Were You Ever Fooled By a Talking Machine?

Did you ever hear one and mistake it for some one singing or playing? Never? Yet that happens frequently to the owners of Edison Diamond Disc Phonographs. Doubt it? Listen to this letter from H. G. Lusher, Halifax.

"Only the other day a lady came to the door when we had the phonograph playing and wanted to know which of us had the lovely voice."

One hundred and more newspaper men have publicly confessed that they could not tell the voice of the Edison from the original voice when they heard them side by side. A trip to our store will let you listen to some splendid records and prove they recreate the original voices. Come.
