

VLIVE 37112.  
I am sure you feel too - that I wish  
your dear parents had lived to witness  
this but do you know I am sure they  
follow us at are rejoicing for you when  
they are - It was awfully kind of  
Mr. de la Cour to let me know - I have  
not heard from him for years - but  
shall now write & thank him -  
I shall <sup>soon</sup> send you a snapshot of  
myself taken this summer which  
every one thinks is very good - I  
have been taking a cure but am  
now back for the winter in Copenhagen  
or rather going back in a few days.  
Thank God peace is there - only  
will it last? - Now of course I suppose  
you will have less time than ever  
to write me - but do if you can please  
- it was not I who broke the link  
I hope you had my card by New Year  
time so you see I has not forgotten  
you - Well at now once more all  
good wishes & best greetings from your  
Aunt through the years Ellen Arensburg
