

Another pamphlet on "Pastor" Russell

"ALL ABOUT ONE RUSSELL"

By CHARLES C. COOK

The author has collated a number of interesting facts, and has interwoven them with arguments and conclusions that cannot be refuted.

The book contains quotations from the best writers against Russell and Millennial Dawnism, the most valuable of which are long extracts from the famous articles by Mr. W. T. Ellis which appeared in *The Continent* under the title "AN INVESTIGATOR INVESTIGATED."

These give a realistic view of Russell and his tactics. Neatly bound. 48 pages, postpaid. . . . 10c
