Tell Others of Your Stock Many of your breeders have stock equal to the best. But many of you seem to choose to "hide your light under a bushel," as it were, rather than tell others about it, through advertising in Farm and Dairy. How can you hope to get to the top that way? Buyers who want your stock will never know about it! The Holy Bros. of Springfield, Ont., in their illustration, in the Illustrated Supplement, this week, are telling you of what they actually do and what it actually does. You like this display don't you? It will bring their splendid results, and will have a far-reaching effect for them for years to come. You may not have a bunch of cattle like these to talk about. You cannot afford, however, not to tell the 10,000 dairy farmers who read Farm and Dairy about what you have for sale. Your stock should be advertised regularly in Farm and Dairy, from week to week, during 1911. Send us your advertisement now, to start in the first issue of the New Year. Write our Advertising Department about it now.

SEED EXHIBIT AT OTTAWA

There is a good deal that can be said in favor of home grown, acclimated seed at the Winter Seed Exhibitions. It is for farmers who are willing to pay satisfactory prices for the right kind of seed. These exhibitions bring the buyer and seller together, and the buyer has a representative of the bulk lot the seller has for sale. It is an advantage to both grower and buyer to patronize the Ottawa Winter Fair. Entry forms and price lists D. T. Elderkin, Ottawa, Ont. In the prize list for seeds there are 15 sections and the
