

OUR FARMERS' CLUB

Interdependence Invited

ONTARIO

LEEDS CO. ONT.

ATHENS Dec. 22.—Since Walter H. Smith, B.A., representing the Ontario Department of Agriculture to Leeds and Grenville, became established in Athens, the influence of his good work in the interests of agriculture has been felt in many directions. The benefit of his advice and practical instructions has been enjoyed by a number of progressive farmers in the section. One of the recent features of his work has been the short course in judging live stock held at Leeds on the 16th and 17th. These courses have been very well attended, there being from 80 to 150 persons present at each of the classes.—Brookville Times.

LIBERTON CO. ONT.

KITIMONTI, Dec. 12.—There has been a nice spring weather during this month; very little snow or cold. Cattle came off in grass in good shape. There are some reports of feed being scarce, also of potato rotting in the cellar. Those who sprouted linen on their potatoes say it is a success. Poultry are selling well. It is a success. Turkeys, 16; chickens, 23; geese, 16; fowl, 16; beef, 7.10; pork, 16; to 16; butter, 23 eggs; potatoes, 90 a bag; hickies, 16.—J. & T. OXFORD CO. ONT.

WOODBINE, Dec. 23.—We have some steam, but not enough for heavy hauling. Number of the farmers have sent for ear load of cotton seed meal for feed. It is good feed. A great many are getting winter dairies. It pays better than summer dairying. Butter, 34 to 35; eggs, 40 to 45; hogs are selling at 17.75; good beef cattle are very high horses to quiet just now, store cattle are very hard to get, and very high in price.—A. M. McD.

HURON CO. ONT.

BLVET, Dec. 23.—Fall work was pretty well completed. There is just enough snow now for sleighing. Many are taking advantage of same to do up odd jobs. Christmas traditions very poor. Eggs are going down little. Horses seem to be in very good sound at big prices. Feed is going to scarce.—R. E. MIDDLESEX CO. ONT.

LAMBTON CO. ONT.

LAMBTON Dec. 23.—We are having good sleighing for the holidays, which adds wonderful pleasure to the joyous season. Threshing, all finished; the last to be completed was the clover. It yielded rather poorly, while the seed is an inferior quality. Some of the farmers have had good success from raising turkeys this year and as the price was 0.15, their returns were above high-water mark. Two most branches of the rural mail starts far here shortly, adding a great convenience for the use of farmers. All kinds of farm produce sells at good figures, and even one appears to have abundance.—J. O. BRITISH COLUMBIA. NEWFISTON DIST. B. C. CHILLILACK, Dec. 16.—We are having splendid weather for this time of the year. The snow is surrounding mountains is high. It has been for years. The grass is all growing. The Fraser River has been the lowest ever known since white water came upon it.—J. C. HOLSTEINISTS FROM DECEMBER 1ST TO 14TH

HOLSTEINISTS FROM DECEMBER 1ST TO 14TH

- 1. Dutchbe Kol Olanality, 5667, at 5y. 6m. 23d; milk, 41, 536 lbs.; fat, 17.91; equal to 22.84 lb. butter. Owner: Alias Ruby, Tavistock, Ont.

8. Lorena De Kol Olanality, 15,877, at 2y. 6m. 11d; milk, 385.1 lbs.; fat, 8.44 lbs.; equal to 10.55 lb. butter. Owner: W. O. Frouse, Tillsonburg, Ont.

Holsteins

Holstein cattle have been growing in popularity for years. They will continue to grow in popularity for many years to come.

Perhaps, dear reader of my advertisement, you are one of those who believe that the end is in sight for the popularity of Holstein cattle. That case you will be wise to look into the question and to study it with an open mind and without prejudice.

- What are the facts of the case? There are many Holstein cattle giving from 20,000 to 25,000 lbs. milk in one year. They are giving upwards of 1,000 lbs. of butter in one year. These are pure-breds, carefully handled.
Grade herds of Holstein breeding have been discovered throughout the country, giving as high as 17,000 lbs. of milk in one year. Several big herds of pure bred Holsteins in Ontario have been known to average over 3,000 lbs. of milk through a single lactation period.
Where can you find another breed of cattle to equal these records here made by Holstein cattle?
I am sold right out of young stock and bull calves from my great herd bull "Prince Hengerveld of the Pontiacs." I am now looking orders for the coming crop of calves. Do you want one? Write me, or...
Come and see my big herd and get the selection you want. I have individuals that will make you an excellent foundation for a herd of pure bred Holsteins. I will have in the course of a few weeks bull calves that when matured will mate to your advantage with your grade cows of one's. Bear in mind that I price my stuff reasonable, so that it will make you money.

MOLASSINE MEAL advertisement featuring a central logo with a horse and rider, surrounded by text: 'Take your worst horse, the one that eats his head off and yet doesn't gain flesh, feed it for a month with MOLASSINE MEAL. Molassine meal cut down the oats by half and replace that half with MOLASSINE MEAL, well mixed with the oats. Do this regularly 3 times a day for a month and see what a change it will make. Try it on your cattle in the same way. Milk cows will give more milk and for a longer period. Pigs will be ready for the market three weeks earlier than when fed on any other food. Livestock fed regularly with MOLASSINE MEAL will fatten quicker on less food. Working horses will be better and more work and will eat chaff from the harness as much. Be sure you get the Genuine MOLASSINE MEAL. Every bag bears this Trade Mark. Buy it from your dealer or write direct. THE MOLASSINE CO., LIMITED, LONDON, ENGLAND. Distributors for Canada, L. C. PRIME CO., LIMITED (St. John, N.B. - 402 Board of Trade Bldg., Montreal - Pacific Bldg., Toronto).
