## GEN. HAMILTON'S VISIT.

A Noted British Soldier Who Will  
Pay a Visit to Canada.

Toronto, Aug. 22.—Major-Gen-  
eral Sir Ian Hamilton, Chief  
of Staff to Lord Kitchener, and  
who had a distinguished military career  
in South Africa, is coming to Canada  
in September, and would like to meet  
some of the old comrades who served  
with him through the Boer war. In a  
letter to Col. Otter, C.B., General  
Hamilton tells of his proposed visit,  
and while he does not expressly state  
that he will be in Toronto, it is ex-  
pected that he will make a stay here.

General Hamilton's letter to Colonel  
Otter is as follows:

"This is just a line to tell you that I  
have succeeded in getting five weeks' leave  
and propose spending a week of it  
in Canada. I hope to arrive in New  
York on the 19th of September and in-  
tend leaving at once to spend a day  
at Montreal. After that I would go on to  
see Lord Minto and then to Kingston  
College, which the Commander-in-  
Chief particularly wants me to see; Ne-  
agara Falls and back to New York,  
en route for Washington. My reason  
for writing to you is that it is pos-  
sible to tell me if any of the old reg-  
iment who served with me from Israel's  
Port onward live in any of the towns  
I shall pass through, as, if so, I should  
like to take them by the hand."

Major-General Sir Ian Stanish  
Monteith Hamilton, K.C.B., D.S.O.,  
Military Secretary of Headquarters  
since 1901, and also Chief of Staff to  
Lord Kitchener since the same period,  
has had a varied and distinguished  
military career. He entered the army  
in 1873 and served in the Afghan war  
of 1878-80, being twice mentioned in  
despatches, and receiving a medal with  
two clasps, and the Khedive's star. In  
the Burmese Expedition of 1885-87  
he was advanced to the rank of Lieuten-  
ant-Colonel and received his Colonelcy  
in 1891. For his services with the  
Chitral Relief Force of 1895 he was  
made a C.B. He commanded the  
third brigade in the Tirah campaign of  
1897-98. His services in South Africa  
extended from 1899 to 1901, and he was  
present at Elandslaag, at the defence  
of Ladysmith, was mentioned several  
times in despatches, and was promoted  
to the rank of Major-General.

## DEGREE FOR STRATHCONA.

Tendered Him by Senate of Univer-  
sity of Toronto.

The Senate of the University of To-  
ronto at a meeting held yesterday af-  
ternoon decided to offer the degree of  
LL.D. to Lord Strathcona and Mount  
Royal. In case of the acceptance on  
the part of Lord Strathcona, and that is  
considered certain, a date will be ar-  
ranged for the ceremony. This will no  
doubt be left to Lord Strathcona him-  
self to decide upon, but will be during  
his Lordship's visit to Toronto in con-  
nection with the opening of the Domini-  
on Exhibition. A communication has  
been sent from the university authori-  
ties to Lord Strathcona, asking his  
acceptance of the degree. Lord Strath-  
cona officially opens the Dominion Ex-  
hibition on Saturday, Aug. 29, and on  
the evening of that date will attend a  
banquet to be given in his honor by  
the National Club.

The surprising part of it is that  
some people never show their surprise.

## STARTLING CHARGES.

INTERNATIONAL UNIONS IN  
THE WEST CONDEMNED.

One Leader Said to Have Sold Him-  
self to C.P.R.—Alleged Secret  
Political Organization.

Ottawa, Aug. 21.—The report of the  
British Columbia Labor Commission,  
which will be tabled this afternoon,  
contains some startling revelations. It  
shows that the strike of the United  
Brotherhood of Railway Employees on  
the C. P. R., which began in February  
last year, was brought about by the  
headquarters of the organization at  
San Francisco, while the strikes this  
year of the coal miners in the em-  
ploy of the Crow's Nest Pass Coal  
Company, the Western Fuel Company,  
Nanaimo; the Wellington Colliery  
Company, Ladysmith and Union, re-  
spectively, were due to another foreign  
organization, the Western Federation  
of Miners, with headquarters at Den-  
ver.

With respect to the C. P. R. strike  
it was established that the chief organ-  
izer in Canada of the United Brother-  
hood acting in this capacity, had  
sold his services, along with con-  
fidential letters received from the Pres-  
ident of the order, to the railway com-  
pany and acted as one of their secret  
agents, while he still continued to be  
chief executive officer of the order  
for the Dominion. George Estes, Pres-  
ident of the order, exercised an all  
but complete control over the move-  
ments of the striking forces and di-  
rected the entire strike.

The report details at length attempts  
to tie up the steamship service of the  
Canadian Pacific Railway on the Pac-  
ific and the Kootenay Lakes, to bring  
about a stoppage in the supply of coal  
and to effect a gigantic boycott in con-  
nection with the products of all con-  
cerns which even remotely might be  
bringing into business connection with  
the C. P. R. The commis-  
sioners express the opinion that  
the strike of coal miners at Ladysmith,  
which commenced on June 12, and  
affected the coal supply of the rail-  
road, was brought about first by an intrigue  
whereby the Western Federation of  
Miners, in an effort to assist the United  
Brotherhood of Railway Employees,  
sought to tie up the Dunsmuir  
mining properties, on Vancouver Is-  
land, which were at the time supplying  
the Canadian Pacific Railway with  
coal. Upon this point the report says:

"The trouble at Ladysmith would have  
been made place but for the strike  
of the United Brotherhood of Van-  
couver. It originated in the intrigues  
of a few men who, in part consciously,  
in part unwittingly, allowed themselves  
to be used as instruments to serve the  
desires and ends of a handful of dis-  
senting members of the United States  
and who are not in any way amen-  
able to the laws of the country or re-  
sponsible to those of its inhabitants  
whom they succeeded in enlisting in the  
cause of their strike."

