

Diamond Engagement Rings

THE engagement ring represents one of the biggest moments in a woman's life, whether the stone be small or large, she likes to feel that it is perfect in colour and without flaw. Because of this, it is just as well, unless one is an expert, to place the matter in the hands of a house of acknowledged standing.

All the diamonds shown on this page are of uniformly high quality. In the whole range, from \$25.00 to \$500.00, the difference in price depends solely upon the size of the stone.

These eight rings are an exceptionally fine showing of hoop engagement rings. The prices you notice range from \$75 to \$400. All settings are all in the Invisible platinum Crown Head set.

This set of fine solitaire diamond rings comprises a selection from our regular stock, including an all Invisible platinum Crown Head setting.
