At the Quinquennial Divison on the close of 1876, the holder elected to take his profits by way of Temporary Reduction of Premium, and has had the benefit of the same.

This Policy-holder will, at the ensuing Quinquennial Division, after the close of the present year (1881), have a Temporary Reduction for the ensuing five years \$978, equal to 4681 per cent. of the annual premium.

The cash profits for the five years are \$42-83, equal to 41 per cent. of the premiums paid during that period.