The report draws attention to the ar-  
bitrary and inconsiderate dealing on  
the part of the management of the Wel-  
lington Colliery Company with its em-  
ployees and of the manner in which  
they were treated, and gives up re-  
siding at the mines at Extension and re-  
side at the Town of Ladysmith. Com-  
menting on this, the commissioners  
say: "It is just such arbitrary and  
inconsiderate dealing that antagonizes  
employees to their employers, and is  
a provocation and justification  
for the formation of unions."

There was an absence of any general  
desire among the miners at Ladysmith  
for organization or of dissatisfaction  
with the wages or conditions of their  
employment.

The report draws a sharp line of dis-  
tinction between the legitimate trade  
union and "a class of so-called union  
which is not really a trade union at  
all, but a secret political organization."

The latter class are assigned the  
Federal Labor Union, the Western  
Federation of Miners and the United  
Brotherhood of Railway Employees,  
which are in confederation with each  
other and whose leaders were engaged  
in a conspiracy to sweep all the em-  
ployees of the Canadian Pacific Railway  
into the United Brotherhood and all  
coal miners into the Western  
Federation, doubtless with a  
view to being able to stop all trans-  
portation and all mining, and to  
might appear expedient in the ad-  
vancement of the common end. The  
commissioners say that all legitimate  
trade unionism ought to be encouraged  
and protected, but organizations such  
as the referred to should be prohib-  
ited and declared illegal, and there  
ought to be a strict enforcement of the  
law relating to the administration of  
voluntary oaths.

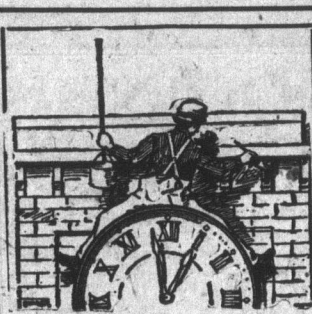

The report suggests that provision be made  
for the incorporation of trade unions with  
a model constitution, and, to protect  
such unions, they propose that it be  
made an offence for an employer to  
discriminate against or discharge any  
member of an incorporated union for  
the reason only that he is or intends  
to become a member of such union.  
Incorporated unions should be given  
the right to use the union labels on the  
products of their manufacture. The  
publication of the unfair or "scab" list  
is declared to be wrong in principle  
and as tending to breach of the peace  
and a contemptuous and high-handed  
attitude. The commissioners think the best  
method of minimizing the danger of strikes  
and lockouts by legislation would be  
found in publication at the earliest stage  
of the trouble.

## A Japanese Challenger.

New York, Aug. 11.—If Lieutenant Com-  
mander Isam Takeshira of the Imperial  
Japanese Navy can carry out his plans,

mander, who came here to see the  
evening of Shamrock III. and Reliance,  
declares he will interest financial men in  
this country to prepare at once for the  
building of a racer to enter the next in-  
ternational races.

## COTTON RING GAINS.

Members Made Seven Millions on  
the July Corner.

New Orleans, Aug. 22.—W. P.  
Brown and his associates, it can be au-  
thoritatively stated, cleared \$7,000,000 in  
their July cotton corner. Dan J. Sully  
was not one of the manipulators of the  
big bull ring. While he made a big  
winning at the beginning of the bull  
campaign, later he thought that the  
time for high-price cotton to decline  
had come, and got on the wrong side,  
losing a great portion of his winnings.  
The combine made \$3,500,000 on the  
actual spot cotton they handled, and in  
the closing out of open contracts,  
whereas it was impossible for the shorts  
at their mercy to avoid being squeezed,  
a sum equally as large.

They bought 250,000 bales of cotton  
at an average of 9 cents a pound. Al-  
though spot cotton is now selling at  
12 1/2 cents a pound, the average sell-  
ing price of the 250,000 bales by the  
clique was 12 cents, or \$3,500,000 gain  
on the spot cotton. The cotton they  
bought for \$11,250,000 they sold for  
\$15,000,000.

## STEAMER CAROLINA ASHORE.

R. & O. Boat on the Rocks Near  
Tadoussac—Passengers Landed.

Quebec, Aug. 22.—A despatch from St.  
Catharines Bay, opposite Tadoussac, states  
that the R. & O. steamer Carolina ran  
ashore in a dense fog at Pese Pierre, in  
the River Saguenay, six miles from Ta-  
doussac, last night. At the time of the  
accident there were 317 passengers on  
board. The steamer, which was going  
slowly when she struck, ran at low tide,  
for half her length on the rocks, and  
at an angle of 65 degrees, her stern  
being under water. Many of the pas-  
sengers were landed in boats, and the  
remainder were able to walk ashore. A  
steamer was sent there to bring the pas-  
sengers to Tadoussac. If calm water con-  
tinues, there is a probability that the  
steamer will be floated.
