

Lump Jaw

The first remedy to cure Lump Jaw was

Fleming's Lump Jaw Cure

and it remains today the standard treatment, with years of success back of it, known to be a cure and guaranteed to cure. Don't experiment with substitutes or imitations. Use it, no matter how old or bad the case or what else you may have tried—your money back if Fleming's Lump Jaw Cure ever fails. Our fair plan of selling, together with exhaustive information on Lump Jaw and its treatment, is given in Fleming's Vest-Pocket Veterinary Adviser. Most complete veterinary book ever printed to be given away. Durable, bound, indexed and illustrated. Write us for a free copy.

FLEMING BROS., Chesham, 75 Church Street, Toronto, Ont.

Cooper Dip

ONE DIPPING KILLS ALL TICKS

and keeps SHEEP free from tick attacks. Used on 250 million sheep annually. Increases quantity and quality of wool. Improves appearance and condition of flock. J. H. Patrick & Son,
Ilderton, Ont.

MORRISTON TAMWORTHS AND SHORTHORNS
Bred from the prize-winning herds of England, have a choice lot of young pigs, both sexes, pairs not akin; and also the dual-purpose Shorthorns. Satisfaction guaranteed. C. Currie, Morriston.

Edith and Flora were spending their summer vacation in the country.
"Do you know?" said Edith, "that young farmer tried to kiss me. He told me that he had never kissed any girl before."

"What did you tell him?" asked Flora.
"Why," replied Edith, "I told him I was no agricultural experiment station."

Interstate Inspection Regulations.

It is ordered that the Regulations of the United States Secretary of Agriculture governing the inspection, disinfection, certification, treatment, handling, and method and manner of delivery and shipment of live stock subject of interstate commerce, be amended so as to read as follows:

Regulation 20.—In States, or portions thereof, quarantined by the Secretary of Agriculture, for scabies in cattle, no cattle shall be shipped or moved interstate therefrom for purposes other than immediate slaughter, except as herein-after provided for, unless dipped in a permitted dip, under the supervision of an inspector of the Bureau of Animal Industry. Cattle originating on ranges, pastures, or premises which have been cleaned of scabies under the supervision of a Bureau inspector, or co-operating State authorities, or which have been determined by a Bureau inspector or such co-operating State authorities to be free from scabies infection by investigation made at the owner's request, and at a time best calculated to ascertain the actual conditions, may, on inspection and certification by a Bureau inspector, be permitted to move interstate for any purpose. However, subsequent infection or exposure thereto of such excepted ranges, pastures, or premises, by the introduction of cattle from infected or uninspected territory, shall again subject them to the necessity of reinspection or investigation, as the case may be.

Gossip.

The noted cow, De Kol Plus, consigned to the recent Holstein sale at Belleville, Ont., and purchased by Harry Workman for \$880, was the next day bought by F. R. Mallory, Frankford, for \$900.

J. H. Patrick & Son, Ilderton, Ont., breeders of Hampshire swine, report sales of \$1,000 worth of brood sows during the last 30 days, and are now sold out, with the exception of a number of choice boars of serviceable age. See the change of advertisement in this issue.

The stock which John Miller, Jr., of Ashburn, is offering, is nicely bred, and the kind that is always in demand. The mares are matched pairs, with the right kind of limbs. The ponies are the sort which are hardy on every farm, and a great deal of pleasure can be taken out of them by people in town and city. The bulls are fit to head any of the best herds, as they are choice, both in breeding and quality. See the advertisement in another column.

SPECIAL PRIZES FOR TORONTO FAT-STOCK SHOW.

In order to encourage in a substantial way, the production and marketing of desirable grades of live stock, Gunns Limited offer the following special prizes to be competed for at the Fourth Annual Toronto Fat-Stock Show, to be held at the Union Stock-yards, Toronto, on Saturday and Monday, December 6th and 8th, 1913:

1.—\$100 in cash, for the best carload of 15 butchers' heifers, without horns, any breed, 1,100 pounds and under. To be judged with due regard to quality, general uniformity, and suitability for market demands. To be owned by exhibitor 30 days before the opening date of this show.

2.—\$100 in cash, for the best carload of 50 bacon hogs, to range from 180 to 220 pounds. To be owned by exhibitor 10 days before opening date of this show.

3.—\$50 in cash, added prize for grand champion, pure-bred, grade, or cross-bred steer or heifer.

All entries to be subject to general rules of Toronto Fat-stock Show.

This is the kind of encouragement our breeders and feeders need to bring our country to the proper place as a stock producer.

There's a right way

to protect your barn and its valuable contents—and a wrong way!

Perhaps you have the right kind of a roof; possibly you have put a metal roof on your barn.

But if you haven't, let us explain why you should; how you can save money by doing so; and just how you ought to go about it in order to ensure the best results.

We have important information for every farmer on this important subject of barns. If you will write us, we'll send this information free—together with samples, catalogues and plans, showing in the simplest possible form the process of roofing your barn with Galt Steel Shingles.

A little investigation now may save you hundreds of dollars later on. Possibly you've been "putting off" the "putting on" of that new roof because you thought it would cost too much to do it right.

Don't believe that until you know it's so. It will only cost you the price of a post card to find out definitely what it will cost, and to gain an accurate idea of the ultimate saving to you of putting on the right kind of a roof right now.

So send that post card to-day to
