

The Ingredients Used In NA-DRU-CO

Medicinal and Toilet Preparations are of the same high quality as those your druggist uses in filling your physician's prescriptions.

The National Drug and Chemical Company supplies the greater part of the drugs dispensed by the physicians and druggists of Canada, and it is probable that the ingredients used by your own druggist in his prescription work came from our warehouses.

From these same warehouses come the ingredients used by our expert chemists in compounding NA-DRU-CO preparations. Every ounce of material used in every NA-DRU-CO article is the best that our skilled buyers can select from the world's markets.

We Can Afford

to use only the very best materials because, buying in immense quantities for our wholesale trade, we get the best crude drugs at rock bottom prices. In our chemical laboratories these raw materials are refined and prepared by expert chemists and subjected to rigid tests both for strength and purity before being used in NA-DRU-CO preparations.

NA-DRU-CO Cod Liver Oil Compound, for instance, is made from the best of materials, by our expert chemists, and is consequently the most perfect tonic. NA-DRU-CO Nervozone is another striking example of the results our skilled chemists get from good ingredients.

ALWAYS LOOK FOR THIS TRADE MARK

We Could Not Afford

to use any but the finest and purest materials in each and every NA-DRU-CO preparation, because on the quality of each depends the future of the whole line. Linked together as they are by the NA-DRU-CO Trade Mark, a single article found unreliable would go far to destroy your confidence in all NA-DRU-CO goods.

Ask your druggist about the quality of the drugs we supply to him—about our facilities for compounding superior medicinal and toilet preparations—about our reliability.

Go a little further if you like, and ask your physician or your druggist what goes into NA-DRU-CO preparations. They can tell you, for we will furnish to any physician or druggist in Canada, on request, a full list of the ingredients in any NA-DRU-CO preparation.

"Money Back"

Furthermore, if any NA-DRU-CO article you buy does not entirely satisfy you, return it and your druggist will refund your money.

If your druggist has not the NA-DRU-CO article you want in stock he can get it for you within two days from our nearest wholesale branch.

A Few NA-DRU-CO Favorites:

Toilet:
Complexion Cream
Talcum Powder
Tooth Paste
Witch Hazel Cream

For Children:
Baby's Tablets
Sugar of Milk
Dyspepsia & Indigestion:
Dyspepsia Tablets

Ointment and Salves:
Carbolic Salve
Stainless Iodine Ointment (3 sizes)
Pile Ointment

Tonics:
Cod Liver Oil Compound, Tasteless, (2 sizes)
Nervozone
Cod Liver Oil Emulsion (2 sizes)

National Drug and Chemical Company of Canada, Limited

Wholesale Branches at:
Halifax, St. John, Montreal, Ottawa, Kingston, Toronto, London, Hamilton,
Winnipeg, Regina, Calgary, Nelson, Vancouver, Victoria.

Many Divorces Due To Drink,

One of the most striking arguments for temperance reform, says Mr. L. A. Brady, is to be found in certain cold, dispassionate statistics issued by the United States Census Bureau. These figures show that intemperance, as either a direct or a contributing cause, was responsible for more than 19 per cent—practically one-fifth—of all divorces granted in the United States during the twenty years between 1887-1906 inclusive. Since at the present rate at least every twelfth marriage ends in divorce, we get a proportion of one home in every sixty-one wrecked by drink. Moreover, the census authorities themselves, according to Mr. Brady, admit that these figures represent only the most flagrant and palpable instances of the part which intemperance plays in divorce, and greater percentages than those actually given would be nearer the truth. The detailed figures as set forth in the census bulletin are as follows:

"Drunkenness was the sole cause of divorce in 36,516 cases, or 3.9 per cent. of the total number of divorces (1887 to 1906). It was a cause in combination with some other cause in 17,765 cases, or 1.9 per cent. of the total number. Therefore, it was a direct cause, either alone or in combination with other causes, in 54,281 cases, or 5.7 per cent. of the total. Of divorces granted to the wife the percentage for drunken-

Cure that Cough— Prevent Another

There is a double benefit in using Mathieu's Syrup of Tar and Cod Liver Oil. It cures, it fortifies; it removes the immediate trouble, drives away the cough, soothes the irritated surface, heals the inflamed membranes and at the same time, owing to its tonic properties, builds up the system as a whole.

Its results are marvellous.

A bottle in the house is a wise precaution.

ness either alone or in combination with other causes was 7.9; of those granted to the husband, the corresponding percentage 1.4.

The attempt was made to ascertain also the number of cases in which drunkenness or intemperance, although not a direct ground for the divorce, was an indirect or contributory cause. The number of such cases was returned as 130,287, representing 13.8 per cent. of the total number of divorces. Probably this number includes these cases in which the fact of intemperance was alleged in the bill of complaint or established by evidence, although not specified among the ground for which the divorce was granted.

"The remaining cases are those in which there was no reference to intemperance, or no evidence that intemperance existed as a contributory cause. In some of these cases the record was so meager that the absence of any mention of intemperance would justify no conclusions. But in the majority of instances it would create a strong presumption that intemperance did not exist or was not a contributory cause."
