If only every father and mother could teach their little ones, their growing ones, the blessedness of the study of the Holy Book, many and many a heart sorrow would never be. Won't you think of this, you who are entrusted with the duty of revealing God to your sons and daughters?

We have sustained a serious loss by the removal from Brampton of Miss K. M. Kirkwood, who for a long time was the valued and loved teacher of the primary class. For the same cause it has been necessary to appoint another superintendent; and it will give great satisfaction to the entire congregation to know that Mr. W. J. Fenton, Principal of the High School, is to fill that office for the forthcoming year.

The Sabbath School is wholly worthy of the best support of the Congregation, and while financial help is both desired and sought, there is another and better way of causing our School to prosper—your presence for Bible study, or your willingness to serve as a teacher. Could you do a better thing for yourself for 1900, this last year of the century that gave you being, than to become a disciple of Jesus the Christ, as He reveals Himself and God the Father, in the lessons set for study for the next eighteen months? Can you afford to NOT go to the Sabbath School?
