition association among the farmers and breeders of the lower provinces, reports that great interest has been stirred up in this county contest and not only its novelty and practical value appeal to the rural community but the \$350 in cash awards will greatly stimulate exhibitors to make the best showing possible. The prizes are apportioned as follows: First, \$100; second, \$80; third, \$70; fourth, \$60, and fifth, \$40.

WEDDINGS

Wednesday, Aug. 3. Andrew Wilson. A wedding of considerable interest took place yesterday afternoon at the home of ex-Ald. A. O. H. Wilson, 208 Chesley street, when he gave his daughter, Miss Bessie Mortimer Wilson, in marriage to George H. Andrews, formerly of this city but now a citizen of Calgary (Alta.). The ceremony was performed at 4 o'clock by Rev. E. C. Ford, in the presence of a number of invited guests. The bride was attended by her sister, Miss Gertrude Wilson, and her niece, Miss Bessie Mumfinkin, of New York, acted as flower girl, gowning in a pretty white tulle dress. Arthur Deerness supported the groom. The bride wore a handsome costume of white crepe de chene and a white picture hat with willow plumes. Her sister was attired in white muslin with hat to correspond. After the wedding a luncheon was served following which Mr. and Mrs. Andrews left on a short trip to St. Stephen and Calais before going to Calgary to make their home. They take with them many pleasant remembrances from their numerous friends in this city who remember the bride with presents of silverware, china, furniture and other useful and costly articles.

LITTLE RONALD ROSS IS BADLY BITTEN BY HORSE

Tuesday, Aug. 2. Ronald Ross, the six year old son of John Ross, of St. Patrick street, was painfully bitten about the arm and head by a horse owned by Walsh Brothers, of Clarence street, yesterday afternoon. The little fellow was coming out of the 2 Barkers' store in Brussels street about 3 o'clock and went to cross the street in front of Messrs. Walsh's team, which was standing in the street at the time. The horse caught the boy by the wrist. The little fellow screamed for help but before his cries were heard, the horse leapt on his grip on the boy's wrist and caught him by the forehead, tearing a portion of the skin away and inflicting a severe wound. The boy fell beneath the horse's feet but further injury was prevented by the timely arrival of the driver, who backed the horse away. The lad was carried to his home on St. Patrick street and doctors Berryman and Baxter were summoned. It required five stitches to close the wound in the little fellow's head. Although suffering much pain he stood the operation without an anesthetic.
