Pictorial Review Service

The Grain Growers' Guide has been fortunate in securing the exclusive use of the Pictorial Review Pattern Service for the West. These shows on this page are especially prepared for women readers of The Guide. Pictorial Review Patterns are of par excellence and need no commendation. When sending your order please be careful to state bust or waist measure for adults, age for children and the number of the pattern described. Allow ten days after the receipt of your order for filling. Address all orders to Pattern Department, The Grain Growers' Guide, Winnipeg, Manitoba.
