Continued from Page 19

came. Our day, September 29, was unsurpassable for the occasion. The result was a very successful fair. The local skating rink had been kindly loaned for the occasion and proved to be a very satisfactory fair building. Contributions of money had been collected from farmers and merchants interested, with the result that prizes of from 50 cents to \$3.00 were offered for the best of each exhibit, and in many cases there were as many as five prizes for a contest, ranging from 25 cents to \$3.50. The fair was a great success, long rows of poultry coops stood in conspicuous places with their fat and healthy prize winners. There were three pens of pigs, six pigs in all. Piles of fodder corn and bushels of potatoes stood inviting inspection from the casual passerby. But perhaps the best of all were the boys' milk stands, feeding troughs, poultry crates and feeding racks, fresh from the amateur workshops. On the long tables was the girls' work, namely, fine light loaves of bread, delicious preserved vegetables, and articles of sewing which would almost cause you to wish you had them on.

No doubt the chief attraction of the day was the plucking contest in which fourteen members were engaged. The feathers showered down in clouds, and to the contestants it seemed no time before the victory was made known. A little girl was the winner, having perfectly plucked a chicken in four minutes. The chickens for plucking were voluntarily donated and auctioned off publicly, bringing the sum of \$7.00 for the Patriotic Fund. A 10 cent tea put up by the club girls was greatly appreciated and realized a profit of \$9.00 for the Patriotic Fund. Evening coming on the club organizer and the judges thanked the boys and girls for their work and credited the fair as a great success. The crowd then dispersed.

STANLEY McPHAIL, Age 16, Belmont, Man.

Result of Competition

Following is the result of the competition for essays on Boys' and Girls' Club work:—Essays on "Our School Fair" were placed: 1, Elsie Hamilton, Kelwood, Man.; 2, Edith M. Averill, Glenwilliam, Man.; 3, Clarence Foster, Lena P.O., Man. Essays on "Our Own Club": 1, Stanley McPhail, Belmont, Man.; 2, Annie Taylor, Box 2, Oak Lake, Man.; 3, Reggie Meeks, Mannville, Alta. Essays on "My Own Experience": 1, Bert Paffen, Balmora, Man.; 2, Milton Harvey, Lurban, Man.; 3, Ernest Gustafson, Glenwilliam, Man. All of the essays sent in were very creditable, but special mention must be made of those sent in by some of the pupils of the Gracys Hill School. These described the district club fair at Minnedosa, and only lack of space keeps several more of these from being published.

It is not safe to depend upon using for seed grain which is to be threshed this spring.

OLD BASING JERSEYS

A Herd not exceeded for production by any in Canada. Drop a post card for a list of 36 Cows which have been through a year's official test. You do not have to take my word for what the cows have produced. C. A. JULIAN SHARMAN, Old Basing Farm, Red Deer, Alta.

SEEDS

WILL YOUR OWN SEEDS GROW? In testing for germination, samples of both Oats and Barley sent us by customers, we had that some only show 15 and 20 per cent. germination, and many others while they show larger are decidedly lacking in vigor of germination, indicating frost injury. We suggest you test your oats and barley. If you do not care to do it yourself, we will be pleased to test them for you free of charge. Better be sure than sorry. If interested in thoroughly tested seeds—specially grown, pedigreed stocks, our free catalog tells more about them.

HARRIS MCFAYDEN COMPANY, Farm Seed Specialists - WINNIPEG, MAN.
