

## GREY CHALLENGE TROPHY.

---

With a view to assisting the Minto Skating Club, to encourage and develop figure skating in Canada, and to evolve a National Canadian style, which will combine the best features of the British, Continental and American styles, His Excellency The Governor-General has offered a National Challenge Trophy, delivered in trust, to be competed for annually, under the following conditions:—

Every recognized Canadian Skating Club, or branch thereof, may send one or more teams of four (two ladies and two gentlemen) to the place selected (Ottawa in the first instance).

The Competition to consist of three sections:—

- (a) Individual Skating.
- (b)—Combined Figure Skating in pairs.
- (c)—Combined Figure Skating of four to a centre.

Approximately equal marks to be given for each, and the team securing the highest aggregate number of marks to win the Trophy.

The Trophy will be retained for the year by the Club to which the winning team belongs, and the competition for the following year will be held at its headquarters, subject to conditions laid down.

Each member of the winning team to receive a medal or souvenir from the Club holding the competition.

The first competition for this Trophy will be skated and judged simultaneously in the individual and pair events, with those of the Minto Cup contest of 1910, mentioned on the following page. It will be under the direction of the Minto Skating Club, and under the Gracious Patronage of Their Excellencies the Governor-General and the Countess Grey, at Ottawa, on Monday, February 28th, 1910, weather and ice permitting, otherwise at the earliest date thereafter practicable, of which notice will be given to the competitors who have entered.—(See page 6.)
