a very comfortable home here
from all of which we shall
have to sever our connection
and that is why I should have
preferred an appointment to
the Senate now, but if this
cannot be done, then I shall
appreciate none the less, the
very just treatment which I have
received at your hands - If
you will kindly advise me definitely
in the matter I can announce
that I shall not be a candidate
again without giving any reason
until it is permissible, so
that the party locally may
not be prejudiced -

Yours sincerely
W. S. Mead
