Four Passenger Sport Model

**Smart Economy**

Come in and see this car.  
It has the smartest style of any car ever produced to sell at so low a price.  
In fact it is the only smart sport model among low priced cars.  
And it is as economical as it is smart.  
The motor is a wonder—smooth—lively—powerful—yet with a very low consumption of gasoline and oil.  
It has cantilever rear springs which make it exceptionally easy riding and easy on tires.  
The unique seating arrangement provides comfortable room for four large people.  
And it is just as comfortable for a big man as for a little woman to drive for the front seats are adjustable forward or back.  
Five wire wheels are included in the price.  
Come in and look it over.

**Will Class One Provide The One Hundred Thousand Men?**

It will be greatly to the advantage of Canada if the entire quota of 100,000 men to be raised under the Military Service Act can be secured from the first class; that is, from the men between the ages of 20 and 34 who were unmarried or widowers without children on July 6th, 1917.

This is almost self-evident for the following reasons:

It is admitted that, between the ages of 20 and 34, the average man is at the height of his physical strength and is most adaptable to the change of conditions from civilian life; the military service of unmarried men and widowers without children would occasion less distress than that of most others, since they are largely without dependents. Also, it would entail less financial burden for Canada, through separation allowances, etc.

Authorities estimate that, after all proper exemptions have been allowed, Canada should be able to produce from the first class 100,000 men fit for service, so the drain upon the man power of the country will not be severe.

Members of Class One will be well advised to present themselves for examination immediately to the Medical Board in their district. Upon examination as to their physical fitness, they will be placed in one of the following categories:

- Category A—if fit for service in overseas fighting units.
- Category B—if fit for service overseas in Army Medical Corps, Forestry Battalion, etc.
- Category C—if fit for service in Canada only.
- Category E—if unfit for military service of any nature.

If not placed in Category A, the applicant will know that he is not liable for immediate service, but will go to the Post Office and send in a claim for exemption with his Medical Certificate attached, when he will receive in due course a certificate of exemption until those in his medical category are summoned for service.

Where a man, who is placed in category A, feels that exemption should be allowed, an application form can be secured from the postmaster. This form, when filled in, will be forwarded by the postmaster to the registrar of the district, and the applicant will be informed by mail as to the time and place for the consideration of his application by the Exemption Board.

Issued by The Military Service Council.

**An Unusual Election.**

The federal election which will be held some time during the coming winter will be different from any election heretofore held in Canada.

The Union or War-time Government will appeal to the electors for a parliament which will support it—approve of it. Whatever opposition there will be will be made up of such elements in the country as are opposed to a vigorous prosecution of the war.

It is likely that throughout Ontario, the eastern and the western provinces nominations will be made by the two old party organizations, but in most cases it may be expected that the candidates put forward by both will come out in favor of the union government; so that with the electors it will be a matter of choosing between two men who favor the same party and the same policy. This is very much better than having a bitter party fight in war time, and is one of the great advantages attending the formation of a union government.

Some folks can't see why motorists never seem to think of stopping to pick up a pedestrian who is going the same way. The fellow who doesn't own a car thinks that if he had one, he'd have it filled all the time. Well, the reason is that thoughtful motorists know that folks don't walk half enough and don't get a chance to walk when they want to. The other morning, a city man had a bad taste in his mouth and thought he would walk a mile on his way to the office, but he hadn't gone two blocks when a car drew up beside him and the owner told him to jump in. He would rather have had his walk, but not to seem ungracious he took the ride and saved a street car ticket, but he had to buy a box of scullitz powder afterwards.

While the coal famine holds sway the churches might consolidate for the winter, a sort of prelude to church union.

**WINNER OR WASTER - Which are You?**

On a recent occasion the Honorable the Minister of Finance for Canada, in addressing a representative Canadian audience, dealt with the urgency of every citizen doing, even in the smallest way, their share towards aiding the Empire.

It is well to remember that every dollar thrown away extravagantly does one hundred per cent. more good to the enemy than one dollar saved by ourselves.

The wealth of the world finally filters through individual dollars, and if the curse of extravagance strikes deeply enough, our ruin is bound to follow.

Save a dollar TO DAY and do a hundred per cent. more for the Empire than your extravagant neighbor does for the enemy.

Interest to Depositors at 3 per cent.

The man in five only, coming within the first class of recruits, will be called the colors, under the Military Service Act. Estimates show that at the present time there are 493,187 bachelors in Canada between the ages of 20 and 34. Consequently out of every five men in class one only one is married.
